

## Quandary Mounting Template

### Directions for using this template:

Quandary has 2 base pieces.

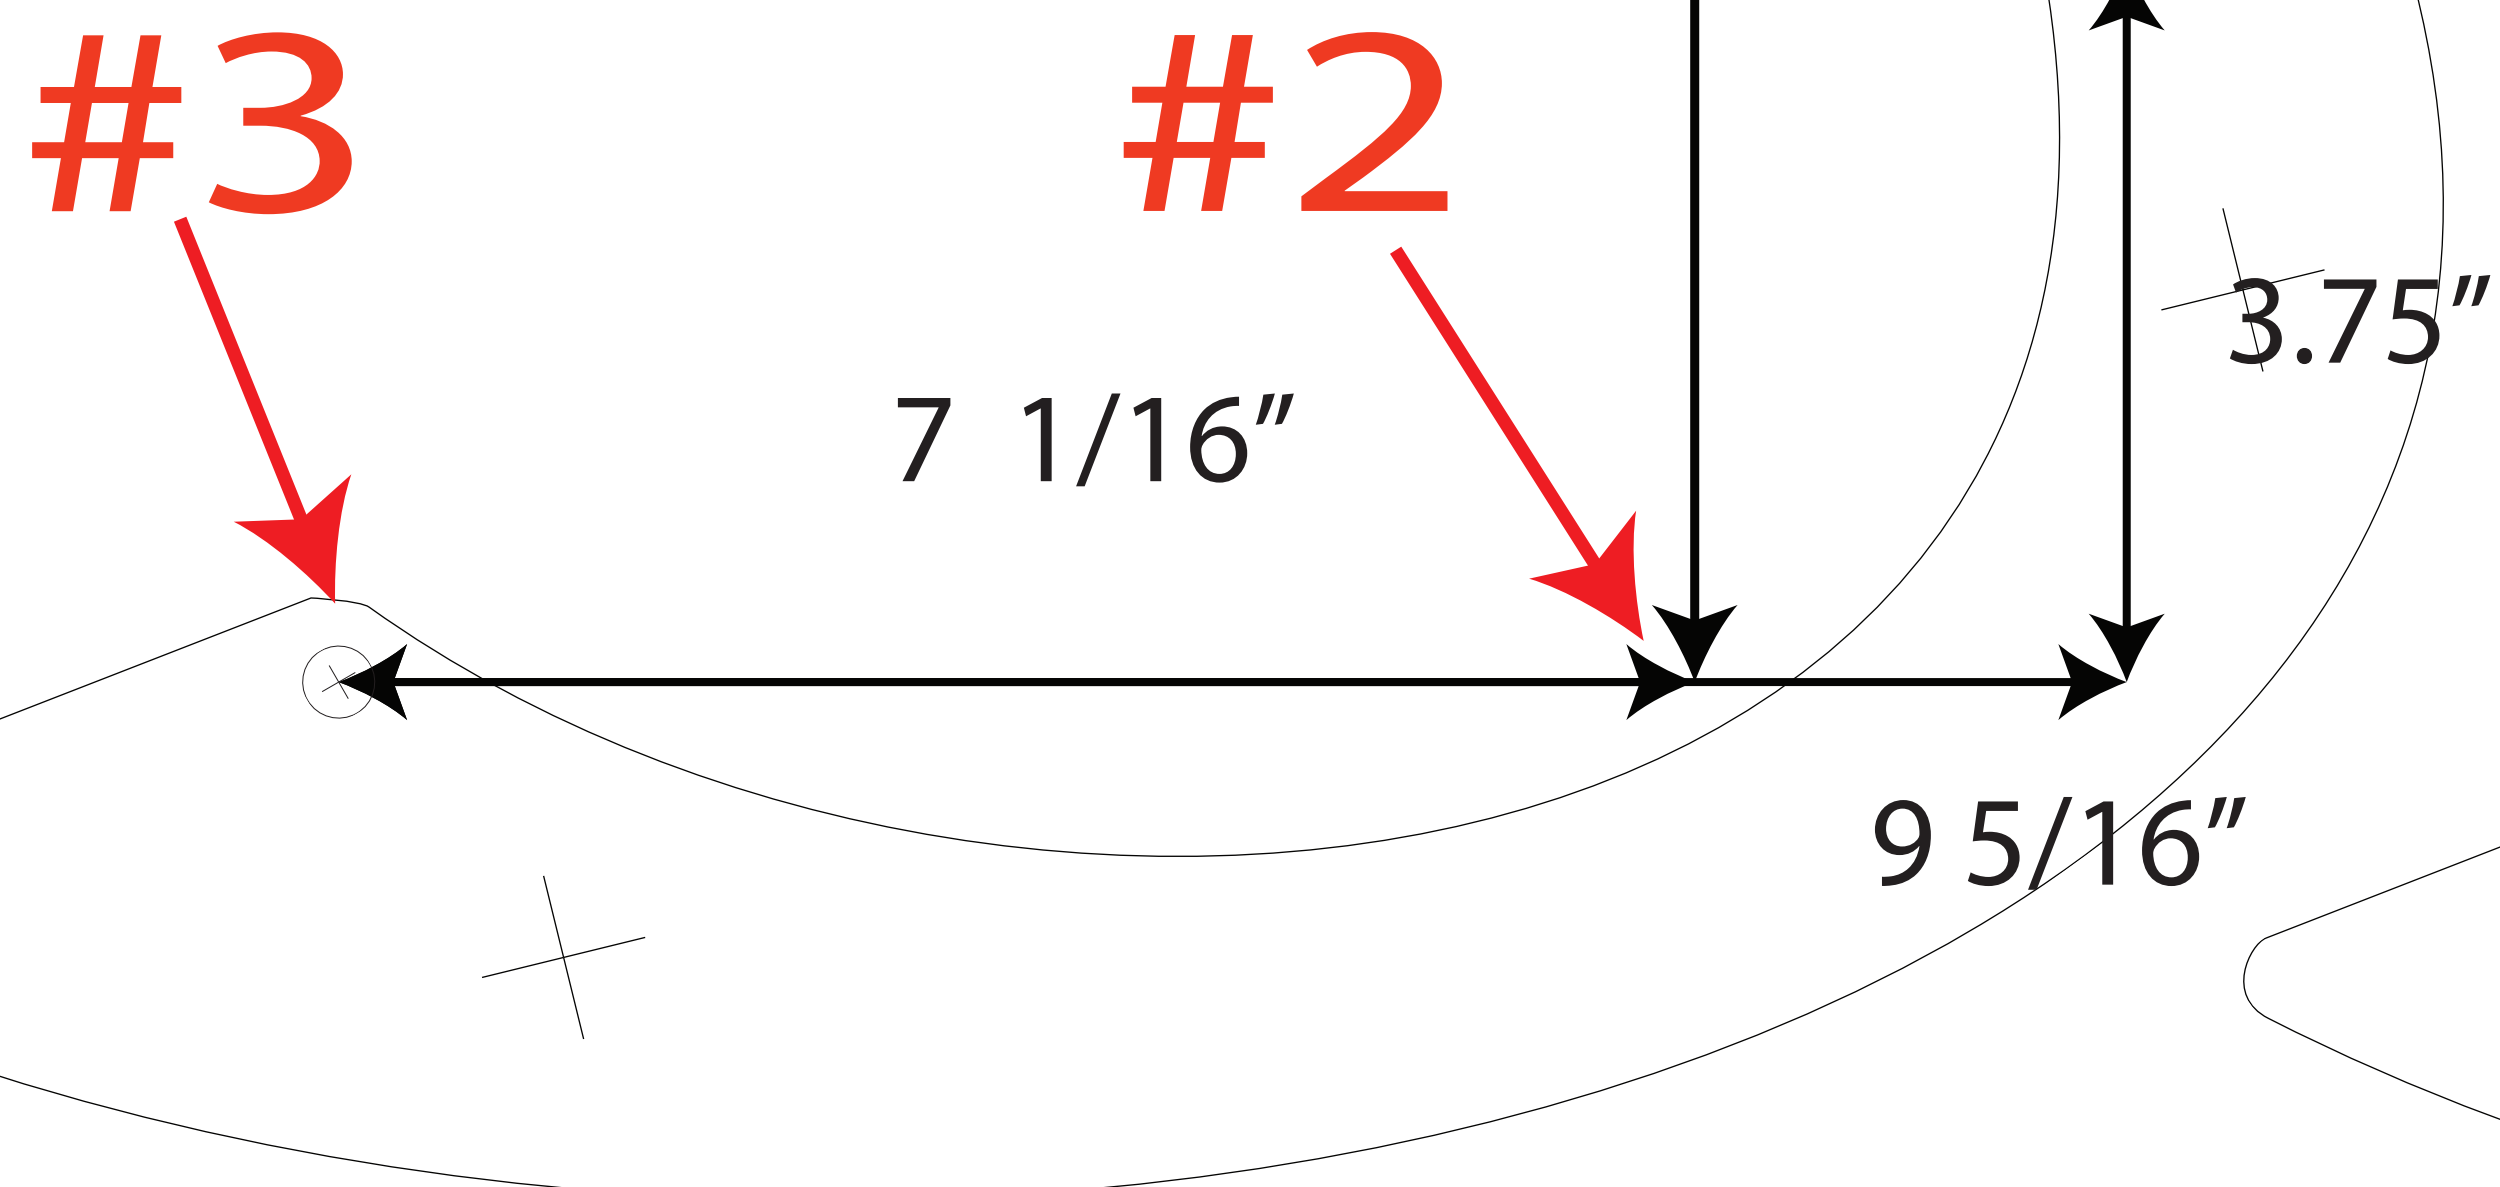

Mount the round top piece first.

1. Start at the location for the top hole # 1 on the diagram. Mark that on your wall.
2. Use a level or a weighted string to determine a true vertical line descending from that point.
3. Measure vertically down that line to point #2 and mark it.
4. Use a level or a square to establish a horizontal line at that point.
5. Measure along both lines to locate point 3 on the bottom base and point 4 on the top base. (Note - the top base is different depending on edition number.)
6. Temporarily install the sculpture using two points on each piece. Mark the other mounting holes with the sculpture in place.
7. Remove the sculpture. Install the appropriate anchors and permanently remount the sculpture on the wall.

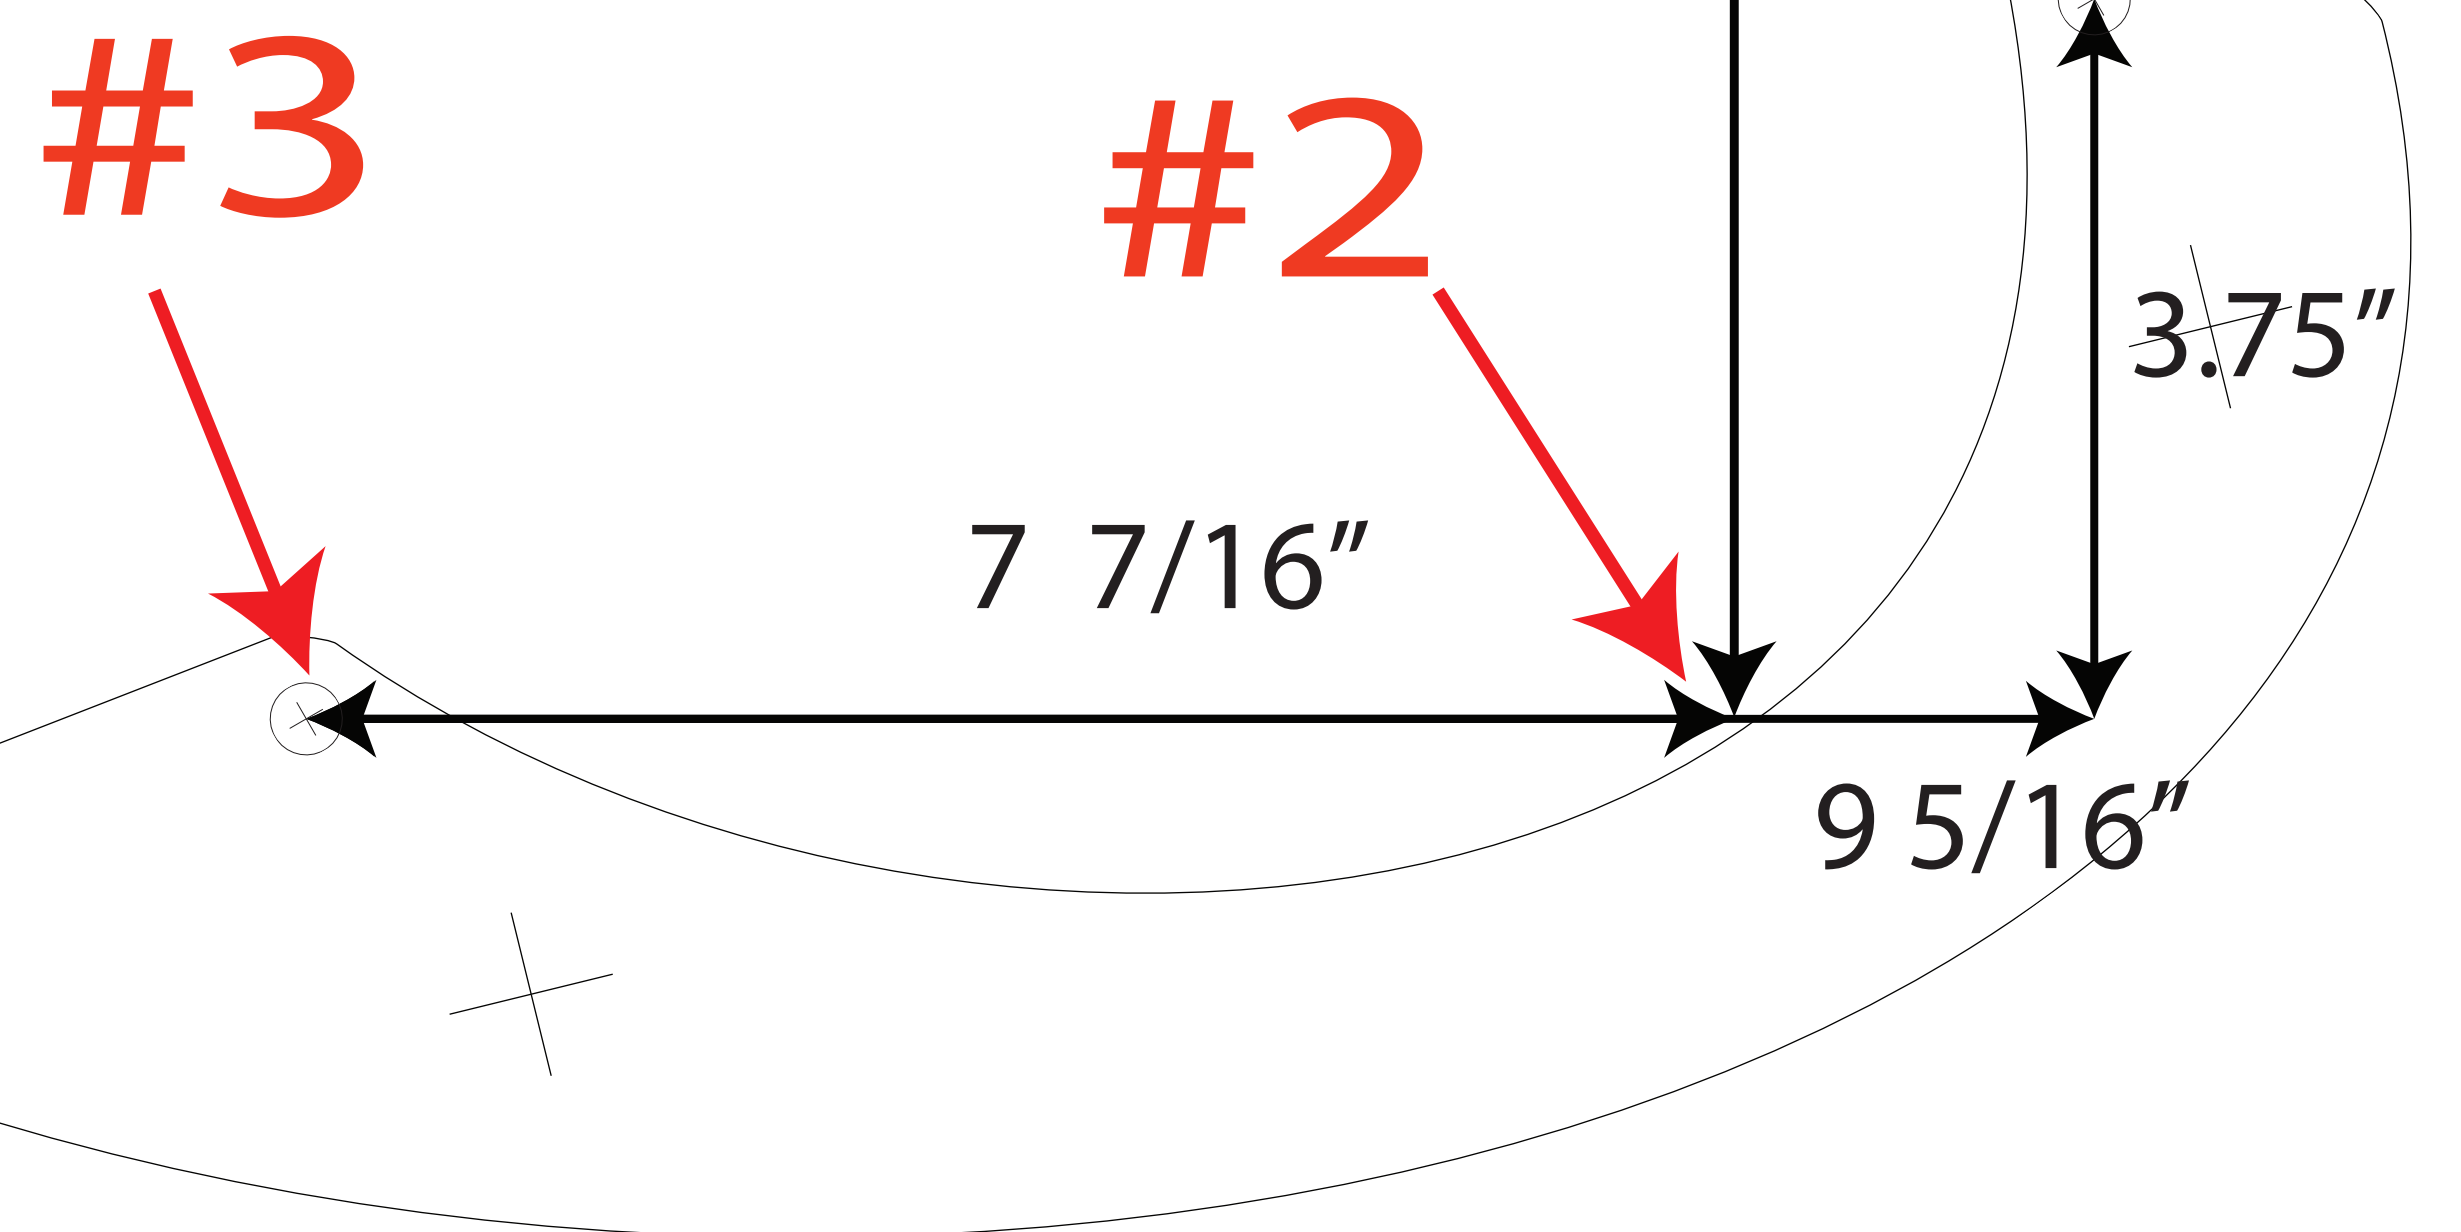

18 3/8"

19 3/8"

Note: Total distance from top hole #1 to #2 point is 19 3/8". It is 1" from point #1 to Point #4 and 18 3/8" from #4 to #2.

for Quandary  
#1 to #47

for Quandary  
#48 and higher
