December 2018

Agents of Change: Field Report

The Dean's List Award

The Dean's List award is granted to FIRST robotics participants who show a great example to all others and represent the FIRST values of gracious professionalism. This is a highly prestigious award that is voted on by the team's mentors. Each high school robotics team is allowed to nominate two students for the award. Each year. Nominees will compete across Michigan for this award at our upcoming competitions. The FEDS Dean's List Nominees for the 2018-2019 season are Nikhil Gupta and Debbie George, both juniors at RHS. Congratulations to Nikhil and Debbie for representing FIRST robotics and RHS with distinction.

Christmas Parade

The annual Rochester Christmas parade took place on December 2nd. The FEDS had lots of fun waving to the crowd and screaming chants. We started at Stoney Creek high School and ended on 4th and Pine. The Feds went through the parade along with the Stoney Creek Cyber Cats and the Adams Adam Bots.

Drive Team Auditions

We recently had our auditions for the drive team. We had a lot of people that participated which made it extremely hard to choose the people to drive our robot. The people who will be chosen are the people who will lead us to victory at the competitions. We will all be cheering them from the stands. Being a part of the drive team requires high skill and requires you to be able to work well under pressure.
