

FEDS 201

Agents of Change: Field Report

JANUARY 2019

Chairman's and Safety Awards

In FIRST Robotics, the Chairman's Award is one of the most prestigious awards that honors commendable acts in the community and encourages the spread of STEM education. The FEDS are working towards not only starting and supporting teams at neighboring schools (West Middle School and Brooklands Elementary), but also hard at work designing and building a competitive robot. Similarly, our award-winning Safety Team is working towards innovative ways to promote safety in the work environment by developing a virtual scavenger hunt and consulting area physicians. As Agents of Change in the community, the FEDS aim to encourage fun and innovative approaches to STEM learning.

Kickoff launched the 2019 season of the Deep Space game. Go to firstinspires.org for more information on this year's game!

Upcoming FEDSraisers!

The FEDS are holding a FEDraiser on Saturday, January 26th, 5-9PM, at Chipotle (Village). [This flyer](#) must be shown and our team will receive a portion of the sales.
