

The Mob Museum

Located in the heart of downtown Las Vegas, The Museum is housed inside the restored former federal courthouse and U.S. Post Office, one of the few historically significant buildings left in all of Las Vegas. It's a part of our city's history, and it could be your perfect venue. Not to mention, when you host an event here, you'll get to mix and mingle right in front of our exhibits – a thrilling setting for everyone involved.

The Mob Museum provides a unique and fun setting for you and your guests to discover the history of Las Vegas and organized crime.
