

Las Vegas Distillery

Las Vegas Distillery is the first distillery in the history of Nevada. George wrote the Nevada Craft Distillery Bill draft, which was signed by Governor Sandoval on June 10th, 2013 and put down the basics of this unique industry in Nevada. Come and visit our urban traditional artisan "grain to bottle" family distillery, feel the steam heartbeat of the two beautiful pot stills, "The Las Vegas Copper Angels", smell the fresh ambrosia of the fermented mash and listen to the peaceful breaths of the sleeping barrels. You will arrive as a Guest but you will leave as a Friend for a lifetime...

The Distillery has a very unique space for your next event! Experience Las Vegas' only working craft distillery. From private parties to fun weddings, memorable birthdays and workshops and corporate events, B With a Twist Catering has created the perfect menu to pair with these amazing spirits.
