UNION COUNTY ABSTRACT COMPANY Official Abstracter for Union County

Abstracting of titles began in Union County as early as 1879 and the first abstracter was probably T. J. Woodside, a Real Estate agent of Elk Point. At some time around 1885 J. H. Bryan, an attorney began abstracting and continued into the early 1890's. J. M. Compton, Jerome Mangan, The South Dakota Abstract Company whose abstracts were signed by Truman Ames, Geo. C. Kimmel and Andrew Ring originated in the 1890's.

James Walsh began abstracting as early as 1903 and eventually bought the tract book of J. M. Compton and the South Dakota Abstract Company. He incorporated as the Union County Abstract Company. After his death in 1930, Stella Fox operated the Company until its sale in June of 1950 to Frank S. and Clela G. Stickney, present abstracters.
