Team Award: A civil war era canteen was donated to be used as the trophy for this event. The lowest combined team score for boys and girls gets to take the trophy. For example, if the boys team places 2nd and the girls team places 3rd the combined score is 5 – lowest score wins

*If there is a tie than lowest team points will take the trophy

*Total of both pushers will be used if there is still a tie

History: The canteen trophy was donated by the Union County Historical Society (Dean Chadwell). Doug Adams from Beresford made the stand that holds the canteen – the wood for the stand came from a barn in rural Union County that was well over 100 years old.
