All Ministry of Football coaches are DBS checked. The Child Protection Policy and Codes of Conduct are available on the Child Protection page of the Ministry of Football website, or please ask if you would like these in paper form.

I understand that although every effort is made to ensure a safe playing environment for the children, that football is an active sport and sometimes accidents/injuries can happen. I understand that Ministry of Football (MoF) groups children according to a variety of factors, not just on age. This means that children may be playing and competing in games with children who are younger and/or older than them, and/or bigger and stronger than them. I agree that MoF is not liable for injury or accident resulting from football or sport activities.

I understand that MoF runs sessions which often involve various movement activities and games happening in the same space. I give my permission for my child to take part in these activities and sessions, and agree that MoF is not liable for injury or accident that may result from collisions, trips or falls, or any other similar incident.

In the event of illness, having parental responsibility for the above named child, I give permission for medical treatment to be administered where considered necessary by a nominated first aider, or by suitably qualified medical practitioners. If I cannot be contacted and my child should require emergency hospital treatment, I authorise a qualified medical practitioner to provide emergency treatment or medication.

I have been made aware that MoF have developed a Child Protection Policy which includes policies on photography, anti-bullying, disciplinary procedures, designated person for child protection, a clear recruitment policy, and guidelines on confidentiality. I have been made aware that MoF have developed Codes of Conduct for parents/spectators, children and coaches. I agree to read, understand and adhere to the parents/spectators Code of Conduct, and to read the children's Code of Conduct with my child. See [www.ministry-of-football.com/child-protection/](http://www.ministry-of-football.com/child-protection/).

I understand that MoF may take photos/video of games/sessions, for the purpose of promotion of the programme or coach development. This may include putting photos on internet social media and/or the MoF website. I agree that MoF can use photos and/or video of my child(ren) in this way.

I understand that MoF use shared facilities, and cannot be responsible for child safety in shared-use areas such as toilet areas. I understand that it is my responsibility to take my child to use the toilet before a session, and that if they use the toilet during sessions they do so unsupervised and at your own risk. I understand that MoF is not responsible for children before session start times or after session end times; outside of the immediate playing/hall area; or between games during Mini-League events.

I will inform MoF of any important changes to my child's health, medication or needs and also of any changes to our email/address or phone numbers given. MoF is committed to ensuring that all data obtained on this form is dealt with under the General Data Protection Regulation act of 2018, and more info is available at: [www.ministry-of-football.com/data-protection/](http://www.ministry-of-football.com/data-protection/).

This consent form covers all regular weekly sessions, holiday programmes, Mini-League game days or other Ministry of Football events from May 2018 onwards. I confirm that all details are correct to the best of my knowledge and I am able to give parental consent for my child to participate in all activities.
