
THE 5 'MAKES' OF GREAT RELATIONSHIPS

01

MAKE FORGIVENESS A HABIT. Never underestimate the power of giving a second chance. Be *generous* with forgiveness; unforgiveness doesn't hurt them – it hurts you.

02

MAKE TIME FOR THE ONES YOU LOVE. Time with loved ones will rarely happen if you are unintentional. Book in hours, on set days, for each person – and *guard* those times.

03

MAKE A PRIORITY OF KEY MOMENTS. Is there a Father/Daughter dance? Be there. Your anniversary? Be there. A birthday party? Alter your plans so key memories *happen*.

04

MAKE LOVE THE ONLY OPTION. Love can only win in relationships if one party chooses not to walk away, to lower their voice, and to speak with grace. *Fight* for love.

05

MAKE AMENDS FOR EVERY FAILURE. We all blow it in relationships. As one Olympian said, "Just keep getting back up when you fall." Ask forgiveness, get up, and *change*.
