# The Art of the Stamp

**Tom Engeman** Illustrator/Designer

Join us for an engaging evening with illustrator, stamp artist/designer, art director, and creator of posters, **Tom Engeman**. Among the many stamps he has created since the '80s, his work was chosen for the first FOREVER stamp and first 64 cent stamp. Tom will discuss the intricacies of stamp design both pre- and post-computer age, along with his ongoing love for the elegant simplicity of light and shadow in all his work.

**COMING JUNE 9TH: Lind and the "Music of Color" presented by Jeremy Kargon at the Peabody Library**
