Where's Parry?

Congratulations to Violet U. in 4th grade! She discovered Parry hiding in the office by the Panther office light. Be sure to be on the lookout for Parry's next hiding spot.

Class of the Month Spotlight

8th Grade

Eighth grade has had a very busy spring! In language arts, we have been studying Shakespeare. In math, algebra is the focus with a final coming in May. Students are currently working on the Project Lead the Way Medical Detectives unit, which includes various labs, including a dissection and DNA electrophoresis! In social studies, students will end the year with WWII. Finally, students are eagerly preparing for the 8th grade banquet and for their grand exit from Paris School...graduation day! Students would like to thank their families and the P.S.O. for donations, participation, and support.

Thank you!

Counselor Connection

During the month of May, the 8th grade will present the information they researched on a specific college to the rest of their class. Other topics we will discuss during Guidance will be cooperation, internet/summer safety, and Asian Heritage History Month.

The *Come Read with Me*

Program will be ending this week. This is the most successful year that we have had so far! Almost every week we were able to read with twice as many students as we have in year's past! We are so appreciative of all of the time the readers donated enriching the lives of our children. We will have a little celebration for our volunteers on Wednesday, May 2.
