Where's Parry?

Congratulations to Griffin L. in 1st grade! He discovered Parry hiding on the quilt by the Computer Lab. Be sure to be on the lookout for Parry's next hiding spot.

Class of the Month Spotlight

3rd Grade

In 3rd grade, students become more advanced readers, writers, mathematicians, and thinkers, digging deeper into topics and beginning to analyze what they learn. We have accomplished a lot so far this year. In reading, we have been enjoying some amazing books in 3D! In math, the students have been working very hard on learning their multiplication and division facts. The class is excited to begin learning Math 24 soon! Third grade gets to host the iPad cart so we take every opportunity to use them to advance our learning. As for writing, they are learning how to take complete sentences and put them into a paragraph. With social studies, we have taken on geography and focusing on how to read different types of maps. We cannot wait to dive into PLTW (science) soon! Third graders have been showing Panther Pride each and every day, and I am so proud of the growth that I have seen already!

Counselor Connection

The Kindergarten classes will be learning more about feelings. First through eighth grades will start to learn about the third ingredient in our Choose Love Program, which is forgiveness. Two groups have also started at Paris – a friendship/social skills group for elementary students and a study skills group for middle school students. These groups will run until after Christmas, and then we will start some new groups. If any students or parents are interested in joining one of the groups, please contact me.

Veteran's Day Celebration

The Veteran's Day assembly was filled with activities that honored and celebrated our veterans. Thank you to our guest speaker, Jake Eckhart, who did an excellent job sharing about his time of duty with the Sentinel at the Tomb of the Unknown Soldier and his time with the US National Guard. We were all impressed and appreciative of the stories that he shared about his time of duty.

Under Mr. Warmuth's direction, the choir and band students shared patriotic songs that made the celebration meaningful and inspirational. Many area veterans were here to share in our time of remembrance and appreciation. A special thank you to Kids Helping Kids (KHK) partners from each grade who shared writings and songs that honored our veterans and to Henry West who led the school in the pledge of allegiance. It was a great day of celebration and Recognition.

Artifacts made by First Grade for Veteran's Day

The best gift we can give our kids is to read with them! Look at how reading can be the gift that keeps giving...

*Holiday Greetings to you all! Take time to enjoy a good book during the Holiday Season.
Merry, Merry,
Ms. Blair*
