

HILTON HEAD HEALTH & WELLNESS

Wayne Johnson, M.D.

MEMBERSHIP PROGRAM

**Hilton Head Health & Well-
ness Associates**

Dr Wayne Johnson

The membership fee is \$2,000 for each family member up to two and an additional \$500 for each child age 0 to 17.

Enrollment is for a period of one year, effective two weeks after the date of acceptance of membership payment. A membership card will be issued with membership identification when membership dues are received.

Services will be unlimited to any aspect of care that can be provided by my staff and me (i.e. routine office visits, and laboratory work as outlined below). The only limitations on in-office services and procedures are an annual limit on physician requested laboratory charges not to exceed \$400.00(beyond which become the clients responsibility) and no coverage of consumable or durable medical supplies (i.e. casts, shots).

The membership is neither insurance nor does it include worker-compensation cases. Services rendered elsewhere, i.e. hospitalization, consultations or testing and procedures not available within the office are not covered in the membership.

The appropriate therapeutic decision about which services are necessary resides with the physician. Appointments are desired, however walk-in hours will be available for sick individuals only. Stephens Pharmacy, located in our facility at 2 Marshland Road, has guaranteed the lowest price on cash prescription medications.

I do reserve the right to refuse membership for any reason. If you are declined you will receive notice to the address listed on your enrollment form.
