## Ultrasonic Cleaner Degreaser

*...product code I-305*

**DESCRIPTION:** A water based, natural, powerful citrus, solvent degreaser - emulsifier - deodorizer designed for a multitude of industrial and food plant applications. It is non-corrosive and contains no harmful chlorinated solvents, petroleum distillates, acids or alkali. It is environmentally safe and fully biodegradable. The specific gravity and solvency of the cleaner degreaser make it ideal for use in ultrasonic cleaning.

This organic formulation offers a new approach in one step de-greasing and deodorizing. It will remove oil and grease from most surfaces while leaving a fresh, natural citrus scent.

**DIRECTIONS:** Use at 1/2% ( $\approx$  2 cups per 25 gallons) at 140°F to 180°F max: below pre-boiling). Allow solution to degas by running the Ultrasonics. Note addition of I-305 greatly speeds de-gassing.

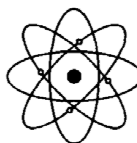

For heavier jobs automotive, Industrial component cleaning use additional concentration as required.

The Agri-Food Safety Division, Agriculture Canada has no objection to the use of this product in food plants when used according to label directions.

### FOR COMMERCIAL USE

#### DISTRIBUTED BY Western Ultrasonics
