LEAD 101-14 Leadership and the Maritime Experience

Fall 2016

1. COURSE DESCRIPTION

A required course for all freshmen (first-time college or < 32 transfer credits). This course is aimed at introducing the student to college life with emphasis on the unique history and goals of Maritime College, helping the student manage the difficult transitional first-year of college via the formulation of a plan for academic success, and fostering the student's potential for leadership via the development of self-awareness and interaction with other students from diverse backgrounds.

1.000 Credit hours

1.000 Lecture hours

Prerequisite(s): None

Corequisite(s): None

Follow-On Courses: LEAD 201, LEAD 401

Role in Curriculum: Required course

II. TEXT(S)

A. Required Text(s):

1. *SUNY Maritime College Handbook 2016-2017* (distributed in class).
2. *Useful Items to Pack for Your Trip* (Drogan, 2016). Available from the Ship's Store. This may also be obtained from www.lulu.com.

B. Additional Material:

1. Distributed in class or via Blackboard

III. STUDENT LEARNING OBJECTIVES

A. Course Objectives

1. To learn more about SUNY Maritime, the campus history, expectations, educational opportunities and available resources.
2. Increase the persistence rates of first-year students by creating an environment where open dialogue and familiarity is encouraged in the classroom between the student and advisor.
3. To learn strategies for academic and personal success. To learn about the various support services offered by Maritime.
4. Introduce students to the online learning environment by having students submit assignments using Blackboard.

IV. COURSE ASSESSMENTS

A. Assessments in the Class

1. Attendance (mandatory; three or more unexcused absences will lead to failure in the course)

2. Class Participation (treated as extra credit)
3. Written Assignments (late assignments will be graded as zero)

B. External Assessments

None

V. ACCOMMODATIONS FOR STUDENTS WITH LEARNING DISABILITIES

If you believe that you need accommodations for a disability (also referred to as IEPs and 504 plans), please notify me within the first week of class and contact the Office of Accessibility Services at (718) 409-7348 or email Associate Dean William Imbriale at wimbriale@sunymaritime.edu for an appointment to discuss your needs and the process for requesting accommodations. Since accommodations may require early planning and generally are not provided retroactively, please contact Accessibility Services as soon as possible!

VI. ACADEMIC INTEGRITY POLICY

Absolute integrity is expected of every Maritime student in all academic undertakings.

A Maritime student's submission of work for academic credit indicates that the work is the student's own. All outside assistance should be acknowledged, and the student's academic position truthfully reported at all times. In addition, Maritime students have a right to expect academic integrity from each of their peers.

Students are expected to do their own work in class, on assignments, laboratory experiments, and examinations or tests in accordance with the directions given by the instructor. It is the responsibility of all students to read and understand this statement of College policy on academic integrity. Maritime College considers the violation of academic integrity a serious matter, and one that will be treated as such.

A student who violates academic integrity may, depending on the nature of the offense, be subject to one or more of the following measures: failure of the assignment or examination, failure of the course, dismissal from the Regiment of Cadets, or dismissal from the College. Violations of academic integrity, also known as academic dishonesty, are subject to review by the Judicial Board. For details, go to:

http://www.thezonelive.com/zone/02_SchoolStructure/NY_SUNYMaritimeCollege/handbook.pdf

ALL ACADEMIC INTEGRITY VIOLATIONS WILL BE REPORTED TO THE DEAN OF STUDENTS

INSTRUCTOR INFORMATION

Prof. James Drogan, jdrogan@sunymaritime.edu, 718-409-7289

Office hours: 9AM – 3PM Monday – Thursday MAC 228. Appointments are recommended.

CLASS MEETINGS

Thursdays, 9AM – 950AM

MAC 210

CLASS POLICIES

Attendance is mandatory. Please notify the instructor by any available means if you expect to be absent.

Cellphones, laptops, and tablets are welcome, but need to be used within the context of the course. This is a privilege I will, if necessary, rescind.

Respect of others and of self is paramount. I encourage and seek to foment lively debate on relevant issues. The aim here is to pay attention, to listen and hear, to understand, to practice tolerance, to accept and, ultimately, to work in a more positive way for the common good. Derision and snarky comments have no place in the classroom.

GRADING

Grading comprises:

1. Attendance: 56 points; 30% of the final grade.
2. Written Assignments: 100 points; 54% of the final grade.
3. Quizzes: 30 points; 16% of the final grade

NOTE: Written assignments and quizzes are considered by me to be confidential. I will not share them with anyone.

4. Class Participation: 28 points; extra credit added to the attendance and written assignments to compute the final grade.
5. No more than 186 points can be earned. That is, there is no such grade as an A+.

No makeup work will be assigned and no other extra credit is available.

Final Grade Assignments

The initial final grade is assigned according to the following table.

%	GPA	Grade
100.0%	4	A
93.0%	4	A
90.0%	3.7	A-
87.1%	3.3	B+
83.0%	3	B
80.0%	2.7	B-
77.1%	2.3	C+
73.0%	2	C
70.0%	1.7	C-
67.1%	1.3	D+
63.0%	1	D
0.0%	0	F

The initial final grade represents the points attained divided by the total points available. This mathematical guides me in the assignment of the final grade. What this means is that the final grade I assign may be different from the mathematical grade. In assigning the final grade I take into account your consideration, respect, and encouragement of others; your desire for learning and discipline in completing the assignments; your ability to bring relevant issues to the attention of the class.

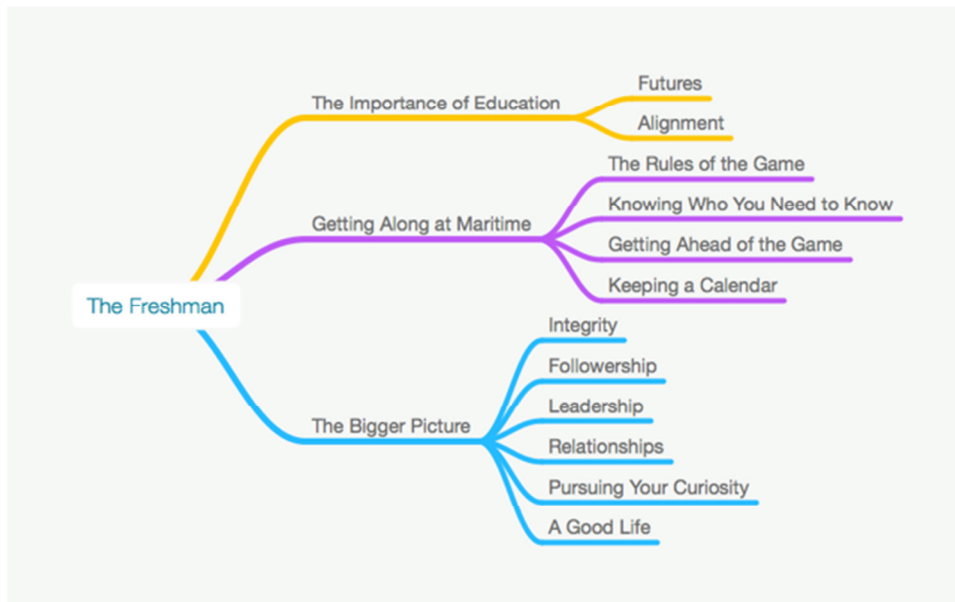

COURSE OUTLINE

Overview

Life is about constant change – in little ways and in big ways. My sense is that the transition from high school to an undergraduate college regime is potentially major. Even if you don't think it is, it's probably safer to think that it is and plan accordingly.

LEAD 101 is a set of actions taken by Maritime to help you with this transition. My view is that one of the major responsibilities we have is to help you through this time.

This course is summarized in the following graphic.

The items to the right (e.g., Futures) are the topics to be covered in this course. In general, the following approach will be used.

On a Thursday_n, during the second half of the class, the topic will be introduced. On the following Thursday_{n+1}, the topic will be reviewed. The basis for the review will be your homework (read, think, discuss, and write) with the written assignments representing your grasp of the topic.

Detail

1. Introduction to the Course

a. Purpose

- To understand the intent, structure, expectations, and mechanics of the course.
- To learn the workings of the Maritime learning management system (LMS) Blackboard. Blackboard is the principle method for distributing material to students and for student submission of assignments.
- To introduce the next topic, *Futures*.

- b. Agenda
 - (a) Course review.
