## **MOVIE QUOTES TRIVIA GAME**

### **Game Rules**

For individual or team play. Print and cut the quotes out and put them into a bowl. There are three levels. Start with the quotes in Level 1 (Easy). Each quote has three parts for a total of three possible points. One point each is awarded for the correct movie, actor, and character associated with the quote. You must name the correct movie to be able to add on the additional points. For example: Team A draws a quote and reads it to Team B. Team B must answer the name of the movie correctly for one point and the opportunity to add on two additional points for the actor and character. Team B scores a point each for the name of the actor credited with the quote and the name of the character the actor portrays. If Team B answers incorrectly, those teams or players not asking the question have the opportunity to “steal” any remaining points but not only does Team C lose a point for any incorrect answer, they forfeit their next turn as well if they answer incorrectly. In Round Two, teams get the chance for greater points by requesting a Level 2 (Heard It but Not Sure) or Level 3 (Random & Obscure) question which awards 2 points or 3 points per correct answer, respectively.
