2015 Program Descriptions

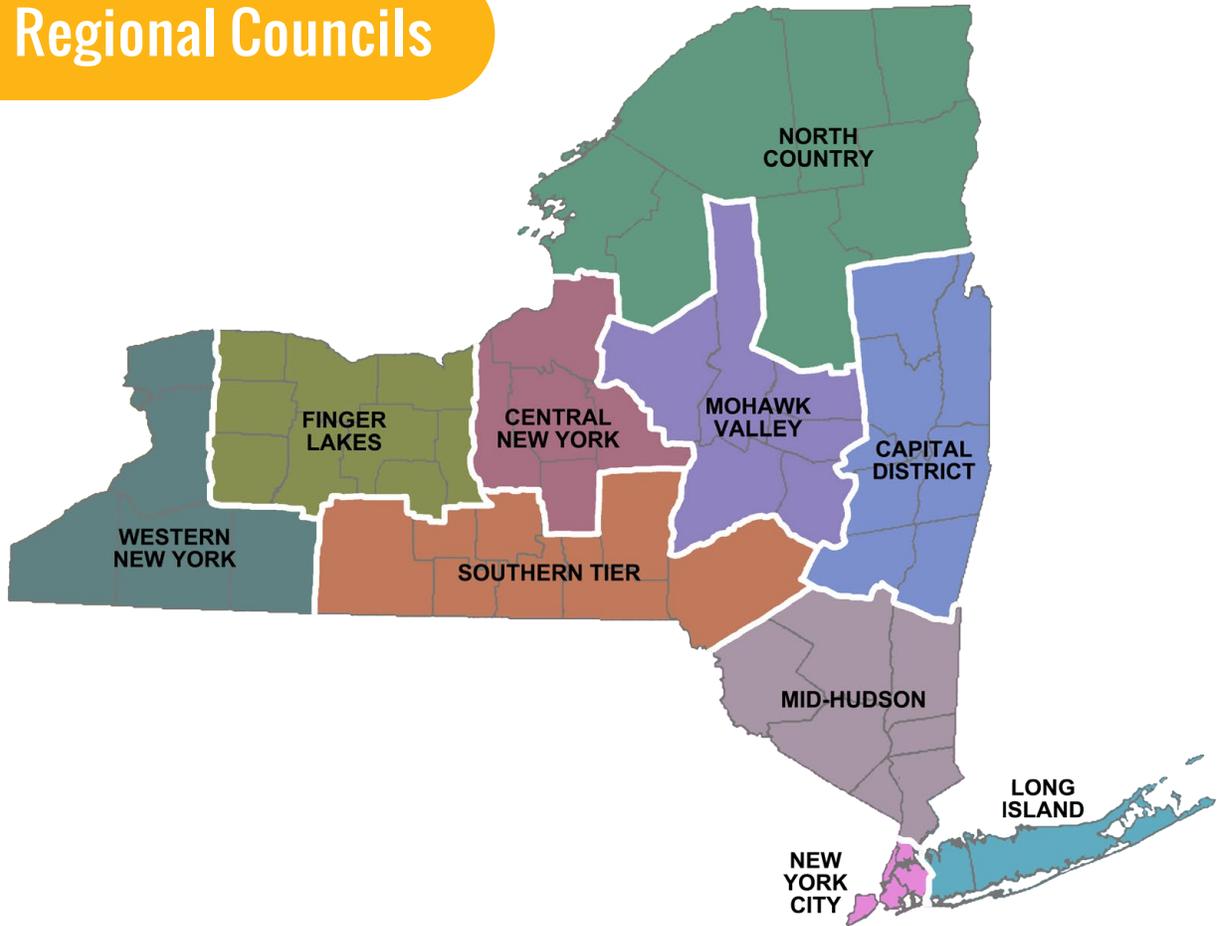

Program	Program Description	Type of Funding	Resources Available
	New York State Council on the Arts (Arts)		
Arts Grant Program (Arts CHPG I; CHPG P; WIP)	Funds are available under Article 3 of the Arts and Cultural Affairs Law for the study of and presentation of the performing and fine arts; surveys to encourage participation in the arts; to encourage public interest in the cultural heritage of the state, and to promote tourism by supporting arts and cultural projects. Arts, Culture, Heritage New Initiatives - Planning (CHPG P); Arts, Culture, Heritage New Initiatives - Implementation (CHPG I); Workforce Investment (WIP)	Grant	Up to \$5 million
	NYS Canal Corporation (Canals)		
Canalway Matching Grant Program (Canals)	The Canalway Grants Program is a competitive matching grant program available to eligible municipalities and 501(c)(3) non-profit organizations along the New York State Canal System. Funding is for Capital Projects that meet the objectives of the Regional Economic Development Councils and the NYS Canal Recreationway Plan.	Grant	Up to \$1 million
	Department of Environmental Conservation (DEC)		
DEC/EFC Wastewater Infrastructure Engineering Planning Grant Program (DEC EPG)	The New York State Department of Environmental Conservation (DEC), in conjunction with the New York State Environmental Facilities Corporation (EFC), will offer grants to municipalities to help pay for the initial planning of eligible Clean Water State Revolving Fund (CWSRF) water quality projects. Up to \$2 million has been made available for this program. The NYS DEC/EFC Wastewater Infrastructure Engineering Planning Grant (EPG) will assist municipalities facing economic hardship with the engineering and planning costs of CWSRF-eligible water quality projects.	Grant	Up to \$2 million
Water Quality Improvement Project Program (DEC WQIP)	The Water Quality Improvement Project (WQIP) Program is a competitive grant program to improve water quality, reduce polluted runoff and restore water bodies and aquatic habitats in each region of the state. Projects eligible under the Water Quality Improvement Program include: municipal wastewater treatment; municipal separate storm sewer systems; polluted runoff abatement and control from non-farm sources; and aquatic habitat restoration.	Grant	Up to \$35 million
	Department of Labor (DOL)		
Workforce Development Grants (DOL EET, NHT, SPT, UWT)	Grant funding is available to private sector for-profit and not-for-profit businesses, training providers, and local workforce investment boards to upgrade the skills of the workforce. Existing employees will receive classroom-based occupational skills training; newly-hired employees who were dislocated workers will be trained on-the-job to perform their required job duties; and dislocated workers and dislocated workers in special populations (individuals with barriers to employment) will receive classroom-based occupational skills training for positions that are open in the region, with a commitment by businesses to interview individuals who successfully complete the training. Existing Employee Training (EET); New Hire Training (NHT); Unemployed Worker Training (UWT); Special Populations Training (SPT)	Grant	Up to \$5 million
	Department of State (DOS)		
"Local Government Efficiency Grants (DOS LGE)"	The Local Government Efficiency (LGE) Grant program assists local leaders identify best practices and implement actions focused on reducing municipal expenditures, limiting the growth in property taxes and increasing efficiencies in service delivery. Projects can include local government reorganization, functional or service delivery consolidation, city or county charter revisions that include functional consolidation, cooperative service agreements, and establishment of regional service delivery mechanisms.	Grant	Up to \$4 million
Local Waterfront Revitalization Program (DOS LWRP)	The Department of State's Local Waterfront Revitalization Program (LWRP), funded under Title 11 of the Environmental Protection Fund, provides 50:50 matching grants on a competitive basis to eligible villages, towns, cities, and counties located along New York's coasts or designated inland waterways to revitalize communities and waterfronts through planning, design, and construction projects. Grant categories include preparing or implementing a LWRP; redeveloping hamlets, downtowns and urban waterfronts; planning or constructing land and water-based trails; preparing or implementing a lakewide or watershed revitalization plan; preparing or implementing a community resilience strategy or updating an LWRP to incorporate resilience strategies; and preparing or implementing a clean transportation strategy.	Grant	Up to \$17 million

Program	Program Description	Type of Funding	Resources Available
	Environmental Facilities Corporation (EFC)		
Green Innovation Grant Program (EFC GIGP)	The Green Innovation Grant Program (GIGP) provides grants on a competitive basis to projects that improve water quality and demonstrate green stormwater infrastructure in New York. GIGP is administered by NYS Environmental Facilities Corporation (EFC) through the Clean Water State Revolving Fund (CWSRF) and is funded with a grant from the US Environmental Protection Agency (EPA).	Federal Grant	Up to \$14.85 million
	Empire State Development (ESD)		
Excelsior Jobs Program (EJP)	Refundable tax credits are available for strategic businesses such as high tech, bio-tech, clean-tech and manufacturing that create or retain jobs or make significant capital investments. Businesses meeting the eligibility criteria may apply for assistance at locations throughout New York State.	Tax Credit	Up to \$70 million
ESD Grant Funds (ESD Grants)	ESD has several grant programs that together make available \$150 million of capital grant funding for the Regional Economic Development Council Initiative. Capital grant funding is available for capital-based economic development projects intended to create or retain jobs; prevent, reduce or eliminate unemployment and underemployment; and/or increase business or economic activity in a community or Region.	Grant	Up to \$150 million
Market New York (ESD MNY)	Market NY is a grant program established to strengthen and encourage tourism growth by promoting tourism destinations, attractions, and special events. Additionally, Market NY will support capital grant funding for tourism facilities in New York. The Market NY program and each funded proposal will work to support the Regional Council long term strategic plans for economic growth in regions, as well as to attract visitors to New York State.	Grant	Up to \$12 million
Business Incubator Support Program (ESD BISP)	Designated NYS Certified Incubators will be eligible for operating grants from ESD of up to \$125,000 for three years. Designation as a NYS Certified Incubator increases the ability for the incubator to support additional programming, deliver incubation best practices to their client companies and be part of the regional and multi-regional ecosystem to help client companies succeed in the market place. NYS Certified incubators are encouraged to specialize in a particular market vertical that is aligned with the REDCs identified core industrial markets.	Grant	Up to \$1.25 million
Strategic Planning and Feasibility Study Project Grants (ESD SPFS)	ESD's Urban and Community Development Program promotes economic development in the State of New York by encouraging economic and employment opportunities and stimulating development of communities and urban areas. Total program funding of up to \$1 million is available for working capital grants of up to \$100,000 each to support 1) strategic development plans for a city, county, or municipality or a significant part thereof and 2) feasibility studies for site(s) or facility(ies) assessment and planning. Projects should focus on economic development purposes, and preference shall be given to projects located in highly distressed communities.	Grant	Up to \$1 million
	"Homes and Community Renewal, Office of Community Renewal (HCR and HCR/OCR)"		
New York State Community Development Block Grant Program (CDBG)	The Community Development Block Grant (CDBG) Program is a federally funded program authorized by Title I of the Housing and Community Development Act of 1974. The CDBG Program is administered by the Office of Community Renewal (OCR) under the direction of the New York State Housing Trust Fund Corporation (HTFC). NYS CDBG funds provide eligible small communities and non-urban counties in New York State with an opportunity to undertake activities that focus on community development needs such as creating or expanding job opportunities, providing safe affordable housing, and/or addressing local public infrastructure and public facilities issues. The primary statutory objective of the CDBG program is to develop viable communities by providing decent housing and a suitable living environment by expanding economic opportunities, principally for persons of low and moderate income. Four CDBG program applications were available for the 2015 annual CFA Round: Microenterprise, Public Infrastructure, Public Facilities, and Community Planning and two programs were made available in open round applications: Economic Development, Small Business.	Grant	Up to \$25 million

Program	Program Description	Type of Funding	Resources Available
New York Main Street Program (HCR NYMS, HCR NYMS-TA)	The New York Main Street (NYMS) program was formally established in Article 26 of New York State Private Housing Finance Law. The NYMS program is administered by the Office of Community Renewal (OCR) under the direction of the Housing Trust Fund Corporation (HTFC). NYMS funds are awarded to units of local government and not-for-profit organizations that are committed to revitalizing historic downtowns, mixed-use neighborhood commercial districts, and village centers. NYMS grants are available for targeted improvements such as facade renovations, interior commercial and residential building renovations, and streetscape enhancement projects. Two NYMS Program applications were available for 2015: Traditional NYMS and NYMS Technical Assistance (NYMS-TA).	Grant	Up to \$9.7 million
Office of Parks, Recreation and Historic Preservation (Parks)			
EPF Municipal Grants (OPRHP: PKS: A/P/D; HP: A/P/D; HAS: A/P/D)	The Environmental Protection Fund (EPF) provides matching grants on a competitive basis for the acquisition (A), planning (P), development (D), and improvements of parks, historic properties, and heritage areas located within the physical boundaries of the State of New York. Parks (PKS) is for the acquisition, development and planning of parks and recreational facilities to preserve, rehabilitate or restore lands, waters or structures for park, recreation or conservation purposes and for structural assessments and/or planning for such projects. Historic Preservation (HP) is to improve, protect, preserve, rehabilitate, restore or acquire properties listed on the State or National Register of Historic Places and for structural assessments and/or planning for such projects. Heritage Areas System (HAS) is for projects to acquire, preserve, rehabilitate or restore lands, waters or structures, identified in the approved management plans for Heritage Areas designated under sections 35.03 and 35.05 of the Parks, Recreation and Historic Preservation Law, and for structural assessments or planning for such projects.	Grant	Up to \$16 million
Recreational Trail Program (OPRHP: M; NM D; MD; NMD)	The Recreational Trails Program (RTP) is a federal-aid program of the U.S. Department of Transportation's Federal Highway Administration (FHWA). In New York State, RTP is a program of the New York State Department of Transportation (NYSDOT) administered by the Office of Parks, Recreation and Historic Preservation (OPRHP). The Recreational Trails Program provides funds to states to develop and maintain recreational trails for motorized (M), non-motorized (NM), diverse (D), motorized diverse (MD), non-motorized diverse (NMD) recreational trail use. Funding is available for the maintenance and restoration of existing recreational trails, development and rehabilitation of trailside and trailhead facilities and trail linkages for recreational trails, purchase and lease of recreational trail construction and maintenance equipment, construction of new recreational trails, acquisition of easements and fee simple title to property for recreational trails or recreational trail corridors, and assessment of trail conditions for accessibility and maintenance.	Grant	Up to \$1.8 million
New York State Energy Research and Development Authority (NYSERDA)			
Energy Efficiency Programs	NYSERDA's Commercial and Industrial (C&I) programs offer businesses in New York State solutions to improve energy efficiency and save money through design, new construction, renovation, and process improvements to commercial and industrial buildings. The New Construction Program and the Existing Facilities Program can help building owners make informed decisions about designing and renovating sustainable buildings. The FlexTech Program offers energy-saving opportunities through consultation and cost-shared studies. The Industrial and Process Efficiency Program can help organizations increase manufacturing output and data processing efficiency.	Incentive	Up to \$50 million
Cleaner, Greener Communities Phase II Implementation Grants (NYSERDA CGC)	NYSERDA's Cleaner, Greener Communities (CGC) Program encourages communities to develop and implement regional sustainable growth strategies. Phase I of CGC provided funding to the 10 Regional Economic Development Council (REDC) regions in New York State (NYS) for the development of Regional Sustainability Plans. Through Phase II of CGC, NYSEDA is offering competitive grants for the implementation of innovative, community-based projects that reduce greenhouse gas emissions and create more resilient, sustainable communities. Projects will stimulate environmentally sustainable economic growth consistent with the Phase I Regional Sustainability Plans and REDC Strategic Plans. Project types include large-scale sustainability projects as well as local planning and zoning efforts intended to enhance environmental, economic, and social well-being across the state.	Grant	Up to \$30 million

Program	Program Description	Type of Funding	Resources Available
	Industrial Development Bond Cap (IDB CAP)		
Industrial Development Bond Cap (IDB Cap)	Up to \$300 million from the Federal IDB Cap allocation will be available for State and local government issuers to sell tax exempt bonds for private projects that demonstrate a public purpose.	Tax Exempt Bond	Up to \$300 million
	Upstate Revitalization Initiative (URI)		
Upstate Revitalization Initiative (URI)	The New York Upstate Revitalization Initiative (URI) is part of an overall program aimed at systematically revitalizing the economy of Upstate New York. Modeled after the success of the Buffalo Billion Initiative, the URI is an opportunity for the communities of upstate New York to address the economic challenges of their regions and work together in bringing jobs back upstate. In January of this year Governor Cuomo along with other community and business leaders announced the URI program and the partnership between the Regional Economic Development Councils (REDC).	Various	Up to \$1.5 billion (Over 5 years)

WESTERN NEW YORK

\$83.9 million awarded to 125 projects

CFA #	County	Applicant	Project Title	Description	Agency/Program	Award
56366	Allegany	Alfred State College	Biorefinery Development and Commercialization Center Phase 2	A collaboration among Alfred State College, SUNY College of Environmental Science and Forestry (SUNY ESF) and Applied Biorefinery Sciences, LLC, the project is a multi-functional shared facility to enable private firms to scale the production of biorenewable materials and sustainable energy from lab-bench to commercial volumes using a Hot Water Extraction process developed at SUNY ESF.	ESD Grants	\$1,500,000
55267	Allegany	Cuba Friends of Architecture	Expanded Programmatic and Outreach Capacity	Cuba Friends of Architecture will hire a Theater Event Coordinator to improve marketing, diversify the organization's events, and improve the day-to-day facility management.	Arts WIP	\$40,950
53681	Allegany	Village of Bolivar	Villages of Bolivar and Richburg Springs Joint Water Improvements Project Phase II	Funds will be used to replace an existing water storage tank and to install new water main lines.	HCR CDBGPI	\$900,000
54753	Allegany	Village of Wellsville	Village of Wellsville Preliminary Engineering Report	Funds will be used to perform a preliminary engineering report.	HCR CDBGCP	\$50,000
55870	Allegany, Cattaraugus, Chautauqua, Erie, Niagara	NYBDC Local Development Corporation	WNY Small Business Fund	New York Business Development Center Excelsior Growth Fund will create a regional revolving loan fund that will provide small business financing to businesses that cannot access capital through traditional financing thereby reducing or eliminating significant obstacles to growth and job creation.	ESD Grants	\$750,000
28658	Cattaraugus	Cattaraugus Community Action, Inc.	Culinary Arts Training	Cattaraugus Community Action, Inc. of Salamanca will train 45 workers in special populations in food for thought - culinary arts.	DOL SPTP	\$75,000
28658	Cattaraugus	Cattaraugus Community Action, Inc.	Culinary Arts Training	Cattaraugus Community Action, Inc. of Salamanca will train 47 unemployed workers in culinary arts.	DOL UWT	\$25,000
54539	Cattaraugus	Cattaraugus County	Cattaraugus County Site Redevelopment Assessment	The Cattaraugus County site Redevelopment Assessment will examine the feasibility of returning four targeted obsolete manufacturing facilities to a condition that will support advanced manufacturing, private investment, job creation, and economic development throughout the County.	ESD SPFS	\$50,000

CFA #	County	Applicant	Project Title	Description	Agency/Program	Award
56107	Cattaraugus	Cattaraugus County	Cattaraugus County Cultural Plan	Cattaraugus County will hire a consultant to develop a countywide cultural plan that will provide an inventory, needs assessment and recommendations to enhance current arts, culture and heritage businesses and programming.	Arts CHPG P	\$49,500
53101	Cattaraugus	Cattaraugus County Arts Council	Expanded Programmatic Capacity	Cattaraugus County Arts Council will expand the Education Coordinator position to manage all educational programs, the Art on Main storefront, and the Southern Tier Biennial Contemporary Art Exhibition.	Arts WIP	\$27,750
53240	Cattaraugus	City of Olean	William O. Smith Recreation Center Complex Improvements Project	The City of Olean seeks assistance to make improvements to the William O. Smith Recreation Center located at War Vet's Park east of the downtown business district.	ESD Grants	\$420,000
52209	Cattaraugus	City of Olean	North 3rd Street Reconstruction Project	The City of Olean will restore the 200 block of North 3rd Street into a "complete street" including new sidewalks, granite curbing and new street trees paving the way for additional private investment.	ESD Grants	\$160,000
53240	Cattaraugus	City of Olean	William O. Smith Recreation Center Complex Improvements Project	The City of Olean will make improvements to the ice rink at William O. Smith Recreation Center located at War Veteran's Park east of the downtown business district.	OPRHP PKS D	\$500,000
53699	Cattaraugus	Olean Business Development Corporation	Downtown Olean Revitalization	Renovate affordable housing units on the upper floors of buildings in Olean center city, support facade improvements, and remove renovation barriers from key landmark buildings making them shovel-ready for development.	ESD Grants	\$45,000
53699	Cattaraugus	Olean Business Development Corporation	Downtown Olean Revitalization	Grant funds will be used to stabilize and renovate buildings in downtown Olean.	HCR NYMS	\$300,000
55984	Cattaraugus	Village of Little Valley	Wastewater Treatment Plant Upgrades	Funds will be used to upgrade and replace certain processes and equipment in its wastewater treatment plant system.	HCR CDBGPI	\$600,000
51568	Chautauqua	Chautauqua County	Northern Chautauqua County Local Waterfront Revitalization Program Phase II	The Chautauqua County Department of Planning and Economic Development will complete the Northern Chautauqua Local Waterfront Revitalization Program (LWRP) for the 10 communities along Chautauqua County's forty-three miles of Lake Erie shoreline. The LWRP will provide a regional plan for the revitalization and protection of Lake Erie's waterfront within Chautauqua County that utilizes and enhances the region's unique natural and community assets while advancing economic development.	DOS LWRP	\$50,000
52683	Chautauqua	Chautauqua County	South County Industrial Park Expansion	Chautauqua County will acquire 66+ acres of land to expand the South County Industrial Park, currently at capacity, and develop a shovel-ready site that can be marketed and developed into two or three buildings, with necessary parking, and other site amenities.	ESD Grants	\$200,000
53017	Chautauqua	Chautauqua County	Dutch Hollow Creek Stabilization Project	Chautauqua County will stabilize 1,300 feet of Dutch Hollow Creek north of Interstate 86 using grade stabilization structures, structural bank protection and natural channel restoration and bioengineering. The project will improve aquatic habitat and reduce sediment loading to Chautauqua Lake.	DEC WQIP NSAC	\$482,179

Western New York

CFA #	County	Applicant	Project Title	Description	Agency/Program	Award
57116	Chautauqua	Chautauqua County	West Dutch Hollow Creek Stabilization Project	Chautauqua County will stabilize 900 feet of West Dutch Hollow Creek to stabilize the streambank and reconnect floodplains to reduce sediment loading to Chautauqua Lake.	DEC WQIP NSAC	\$275,888
57124	Chautauqua	Chautauqua County	Bemus Creek Stabilization Project	Chautauqua County will stabilize 2,300 feet of Bemus Creek using grade control and structural slope protection best management practices to improve aquatic habitat and reduce sediment loading to Chautauqua Lake.	DEC WQIP NSAC	\$151,200
57133	Chautauqua	Chautauqua County	Prendergast Creek Stabilization Project	Chautauqua County will stabilize 1,600 feet of Prendergast Creek using grade control and structural slope protection best management practices to improve aquatic habitat and reduce sediment loading to Chautauqua Lake.	DEC WQIP NSAC	\$58,039
57134	Chautauqua	Chautauqua County	Ball Creek Stabilization Project	Chautauqua County will stabilize 1,000 feet of Ball Creek using natural stream designs and bioengineering to improve aquatic habitat and reduce sediment loading to Chautauqua Lake.	DEC WQIP NSAC	\$66,174
57135	Chautauqua	Chautauqua County	Goose Creek Stabilization Project	Chautauqua County will stabilize 500 feet of Goose Creek using rock rip rap and bioengineering to improve aquatic habitat and reduce sediment loading to Chautauqua Lake.	DEC WQIP NSAC	\$39,690
56014	Chautauqua	Chautauqua County Soil and Water Conservation District	Chautauqua Creek Restoration	This project will open approximately 13 miles of Chautauqua Creek in Chautauqua County to a variety of aquatic species, such as brown trout and smallmouth bass. A barrier at the railroad culvert will be alleviated and pools will be deepened along the creek. This will allow fish spawning and passage.	DEC WQIP AHR	\$81,000
53738	Chautauqua	Chautauqua County Soil and Water Conservation District	Walnut and Silver Creek Stream Corridor Restoration	The Chautauqua County Soil and Water Conservation District will stabilize 2,538 feet of Walnut and Silver Creeks using grade control and structural slope protection best management practices to improve aquatic habitat and reduce sediment loading to Lake Erie.	DEC WQIP NSAC	\$167,250
53040	Chautauqua	Chautauqua County Soil and Water Conservation District	Chautauqua County Erosion Control Improvements	The Chautauqua County Soil and Water Conservation District will purchase a new hydroseeder and supplies for post-highway maintenance activities in the Chautauqua Lake watershed. These erosion control activities will reduce the amount of sediment entering Chautauqua Lake.	DEC WQIP NSAC	\$55,000
56123	Chautauqua	Chautauqua Harbor Hotel	Chautauqua Harbor Destination Hotel	Chautauqua Harbor Hotel, LLC will build a facility east of Lucille Ball Memorial Park in Celeron that will have approximately one hundred guest rooms, a restaurant with a bar area, a banquet space, a ball room, as well as other amenities. The project aims to create new jobs and increase marketing and tourism traffic for the area that will fuel local business and the development and beautification of abandoned land.	ESD MNY	\$255,000
52898	Chautauqua	Chautauqua Harbor Hotel, LLC	Destination Hotel	Development of a destination hotel in Celeron, NY on Chautauqua Lake. Plans call for a full service hotel with approximately 100 guest rooms, restaurant, bar, conference space, grand ballroom and business center.	ESD Grants	\$1,653,000
54525	Chautauqua	Chautauqua Regional Youth Ballet	Expanded Operational and Outreach Capacity	Chautauqua Regional Youth Ballet will expand the Administrative Assistant position to include development and marketing.	Arts WIP	\$27,000

CFA #	County	Applicant	Project Title	Description	Agency/Program	Award
55172	Chautauqua	Ellery Sno-Cruisers	Class A Trail Groomer for Snowmobile Trail Maintenance - 2015	The club will purchase trail grooming equipment for the purpose of maintaining safe and enjoyable snowmobile trails.	OPRHP RTP M	\$176,000
53131	Chautauqua	Fredonia Technology Incubator	Fredonia NYS Certified Business Incubator	The Fredonia Technology Incubator will establish services and programming for business startups and entrepreneurs in the region, provide greater access to underserved populations, and programs for veterans, young entrepreneurs, and arts and technology startups.	ESD BISP	\$125,000
56298	Chautauqua	Jamestown Renaissance Corporation	STRIVE Jamestown 2015	Grant funds will assist in the renovation of 119-121 W. 3rd Street in the City of Jamestown.	HCR NYMS	\$500,000
53387	Chautauqua	Libera, Inc.	Information Technology Training	Libera, Inc. of Jamestown will train 20 workers in administering Microsoft (MS) SQL server databases, Agile software development, configuring/supporting Windows 8.1, developing web applications, Windows Azure and web services, software quality assurance, strategic planning, MS SQL Server data warehouse, international marketing, risk management, Project Management Professional, Project Portfolio Management, programming in HyperText Markup Language 5 with JavaScript and CSS3, querying MS SQL Server 2012, requirement engineering/management, software development/integration/release/support, software measurement/analysis, desktop support, technology leadership, and verification/validation methods.	DOL EET	\$75,910
53248	Chautauqua	National Comedy Center	National Comedy Center Connector	The National Comedy Center (NCC) is designed to be a national attraction based on the celebration of comedy: the craft and its contributors, and embodies Lucille Ball's vision for her hometown of Jamestown.	ESD Grants	\$1,000,000
53250	Chautauqua	National Comedy Center, Inc.	National Comedy Center Marketing	The National Comedy Center will renovate the Erie-Lackawanna train station in Jamestown and a former electric utility building, along with construction of a new connecting building to provide the necessary total square feet of exhibit space for the center. The National Comedy Center aims to be an international destination that attracts thousands of visitors each year resulting in tourism spending and job creation in the area.	ESD MNY	\$525,000
53239	Chautauqua	National Comedy Center, Inc.	National Comedy Center Park	The Comedy Public Plaza Project will provide exterior green public spaces where residents and visitors can enjoy a variety of activities including outdoor movies, live performances, and green spaces.	OPRHP PKS D	\$500,000
56140	Chautauqua	North Chautauqua Lake Sewer District	North Chautauqua Lake Sewer District Engineering Study	The North Chautauqua Lake Sewer District will complete an engineering report to evaluate expansion of the sewer district to unsewered areas along the east and west side of Chautauqua Lake.	DEC EPG	\$30,000
51265	Chautauqua	Reg Lenna Center for the Arts	Reg Lenna Multimedia Studio Marquee Upgrade	The Reg Lenna Center for the Arts will research and outfit its current marquee, located in downtown Jamestown, with new LED panels to draw more attention to the theatre and its events. The organization will also research the required technology needed to achieve its vision for an on-site multimedia studio.	Arts CHPG P	\$24,700

Western New York

CFA #	County	Applicant	Project Title	Description	Agency/Program	Award
53054	Chautauqua	South and Center Chautauqua Lake Sewer District	West Side Chautauqua Lake Sewer Extension Engineering Study	The South and Center Chautauqua Lake Sewer District will evaluate the extension of public sewers to the west side of Chautauqua Lake in the Town of North Harmony and the Town of Chautauqua.	DEC EPG	\$50,000
50744	Chautauqua	Support Enterprises, Inc.	E-Works	A partnership between Support Enterprises Inc., The Resource Center and E-Works, will purchase equipment to help collect, audit, and disassemble outdated technological devices and prepare them for recycling, refurbish them to be resold to domestic and foreign markets including charity organizations, and/or prepare them to be sold for scrap value. The integrated workplace will provide support needed for career growth and development for entry level workers, those entering the workforce for the first time, and individuals who have recently received vocational rehabilitation.	ESD Grants	\$33,000
51803	Chautauqua	Town of Westfield	Welch Trail Recreation Area	The Welch Trail will be a non-motorized, shared-use segment approximately 1.25 miles long located within the boundaries of the Village of Westfield, running adjacent to Chautauqua Creek on property owned by the Town of Westfield.	OPRHP RTP NMD	\$200,000
53322	Chautauqua, Cattaraugus	Jamestown Community College	Expansion of Manufacturing Technology Institutes on JCCs Jamestown and Cattaraugus County Campuses	The new Manufacturing Technology Institute will help Jamestown Community College expand its advanced manufacturing courses currently offered only at JCC Main Campus in Jamestown by providing additional classroom equipment and technology infrastructure for both the Olean and Jamestown campuses.	ESD Grants	\$980,000
54479	Erie	Buffalo Arts Studio	Expanded Outreach Capacity	Buffalo Arts Studio will hire a full-time Community and Audience Development Coordinator to support audience-centered, high-quality programs that will increase visitor engagement and attendance.	Arts WIP	\$45,000
57011	Erie	Buffalo Chamber Players	Expanded Operational Capacity	Buffalo Chamber Players will hire an Executive Director to ensure the organization's artistic vigor and bring diverse programming to Western New York audiences.	Arts WIP	\$21,000
54120	Erie	Buffalo Philharmonic Orchestra	Richardson Complex Grand Opening Illumination	Buffalo Philharmonic Orchestra will partner with the Richardson Olmsted Complex to turn the Complex's main building into a canvas for a light projection show choreographed to a live musical and theatrical performance.	Arts CHPG I	\$63,000
52858	Erie	Buffalo Place	Main Street Buffalo	Grant funds will assist in the renovation of mixed-use buildings on Main Street in the City of Buffalo.	HCR NYMS	\$300,000
54698	Erie	Buffalo RiverWorks	Buffalo RiverWorks Green Infrastructure Installations	The Buffalo River Works Green Infrastructure Installation Project will implement green infrastructure retrofits including: porous pavement, extensive green roof and two green walls. All of these infrastructure features will be highly visible and marked with signage in order to educate the public on the importance and impact of these new technologies.	EFC GIGP	\$900,000

CFA #	County	Applicant	Project Title	Description	Agency/Program	Award
56024	Erie	Buffalo Sewer Authority	Scajaquada Creek Restoration	The Scajaquada Creek Restoration Project will help mitigate flooding and improve water quality between Main Street and Elmwood Avenue in the City of Buffalo. GIGP funds will support restoration of the creek, the floodplain, and submerged and emergent wetland areas adjacent to the creek.	EFC GIGP	\$1,815,000
52556	Erie	Burchfield Penney Art Center	Burchfield Penney 50th Anniversary Celebration	Burchfield Penney Art Center's 50th Anniversary will present exhibitions, performances, workshops and community celebrations to engage local and out-of-town visitors.	Arts CHPG I	\$63,000
52575	Erie	Burchfield Penney Art Center	50th Anniversary Celebration Promotion	The Burchfield Penney Art Center will implement a marketing strategy for the establishment's 50th anniversary celebration. The marketing strategy will support the museum's branding and incorporate the ILoveNY goals, marketing standards, and guidelines to support and leverage the ILoveNY brand. The Burchfield Penney Art Center aims to engage audiences from outside New York State.	ESD MNY	\$125,000
51102	Erie	Center for Employment Opportunities, Inc.	Construction Worker Training	Center for Employment Opportunities, Inc. of Buffalo will train 32 workers in special populations in construction, Occupational Safety and Health Administration (OSHA) 10 hour, lead renovation/repair/painting, mold remediation, weatherization, green and healthy homes initiative certification.	DOL SPTP	\$100,000
57282	Erie	City of Buffalo	Niagara Street Revitalization Phase III/IV	The City of Buffalo will construct green street improvements from Porter Avenue north to Ontario street along the Niagara Street section of the Great Lakes Seaway Trail National Scenic Byway. The project will include street trees and stormwater landscaping to reduce storm and combined sewer overflows into the Black Rock Canal.	DEC WQIP NSAC	\$937,500

DOL UWT	\$50,000
55806	Monroe	Rochester Rehabilitation Center, Inc.	Office, Warehouse, and Service Training	Rochester Rehabilitation Center, Inc. will train 180 workers in special populations in customer service, bank teller, debt collection, forklift operation, janitorial services, and culinary arts.	DOL SPTP	\$80,000
55806	Monroe	Rochester Rehabilitation Center, Inc.	Office, Warehouse, and Service Training	Rochester Rehabilitation Center, Inc. will train 48 unemployed workers in customer service, bank teller, debt collection, forklift operation, janitorial services, and culinary arts.	DOL UWT	\$20,000
55997	Monroe	The Strong	International Tourism Marketing for The Strong	Margaret Woodbury Strong Museum will implement a comprehensive marketing program that leverages The Strong and promotes both the museum and the Finger Lakes Region. The project will increase collaboration with regional and I Love NY-sponsored programs, increase its presence with tour operators serving foreign markets, increase participation in trade shows, and develop itineraries and translated web pages. Margaret Woodbury Strong Museum aims to expand visitation from U.S. and Canadian markets and establish visitation from China, Australia, Germany, Ireland, Japan, and the UK.	ESD MNY	\$151,450
57744	Monroe	Town of Irondequoit	Sea Breeze Revitalization Plan	The Revitalization Plan will identify the range of Physical enhancements, neighborhood and business development strategies, and expanded recreational opportunities needed to maximize this area's potential.	ESD SPFS	\$35,000
50869	Monroe	Town of Sweden	Construction of Park Lodge	The Town of Sweden will construct an enclosed lodge at the 156-acre Town Park. The building will serve the needs of families and community organizations. The lodge will be approximately 2,600 square feet in size, capable of accommodating up to 100 people and equipped with restrooms, kitchen facilities and a fireplace.	OPRHP PKS D	\$446,145
50416	Monroe	Town of Webster	Sandbar Waterfront Park Improvements Design	The Town of Webster will design improvements for Sandbar Waterfront Park along Irondequoit Bay and Lake Ontario. Improvements will include recreation and educational zones along the lake and bay linked via a system of waterfront trails and boardwalks, picnic shelter, public restrooms, a playground and environmental education stations, transient boat docks, a car-top boat launch, and parking.	DOS LWRP	\$118,000

CFA #	County	Applicant	Project Title	Description	Agency/Program	Award
57971	Monroe	Veterans Outreach Center, Inc.	Multi-sector Careers Training	Veterans Outreach Center, Inc. of Rochester will train 553 workers in special populations in web page design, blue print reading, basic electrical fundamentals, small business/entrepreneurship, CompTIA certification, ServSafe food handling certification, welding, electrical work, Occupational Safety and Health Administration (OSHA) 30 hour and 10 hour certifications, culinary arts, security, signal and rigging, firearms, and commercial driving.	DOL SPTP	\$100,000
51162	Monroe	Village of Brockport	Brockport Canal Improvement Project	With this funding the Village of Brockport will undertake the Brockport Rowing and Canal Development Project, the first phase of a larger plan to develop recreational and competitive rowing programs in the Village and along the western section of the Erie Canal.	Canals	\$75,000
56434	Monroe	Visit Rochester	A Welcome Surprise! Canadian Tourist Marketing Campaign	Visit Rochester will expand their existing program, A Welcome Surprise!, to entice Canadian residents to visit New York State. This expansion will include broadcasting the Cross Border radio show more frequently and to a larger audience as well as create a campaign targeting Canadians to travel to lesser known regions of the state, titled Your Dollar Goes Further When You Do! Visit Rochester aims to attract 40,000 Canadians to visit New York State in 2016-2017 generating \$24 million in tourism spending.	ESD MNY	\$275,000
55455	Monroe	Water Education Collaborative Rochester museum and Science Center	Regional Green Infrastructure Showcase at Rochester Museum and Science Center - Phase II	The Regional Green Infrastructure Showcase at Rochester Museum and Science Center - Phase II Project will support porous pavement and adjacent bioretention areas at the Rochester Museum Science Center (RMSC) as part of a Regional Green Infrastructure Showcase. This project complements Phase I, which included an educational pavilion, green roof, rain gardens, rain barrels, bioretention areas, and educational signage. The proposed parking lot, bioretention areas, and related monitoring are important components of the showcase because they demonstrate how stormwater can be managed on an urban or tight site and reduce flow to the combined sewer system.	EFC GIGP	\$526,300
53870	Monroe, Wayne	Heritage Christian Services, Inc.	Quality and Management Training	Heritage Christian Services, Inc. of East Rochester will train 80 workers in code of ethics, how to integrate quality into daily practice, the role of supervisors in promoting quality, creating a strong team approach to promote quality outcomes, and creating a culture of accountability.	DOL EET	\$62,000
52473	Multiple	Campground Owners of NYS, Inc.	CONY Marketing Plan	Campground Owners of NYS, Inc. (CONY) will improve, expand, and kick-start marketing programs intended to promote general NY camping and tourism, drive customers to co-op buy-in partners, add more CONY employment opportunities, and generate data about the outdoor hospitality industry for business use. With this opportunity, CONY can promote at more shows and maintain its vision to be the model campground association.	ESD MNY	\$144,194

51971	Wayne	Genesee Land Trust, Inc.	Historic Cornwall Estate Lake Ontario Nature Park Acquisition Project	Genesee Land Trust (GLT) has a purchase contract to acquire 74 acres of the Cornwall Estate Lakeshore property in Williamson. GLT will create a nature park with public access, outdoor recreation, critical migratory bird habitat and 2/3 mile of natural lakeshore.	OPRHP PKS A	\$300,000
51829	Wayne	Town of Sodus	Beechwood State Park Basic Amenities	The Town of Sodus will install an electrical service and municipal water to the former Scout camp to improve the public's experience and fire safety at the State Park. This project will enable the Park to serve the campers and day-use visitors and advance the next phase-renovating the former Mess Hall as a modern meeting facility for public meetings, picnics and weddings.	OPRHP PKS D	\$76,387
53021	Wayne	Village of Palmyra	Palmyra Canal Trail Connector and Terminal Wall Extension	The project includes the installation of an approximately 3,200-linear-foot trail connecting the Village Marina to the village's downtown, as well as four wayfinding signs, and one enhanced crosswalk and pedestrian crossing signs.	OPRHP PKS D	\$192,500
53021	Wayne	Village of Palmyra	Palmyra Canal Trail Connector and Terminal Wall Extension	The Terminal Wall Extension (Canalway Grant) includes the installation of an approx. 300 LF concrete retaining wall from the existing boat launch (at the end of Park Dr.) along Mill Brook which will provide frontage for boaters to dock and come ashore, beautify the canalside, and provide needed erosion and sediment protection.	Canals	\$124,000
51007	Wayne	Village of Red Creek	South Street Neighborhood Sewer Installation	Funds will be used to construct a low-pressure, sanitary sewer force main along South Street.	HCR CDBGPI	\$596,000
56843	Wayne	Village of Sodus	Village of Sodus Engineering Planning Study	The Village of Sodus will complete an engineering report to evaluate the condition of the existing wastewater treatment plant in the Town of Sodus.	DEC EPG	\$30,000
57649	Wayne	Wayne County Soil and Water Conservation District	Lower Ganaragua Creek Stream Management	The Wayne County Soil and Water Conservation District will conduct stream restoration activities at 25 locations along the Lower Ganaragua Creek including natural stream design and riparian buffers reducing sediment loads to Ganaragua Creek.	DEC WQIP NSAC	\$72,965
56682	Wayne	Wayne-Finger Lakes BOCES	Nurse Assistant Training	Wayne-Finger Lakes BOCES of Newark will train 37 unemployed workers as certified nurse assistants.	DOL UWT	\$65,120
57802	Wayne	Wayne-Finger Lakes BOCES	Commercial Driver Training	Wayne-Finger Lakes BOCES of Newark will train 7 unemployed workers as commercial drivers.	DOL UWT	\$33,600
51844	Wyoming	Genesee/Finger Lakes Regional Planning Council	Implementation of Efficient and Effective Zoning Code and Enforcement in Wyoming County	Wyoming County will work with 24 local governments to further the consolidation of their zoning code administration and enforcement by creating guidelines for implementation, integrating them in an Intermunicipal Agreement, and developing Geographic Information System (GIS) data for county-wide zoning code enforcement. This will allow for efficiency and sharing of services as well as effectiveness of a single approach.	DOS LGE	\$99,996
53238	Wyoming	Village of Attica	Village of Attica Capital Improvement Plan	Funds will be used to complete a Capital Improvement Plan.	HCR CDBGCP	\$47,500

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
52864	Wyoming	Village of Perry	Village of Perry Storm Sewer Improvements	Funds will be used to replace approximately 3,760 feet of aging, deteriorated storm sewer mains on portions of South Main St., Washington Blvd. and Competent Ave.	HCR CDBGPI	\$600,000
54405	Wyoming	Village of Perry	Perry Downtown Revitalization	Grant funds will assist in the renovation of downtown mixed-use buildings.	HCR NYMS	\$275,000
52746	Wyoming	Wyoming County	Wyoming County Microenterprise Program	Funds will be used to assist in the establishment of a Microenterprise Program.	HCR CDBGME	\$200,000
53458	Yates	Town of Jerusalem	Town of Jerusalem Drinking Water Study	Funds will be used to complete a Drinking Water System Improvements Study.	HCR CDBGCP	\$50,000
53218	Yates	Town of Milo	Town of Milo Water Study	Funds will be used to replace deteriorated water lines and to install an additional water main to eliminate a dead end line in the Town's Water District #3.	HCR CDBGCP	\$50,000
51196	Yates	Town of Milo	Town of Milo Water District #3 Improvements	Funds will be used to replace deteriorated water lines and to install an additional water main to eliminate a dead end line in the Town's Water District #3.	HCR CDBGPI	\$576,000
56740	Yates	Village of Penn Yan	Village of Penn Yan Engineering Study	The Village of Penn Yan will complete an engineering report to evaluate the existing Village sanitary sewer system focusing on the elimination of Inflow and Infiltration.	DEC EPG	\$30,000
		NYSERDA Energy Efficiency Projects	140 Energy Efficiency Projects	NYSERDA's Commercial and Industrial (C&I) programs offer New York businesses solutions to improve energy efficiency and save money through design, new construction, renovation, and process improvements to commercial and industrial buildings. The New Construction Program and Existing Facilities Program help building owners make informed decisions to design and renovate sustainable buildings. The FlexTech program can offer energy saving opportunities through consultation and cost-sharing studies.	NYSERDA EE

Upstate Revitalization Initiative Best Plan

UPSTATE REVITALIZATION INITIATIVE

CFA #	County	Applicant	Project Title	Description	Award
55259	Broome	Bates Troy Incorporated	Bates Troy Expansion	Bates Troy will construct a new 12000 square foot addition, adjacent to its existing plant, in order to accommodate increased production.	\$600,000
53297	Broome	Binghamton University	NECCES Battery Dry Room	Binghamton University, a leader in energy storage RD and technology transfer, will purchase and install a dry room at the Binghamton University Center of Excellence to create a testing facility for new materials and devices related to the energy storage industry.	\$600,000
58058	Broome	Binghamton University State University of New York	Renovation of 48 Corliss Avenue at the Southern Tier Health Sciences and Technology Innovation Park	SUNY Binghamton will acquire and renovate 48 Corliss Avenue in Johnson City for establishment of a new Pharmacy School, which will anchor a new Health Sciences and Technology Innovation Park. The Park will bring together the University's School of Pharmacy and Pharmaceutical Sciences and Decker School of Nursing, SUNY Broome Community College, Wilson Memorial and Lourdes Hospitals, and their clinicians, life scientists, engineers, healthcare providers and educators, to deliver a regional approach to educating our future healthcare workforce.	\$2,000,000
55779	Broome	Binghamton Urban Renewal Agency	7 Hawley Street Redevelopment	7 Hawley Street will be developed into a mixed-use parking, residential, and retail/commercial facility in Binghamton to encourage further downtown improvements.	\$3,450,000
51917	Broome	Buckingham MfgCo	Buckingham Manufacturing Modernization Project	Buckingham will purchase new equipment, renovate existing manufacturing area, and lease or purchase or additional manufacturing space to expand manufacturing capabilities, resulting in increased sales, new hires and employee retention.	\$45,000
55298	Broome	Loco Development, LLC	Lackawanna train station	Loco Development will expand and renovate a historic train station in Binghamton to create business development opportunities.	\$75,000
55707	Broome	National Pipe and Plastics, Inc.	National Pipe Plastics Relocation	National Pipe Plastics, a manufacturer of industrial PVC pipe, will relocate their company headquarters from Vestal to Endicott, adjacent to the company's new manufacturing and shipping facility, including construction of a new 19,300 sf office building, employee and visitor parking lots, and park/green space.	\$500,000
53650	Broome	Regan Development Corporation	Century Sunrise Redevelopment Capital	This development project consists of the acquisition and rehabilitation of two long-vacant multi-story industrial buildings at 135-139 Baldwin Street in the Village of Johnson City, formerly part of the historic Endicott-Johnson industrial complex, located directly across from the planned Binghamton Pharmacy School and one block from UHS Hospital, creating 104 residential rental units and a 3500 square foot multi-level commercial space.	\$1,000,000

CFA #	County	Applicant	Project Title	Description	Award
52429	Chemung	Anchor Glass Container Corporation	Anchor Glass Modernization Project	Anchor Glass will conduct upgrades to the Elmira manufacturing plant, including re-bricking of Elmira Furnace 2 and modernization of forming and inspection equipment in order to maintain competitiveness and retain employment in New York State.	\$1,330,000
53866	Chemung	Arnot Ogden Medical Center	Arnot Ogden Medical Capital	This project will address structural changes needed to build a cohesive and sustainable integrated healthcare delivery system within the Arnot Ogden Medical Center (AOMC). Structural changes to the AOMC will include the reconfiguration and expansion of the Emergency Department in order to accommodate additional emergency stations, offices, medical residents, telemedicine and workflow. The Medical Center Heart Institute Acute Care unit will be moved and renovated to accommodate a 3,000 square foot observation unit contiguous to the Emergency Department.	\$1,500,000
55817	Chemung	Cameron Manufacturing Design, Inc.	CMD Consolidation Expansion	Cameron will purchase an additional 300,000 square feet facility to consolidate two off-site leased locations, creating production efficiencies and facilitating expansion.	\$400,000
52779	Chemung	DeMet's Candy Company	Business Expansion	Demet's Candy Company, an internationally-owned manufacturer, will complete phase II construction of a 100,000 sq. ft. manufacturing plant on a 17-acre site in the Airport Corporate Park, Big Flats.	\$1,800,000
55934	Chemung	Elmira College	Elmira College Driving Elmira Refresh	The Lake Erie College of Osteopathic Medicine will open a new medical school at a new downtown Elmira College campus location, including classroom space, parking, and athletic facilities.	\$1,500,000
52533	Chemung	Envision Elmira, LLC	The Werdenberg Building Project	Envision Elmira, LLC will redevelop the long-vacant, historic Werdenberg Building in downtown Elmira, including façade improvements, two new first floor storefronts and four market rate apartments on the second floor.	\$120,000
53015	Chenango	Leatherstocking Gas, LLC	Chenango Gas	Leatherstocking Gas Co., LLC will construct an 18-mile long natural gas distribution line from the Constitution Pipeline in the Town of Bainbridge to the Raymond Corporation plant in the Village of Greene.	\$1,500,000
53761	Chenango	Simaar, Inc.	Block Bindings Capital	Acquisition of business operation, buildings, and land at L.A. Najarian Ribbon Mill in order to retain the company's high-quality ribbon and narrow fabric manufacturing facility in the Southern Tier Region.	\$200,000
55901	Chenango	The Raymond Corporation	Raymond Manufacturing Center of Excellence	The Raymond Corporation will renovate its Center of Manufacturing Excellence and construct an Employee Development and Wellness Center. The project will also include purchase of equipment and construction of a turning lane off Route 12.	\$500,000
51449	Delaware	Masserson Holdings, LLC	The Roxbury at Stratton Falls	Masserson Holdings, Inc. will rehab a 5700 sf federal mansion into 7 themed guest rooms, and construct 8 new themed "tower cottages" with amenities and a scenic waterfall trail, expanding on the internationally-acclaimed Roxbury Hotel tourism destination.	\$1,330,000
52319	Delaware	Village of Walton	Walton WWTP Biogas Project	The Village of Walton will construct an anaerobic digester at its existing waste water treatment plant to increase efficiencies and reduce costs.	\$1,500,000
50517	Schuylar	Chicone Cabinetmakers, LLC	Chicone Cabinetmaker Capital	Expansion of a manufacturing facility and purchase of cutting edge advanced manufacturing technology to reduce waste, maximize efficiency, and increase precision manufacturing.	\$150,000

Southern Tier

CFA #	County	Applicant	Project Title	Description	Award
50680	Steuben	Corning Community College Development Foundation, Inc.	Corning Health Education Complex	Corning Community College will partner with Guthrie Hospital and key development partners to redevelop the former Corning Hospital site into a downtown center for healthy living and health-based education, including construction of 85 residential units and a 21,000 sf workforce development complex to provide training and development programs in the healthcare industry.	\$3,500,000
54894	Steuben	Finger Lakes Boating Museum	Finger Lakes Boating Museum Capital	ESD funding will support structural improvements to an existing Boating Museum that will include electrical heating upgrades and a roof replacement as part of an effort to upgrade the regions waterfront infrastructure.	\$50,000
54614	Steuben	Ice Energy Holdings, Inc.	Ice Bear Capital	This project will support the acquisition of capital equipment, developing a local transportation hub and procurement of goods sold in New York State that will be used in the manufacturing of the company.	\$400,000
53039	Steuben	Town of Urbana	Town of Urbana Waterfront Capital	The waterfront revitalization project will consist of construction of a new pier and parking area on the southern end of Keuka Lake. This project will enhance the economic vibrancy of the area and support tourism activity throughout the Southern Tier.	\$350,000
54724	Steuben	Transitair, Inc.	Transit Air Capital	Transitair will expand an existing facility to accommodate a wheel press shop, including purchase of related machinery, equipment and tooling.	\$150,000
50694	Tioga	Tioga County Department of Economic Development and Planning	Tioga County IDA E-Site Water System	A water system will be developed along Route 434 for future commercial development.	\$350,000
56729	Tioga	Upstate Shredding, LLC	Upstate Shredding Media Plant	Upstate Shredding, LLC will construct a new 30,000 square foot facility in the Tioga Industrial Park in Owego for development of a heavy media plant to reclaim shredded mixed metals from the scrap recycling operations of its affiliate, Weitsman Recycling.	\$1,000,000
52628	Tioga	Village of Waverly	Village of Waverly WWTP Upgrade	The Village of Waverly will expand and upgrade its waste water treatment facility, supporting expansion of companies in the area including Leprino Foods.	\$2,000,000
55195	Tompkins	City of Ithaca	City of Ithaca College Town Redevelopment	Relocation of the City of Ithaca Fire Station to incorporate the site into the City's College Town Revitalization initiative that will include a series of mixed use investments in the urban core.	\$1,000,000
57280	Tompkins	Finger Lakes ReUse, Inc.	Building Innovative Economic Opportunities through Reuse	Finger Lakes Reuse, a non-profit recycling organization, will construct 2 new buildings to create additional retail, programmatic, office and material processing space as part of their expansion.	\$500,000
52170	Tompkins	Hopshire Brewery, LLC	Hopshire Brewery Expansion	Hopshire Brewery will expand its brewing/ distribution facility and purchase additional equipment to increase production.	\$50,000
55881	Tompkins	Incodema3D LLC	3D Metrology	Incodema3D, a high-tech metal component printing company, will invest in new product manufacturing machinery and equipment to expand into proto-typing aerospace components.	\$375,000
53534	Tompkins	The Ithaca Beer Company, Inc.	Ithaca Beer Capital	A new canning line will be purchased and installed, creating a more efficient distribution operation and meet the company's growing demand.	\$175,000
		Upstate Revitalization Initiative Funds		The Upstate Revitalization Initiative funds will be utilized to fund projects that will assist with implementing regional revitalization plans that are designed to make transformative improvements in a region's economy.	\$70,000,000

CFA #	County	Applicant	Project Title	Description	Agency/Program	Award
51988	Onondaga	Everson Museum of Art	Helen Levitt: In the Street	Everson Museum of Art will present Helen Levitt: In the Street, a major traveling exhibition of street photography, to draw visitors to downtown Syracuse from lower Canada, Pennsylvania and beyond.	Arts CHPG I	\$31,500
51892	Onondaga	Falso Industries, Inc.	Manufacturing Improvement Training	Falso Industries, Inc. of Syracuse will train 29 workers in blueprint reading, standard work, Lean systems, continuous improvement, and mechanical inspection.	DOL EET	\$18,000
55828	Onondaga	Grace Episcopal Church	Exterior Masonry Restoration Project	Grace Episcopal Church, a National Registered landmark on University Avenue along Syracuse's increasingly vibrant Connective Corridor, is embarking on an exterior restoration that will address critical repairs to failing exterior masonry walls. The goals of the project are to correct hazardous conditions, reestablish a weather-tight building envelope, and enhance the historic character of the church, and by extension, the surrounding neighborhood.	OPRHP HP D/P	\$275,886
53374	Onondaga	Onondaga Community College	OCC Green Gateway and Living Lab	The Onondaga Community College Green Gateway and Living Lab Project will transform the Mawhinney Hall Gateway Plaza and West Quad into a showcase for green infrastructure practices that contribute to regional sustainability initiatives. GIGP funds will support the construction of porous pavement and pavers, bioretention, storm water planters, storm water tree pits, and rainwater harvesting and use to reduce runoff and pollution flowing into the Onondaga Lake Watershed from existing buildings, parking lots and hardscapes. GIGP funding will also support water quality monitoring and educational signage.	EFC GIGP	\$711,000
53415	Onondaga	Onondaga Historical Association	Stickley House Planning	The Onondaga Historical Association will convert the Gustav Stickley House in Syracuse into a house museum and boutique hotel to drive tourism and adapt the currently unused house to showcase Stickley's legacy and the Arts and Crafts movement in Central New York.	Arts CHPG P	\$48,906
57048	Onondaga	Open Hand Theater	Expanded Marketing Capacity	Open Hand Theater will expand the Managing Director position to spend more time on marketing, public relations and fundraising.	Arts WIP	\$26,100
53654	Onondaga	Parents Promoting Dance	Expanded Programmatic Capacity	Parents Promoting Dance will expand the School Director position to increase enrollment, strengthen student artistic outcomes and retention, and develop curriculum and marketing.	Arts WIP	\$40,000
50281	Onondaga	Symphoria	Sound Stops Musical Performances	Sound Stops, a collaboration among Symphoria, Syracuse University's Connective Corridor, the City of Syracuse, and the Everson Museum, will bring a series of "pop up" musical performances to five locations across Syracuse.	Arts CHPG I	\$40,500
57330	Onondaga	Syracuse Children's Theatre	Expanded Development and Operational Capacity	Syracuse Children's Theatre will hire a full-time Assistant to the Executive Director to do grant research, marketing, fundraising, and other critical administrative responsibilities.	Arts WIP	\$49,500

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
55106	Onondaga	Syracuse Regional Airport Authority	Hancock Airport Planning Study	The Syracuse Regional Airport Authority will conduct a study of its next level of capital development, including the Airport parking garage; rental car facility; the private development of a new on-airport hotel, including restaurant and conference facilities; a new skywalk system; and the possibility of re-commissioning the OnTrack rail system (or other light rail alternatives) to connect the Airport to the Regional Transportation Center.	ESD SPFS	\$25,000
55912	Onondaga	The Village of Baldwinsville	Baldwinsville Boat Launch	The Village of Baldwinsville will rehabilitate two community boat launches.	Canals	\$37,000
56262	Onondaga	Town of Cicero	Town of Cicero Oxbow Road Bank Stabilization	The Town of Cicero will stabilize an eroding bank of the Chittenango Creek along Oxbow Road. The project will include in-stream structures including benway weirs, rock vanes and vegetation to reduce sediment loads to the Chittenango Creek.	DEC WQIP NSAC	\$75,000
53261	Onondaga	Town of Cicero	Bennett Street Installation of Streetscape Improvements	The Town of Cicero will continue to install streetscape improvements in the Hamlet of Brewerton, along Bennett Street and its corner with NYS Route 11. This project implements the streetscape improvements design and complements the renovation of a waterfront park funded through previous Environmental Protection Fund Local Waterfront Revitalization Program grants.	DOS LWRP	\$121,500
51126	Onondaga	Town of DeWitt	Field of Dreams Renovations	The Town of DeWitt will build an all-inclusive outdoor multi-sports complex to be enjoyed by residents and visitors of Central New York. The facility will also provide a home to the Syracuse Challengers Little League Baseball Division. The Town of DeWitt aims for the site to serve as a model for energy-efficiency, renewable energy, and green infrastructure practices.	ESD MNY	\$250,000
54694	Onondaga	Town of DeWitt	Syracuse Urbanized Area Comprehensive Storm Sewer Mapping Project	This project will produce an online, comprehensive, interactive GIS storm sewer map accessible for use by members of the CNY Storm water Coalition.	DEC WQIP MS4	\$168,000
52588	Onondaga	University Neighborhood Preservation Association	Stickley House Restoration	Grant funds will be used to stabilize the Gustav Stickley House at 438 Columbus Avenue in Syracuse, NY.	HCR UI	\$200,000
53960	Onondaga, Cayuga, Madison, Oswego	Erie Canal way Heritage Fund, Inc.	World Canals Conference 2017: Promoting Syracuse and Central New York as an International Destination	Erie Canal way Heritage Fund Inc. will host and market the World Canals Conference 2017: Our Vital Waterways: Agents of Transformation, September 24-28, Syracuse and other central New York venues. The conference will include many programs, activities, and tours pertaining to the Erie Canal. Erie Canal way Heritage Fund Inc. aims to attract future events and economic investment in the region.	ESD MNY	\$273,350
57401	Oswego	Children's Museum of Oswego	Expanded Organizational Capacity	Children's Museum of Oswego will hire a full-time salaried Executive Director, its first paid staff member, to increase organizational capacity.	Arts WIP	\$35,400

Central New York

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award
56924	Oswego	City of Oswego	Waterfront Feasibility Study	The City of Oswego will conduct a Waterfront Feasibility Study to assess the economic and development opportunities for eight city-owned properties in the waterfront area: Breitback Park, McCrobie Building, Wrights Landing, International Marina, Flexowire, Cahill Building, and two parking lots. This waterfront area has been underutilized, yet has the greatest potential to spur local economic growth. The study will use intensive workshops, with participation from stakeholders and the public.	DOS LWRP	\$132,250
56931	Oswego	City of Oswego	City of Oswego West Side Sanitary Sewer Rehabilitation	Funds will be used to improve the West Side sanitary sewer system by performing sewer rehabilitation construction.	HCR CDBGPI	\$600,000
53896	Oswego	Felix Schoeller North America, Inc.	Machine Operator Training	Felix Schoeller North America Inc. of Pulaski will provide on-the-job training to 10 newly-hired workers as machine operators, assistant machine operators, quality assurance technicians, forklift drivers, and administrators.	DOL NHT	\$50,000
51123	Oswego	Friends of Fulton Parks, Inc.	Recreation Park Restoration	The project will restore the picnic shelter and install a teen-focused play area unique to central New York, and ranked for ages ranging from 5 through adult. The components include ropes course, climbing boulders, agility/balance/coordination apparatus, and accessible equipment with universal design.	OPRHP PKS D	\$292,409
52516	Oswego	Pathfinder Industries, Inc.	Quality Training	Pathfinder Industries, Inc. of Fulton will train 23 workers in International Organization for Standardization (ISO) quality management system overview, quality planning and documentation, improvement actions and problem solving, and internal auditing.	DOL EET	\$17,000
54336	Oswego	Pulaski Boylston Snowmobile Club, Inc.	Pulaski Boylston Snowmobile Club Trail Groomer Acquisition	The Pulaski Boylston Snowmobile Club, Inc. will purchase trail groomer equipment to maintain trails in Northern Oswego and Southern Jefferson County.	OPRHP RTP M	\$168,032
52797	Oswego	Town of Albion	Town of Albion Water System Planning Project	The Own of Albion will complete a water system study.	HCR CDBGCP	\$47,500
56389	Oswego	Village of Cleveland	Dock Rehabilitation	Oswego County, on behalf of the Village of Cleveland, will rehabilitate the NYS Canal Corporation structure Cleveland Dock. The project will stabilize the dock with sheet piling and add fishing access, a floating dock system for large transient boats, a cartop boat launch, a pump-out station, a restroom/shower, a picnic shelter and interpretive signage about its history. This project is also being funded by NYS DEC (NY Works) and a U.S. Fish and Wildlife Service Boating Infrastructure Grant.	DOS LWRP	\$400,000
56482	Oswego	Village of Phoenix	Marina Feasibility Study	The Village of Phoenix will study the feasibility of developing a mixed-use facility on a portion of Village-owned property intended to provide an additional canal-based resource for the community.	ESD SPFS	\$40,000
		Low Cost Economic Development Financing		Federal Industrial Development Bond (IDB) Cap will be made available for state and local government issuers to sell tax-exempt bonds for eligible economic development, infrastructure and community revitalization efforts.	ESD IDBC	\$10,000,000

CFA #	County	Applicant	Project Title	Description	Agency/ Program	Award

The New Construction Program and Existing Facilities Program help building owners make informed decisions to design and renovate sustainable buildings. The FlexTech program can offer energy saving opportunities through consultation and cost-sharing studies.</p>	<p>NYSERDA EE</p>	

Mohawk Valley

MOHAWK VALLEY

\$100.3 million awarded to 92 projects

CFA #	County	Applicant	Project Title	Description	Agency/Program	Award
51044	Fulton	City of Johnstown	Town of Johnstown Food Pantry	Funds will be used to rehabilitate The One Church Street facility which houses a food pantry and soup kitchen.	HCR CDBGPF	\$400,000
52145	Fulton	Fulton County	Jumpstart Fulton County Repair Interconnection Between 2 Cities Water Systems	Construction and installation of infrastructure upgrades at two locations linking the City of Gloversville and the city of Johnstown municipal water systems.	ESD Grants	\$51,000
52210	Fulton	Fulton County	Fulton County Development Strategy	Fulton County will develop a County Development Strategy Plan outlining a 10-year vision for the County's projects and strategies.	ESD SPFS	\$20,000
51430	Fulton	Fulton County	Fulton County Microenterprise Program	Funds will be used to assist in the establishment of a Microenterprise Program.	HCR CDBGME	\$200,000
52224	Fulton	Fulton County	Tryon Technology Park	The project involves the demolition of three buildings and clearing of an approximately 100 acre site at the Tryon Technology Park and Incubator Center.	ESD Grants	\$10,000
52228	Fulton	Fulton County	Tryon Technology Park Incubator and Training Center	The project includes renovating a building at Tryon Technology Park to be used as an incubator and training center.	ESD Grants	\$30,000
57159	Fulton	Fulton County Soil and Water Conservation District	Fulton County Hydroseeding Program	The Fulton County Soil and Water Conservation District will continue a hydroseeding program that provides critical area seeding at the County landfill and for stabilizing road ditches. In addition the District will provide educational opportunities to municipalities throughout the county on the benefits of hydroseeding. The project will continue to reduce the amount of sediment entering waterbodies throughout Fulton County.	DEC WQIP NSAC	\$31,500
51270	Fulton	Gloversville Public Library	Gloversville Public Library structural improvements	The Gloversville Public Library, a 1904 Carnegie building will be completely renovated bringing the building into compliance with NYS building code and ADA Standards.	ESD Grants	\$500,000
51270	Fulton	Gloversville Public Library	Necessary structural library improvements	The repair projects are vital to the structural integrity of the 111-year-old public building and offer an opportunity to install energy efficient alternatives.	OPRHP HP D	\$500,000
55542	Fulton	Gloversville-Johnstown Wastewater Treatment Facility	Gloversville-Johnstown Wastewater Disinfection Project	Install a disinfection system at the Gloversville-Johnstown Joint Wastewater Treatment Facility. The outcome will be to fully treat the effluent, which reduces environmental contamination.	DEC WQIP WTI	\$1,100,000

CFA #	County	Applicant	Project Title	Description	Agency/Program	Award
54306	Fulton	Nathan Littauer Hospital Nursing Home, Inc.	Nathan Littauer Hospital Primary Care Perth	Nathan Littauer Hospital and Nursing Home will construct primary care and dialysis medical facilities in Perth, Fonda, and Gloversville.	ESD Grants	\$740,000
54974	Fulton	New Age Renewable Energy	Johnstown Renewables	New Age Renewable Energy will build an acid whey treatment facility in the Johnstown Industrial Park.	ESD Grants	\$2,000,000
54974	Fulton	New Age Renewable Energy Corporation	New Facility	New Age Renewable Energy will build an acid whey treatment facility in the Johnstown Industrial Park.	ESD EJP	\$940,000
55825	Fulton	Robison Smith, Inc	Modern Commercial Laundry Facility	Robison Smith, a 100 year old industrial laundry operation, will consolidate two antiquated facilities to one state of the art modern facility.	ESD Grants	\$1,700,000
51045	Fulton	St. John's Episcopal Church	St Johns One Church Street 2015 Expansion and Revitalization Project	Convert a former YMCA building to a food pantry with commercial kitchen and dining room on the first floor and emergency shelter on the upper floors.	ESD Grants	\$80,000
57283	Fulton, Herkimer, Montgomery, Oneida, Otsego, Schoharie	Workforce Investment Board of Herkimer, Oneida, Madison Counties	Mohawk Valley Path Through History Cycling Trails	The Workforce Investment Board of Herkimer, Oneida, Madison Counties will implement the next phase of its original multi-year plan to develop and market cycling trails that will connect the existing Erie Canalway Trail to historic sites throughout the project area. The Workforce Investment Board of Herkimer, Oneida, and Madison Counties aims to increase visitation, sales and occupancy tax revenues in the project area.	ESD MNY	\$291,500
52422	Herkimer	Ace of Diamonds Mine and Campground	Ace of Diamonds Tourism Enhancement Project	Ace of Diamonds Mine and Campground will expand its tourist attraction in Middleville, New York. The project will include the increase of camping capacity, expansion of Herkimer Diamond exploration, and the improvement of restroom facilities and mine safety. Improving the mine's ability to accommodate more tourists will add to the economic vitality of the Mohawk Valley Region similar to the impact Howe Caves has in Schoharie County.	ESD MNY	\$138,468
50523	Herkimer	Herkimer County Chapter, NYSARC, Inc.	Mohawk Region Accessible Park	The proposed project is a collaboration between the Village of Herkimer and the Herkimer Area Resource Center (ARC) to transform contiguous properties owned by each into a totally accessible recreation experience attractive to children and families of all ages and abilities. Elements of the park include playground areas; fitness path; municipal pool renovated for accessibility; renovated basketball court and athletic field; bocce pavilion; picnic pavilion; bandstand; and adult seating at play areas.	OPRHP PKS D	\$394,334
56055	Herkimer	TJ Allen Bulk Services LLC	Bulk Storage Diversification	An existing small agribusiness will expand through the purchase of a Peterbilt 335 with a spreader as new equipment to improve the business.	ESD Grants	\$46,000
51940	Herkimer	Town of Herkimer	West Canada Creek Flood Mitigation Plan	The study will enable the creation of a flood plan to identify long-term measures required to protect homes, businesses and critical infrastructure along the West Canada Creek in the Town of Herkimer.	ESD SPFS	\$50,000

Mohawk Valley

CFA #	County	Applicant	Project Title	Description	Agency/Program	Award
52212	Herkimer	Village of Frankfort	Town and Village of Frankfort Police Consolidation Study	The Village and Town of Frankfort will complete a Police Consolidation Study to identify options for restructuring services to reduce local tax burdens.	DOS LGE P	\$21,000
53205	Herkimer	Village of Herkimer	Smith Brothers Standard Furniture Building Rejuvenation	The Smith Brothers Standard Furniture Building is a landmark property located in the Village of Herkimer's Central Business District.	ESD Grants	\$250,000
53120	Herkimer	Village of Herkimer	Village of Herkimer Hydraulic Canal Phase III	Funds will be used to repair the drainage and blight issues along the Village's Hydraulic Canal.	HCR CDBGPI	\$505,000
55768	Herkimer	Village of Mohawk	Fulmer GreenPlain Park North	The Village of Mohawk will design and construct an additional section of the linear trail and boardwalk linkages to connect with the Canalway Trail. The Environmental Protection Fund Local Waterfront Revitalization Program funded portion of the project will build on the Village of Mohawk's 2014 CFA-funded project to implement the NY Rising strategy to stabilize the Fulmer Creek corridor to reduce impacts of stormwater, maintain natural drainageways, and reduce streambank erosion.	DOS LWRP	\$124,227
55768	Herkimer	Village of Mohawk	Fulmer GreenPlain Park North	Funding will help advance development of the 'GreenPlain' to enhance the community's resiliency to storm events, better protect downstream business and Main Street districts from flooding, encourage businesses to reopen or locate within the previously impacted areas, and encourage increased tourism and recreation through the creation of a linear park system.	OPRHP PKS D/P	\$493,345
56966	Montgomery	Amsterdam Industrial Development Agency	AGT Services Expansion	AGT Services will expand, adding power generating turbine services resulting in the addition of 25 manufacturing jobs and retaining 70 existing jobs in Amsterdam.	ESD Grants	\$3,000,000
57871	Montgomery	Amsterdam Industrial Development Agency	Memory Lane Day Care Center II	A licensed day care center will be established, serving children ages 6 to 12 years. The center plans to care for up to 38 children and will be located convenient to Amsterdam's business park.	ESD Grants	\$50,000
51454	Montgomery	City of Amsterdam	Amsterdam Wastewater Dinfection Project	Install a new disinfection system at the City's wastewater treatment facility. The project will include installation of equipment, storage, piping, controls, electrical wiring and related work necessary for a complete chlorination system. The outcome will be fully treat the effluent, which reduces environmental contamination.	DEC WQIP WTI	\$183,353
57532	Montgomery	City of Amsterdam	Planning for Relocation of the Amtrak Station	The City of Amsterdam will prepare detailed site plans to relocate the Amtrak station from the 100-year flood plain at the West End, to its pre-1960 downtown core site. Identified in several City plans, the project will advance existing feasibility and design studies as preparation for construction funding application. Relocation will provide an economic boost to downtown, enhancing waterfront access and connections to the Mohawk Valley Gateway Overlook.	DOS LWRP	\$115,000
51420	Montgomery	Fulmont College Association	The Global Village at FM	The Project will enhance the current infrastructure increasing capacity for future economic development projects including the Global Village project.	ESD Grants	\$3,725,000

CFA #	County	Applicant	Project Title	Description	Agency/Program	Award
52716	Montgomery	Mair Magaw Information Systems, LLC	Mair Magaw Information Systems	Mair Magaw, a minority; veteran-owned global company, based in NYS will acquire, redesign, repurpose an empty building in downtown Amsterdam NY.	ESD Grants	\$400,000
56059	Montgomery	Mohawk Valley Collective, Inc.	Unity Hall and West Hill School Critical Conditions Remediation	Grant funds will be used to complete architectural drawings and building design plans for two buildings in Canajoharie and Fort Plain.	HCR NYMS-TA	\$20,000
52823	Montgomery	Montgomery County	Bike Trail Restoration Project	The Bike Trail Restoration project focuses on two sections of the existing State Canalway bike trail, the one section being the trail from Fort Hunter to the Village of Fultonville, and the second being from the Village of Fultonville to the Town of Root. The project will pave these sections to create a cohesive trail with the other already paved sections. This would establish a safer environment for runners, bikers, and other trail users and cut down on maintenance costs.	OPRHP RTP D	\$200,000
52823	Montgomery	Montgomery County	Bike Trail Restoration Project	This funding would go toward a Bike Trail Restoration project within Montgomery County on two sections of the existing State Canalway bike trail. The Canalway Trail is a network of approximately 300 miles of multiple-use trails across Upstate New York. The proposed project would lay down asphalt along these sections to create a cohesive trail with the other already asphalted sections.	Canals	\$100,000
52727	Montgomery	Village of Fonda	Village of Fonda Canalside Park Improvements Project	This funding will go toward a new Canalside Park off South Bridge Street in the Village of Fonda creating access for the public along this stretch of the Mohawk River, which is not currently accessible. Upon completion, Canalside Park will improve access to the Mohawk River by boaters and local residents.	Canals	\$30,000
51913	Montgomery	Village of Fultonville	Village of Fultonville Dock Phase 2	The Village of Fultonville proposes an extension of docks located at the Mohawk River Scenic Overlook Waterfront Access Facility.	Canals	\$50,000
55815	Montgomery	Village of St. Johnsville	Soldiers and Sailors Memorial Park Improvements	The Village of St. Johnsville will construct improvements to the Memorial Wall, replace aged children's equipment and the Little League scoreboard and rehabilitate dugouts and stands in Soldiers and Sailors Memorial Park. The project will restore the Park as a safe community center, honoring generations of veterans and encouraging children to be active and healthy. This is a priority project in the Western Montgomery County Local Waterfront Revitalization Program.	DOS LWRP	\$75,000

Mohawk Valley

CFA #	County	Applicant	Project Title	Description	Agency/Program	Award
53356	Multiple	Capital District Regional Planning Commission	Cleaner Greener Category 3 Community Partnership	The Capital District Regional Planning Commission (CDRPC) proposes to serve as the Eastern New York State Community Partnership (NYSCP) Program Coordinator in the Capital Region, North Country, Mohawk Valley, and Mid-Hudson regions. In conjunction with program partners, including the Adirondack North Country Association, the Mohawk Valley Economic Development District and the Hudson Valley Regional Council, it will deploy Regional Support Contractors to leverage regional partnerships and locally based networks to encourage adoption of energy efficiency technologies and policies, smart growth and sustainable land-use planning practices and use of renewables. The project is expected to help communities develop and replicate advanced clean energy demonstration projects.	NYSERDA CGC3	\$750,000
57356	Multiple	Energetics Incorporated	Animating the Electric Vehicle Market in New York State	The EV Market Development program will stimulate and expand the EV market in New York by installing charging stations, offering EV incentives and conducting outreach. It includes implementing five EV charging station plans for regions along the I-90 corridor (Capital District, Mohawk Valley, Central New York, Finger Lakes and Western New York). Expected outcomes are 50 EV charging ports in critical areas where there currently are none, a model EV deployment community in Rochester and a Mid-Hudson promotion of an EV tourism package to existing EV drivers in New York City and Westchester County.	NYSERDA CGC3	\$1,500,000
55811	Multiple	EV Connect	NY Community Project	The Community-Based EV Charging and EV Rebate Program will increase the number of EV-ready communities across the State and adoption of EVs. Led by EV Connect, the consortium includes NYPA, GE, GM and New York-based Spark Fund. The program seeks to deploy GE manufactured EV charging stations in 50 communities at no charge to those communities.	NYSERDA CGC3	\$257,142
56675	Oneida	Bagg's Square Association	Bagg's Square Regeneration	Project is to inventory underutilized downtown mixed-use buildings and evaluate feasibility of renovation projects in the City of Utica.	HCR NYMS-TA	\$20,000
54250	Oneida	Bagg's Square Partners, LLC	Baggs Square Thincubator Lofts	Bagg's Square Partners will acquire a currently abandoned property at 310 Broad Street, renovate the first floor for commercial use and the upper floors to loft apartments.	ESD Grants	\$900,000
54330	Oneida	City of Rome	Race to the Harbor	The Race to the Harbor Project is located within an officially designated Brownfield Opportunity Area along the City of Rome's waterfront and serves as a direct connection from the waterfront area to the East Dominick Street Main Street Corridor. This project will transform the site into a functioning parking facility to support public and private projects within the immediate area. GIGP funds will support porous pavement and porous pavers, stormwater tree plantings, and bioretention.	EFC GIGP	\$450,000

CFA #	County	Applicant	Project Title	Description	Agency/Program	Award
56504	Oneida	City of Utica	Into the New Century NYMS Project	Project will address Phase I of construction related to environmental contamination.	HCR NYMS	\$300,000
56243	Oneida	Compassion Coalition, Inc.	Grocery Expansion Project	The current grocery store, which is located in a highly distressed neighborhood, will be expanded from 1,200 sq. ft. to 5,500 sq. ft. in order to improve store layout and make room for newer freezers.	ESD Grants	\$160,000
42858	Oneida	Erie Pellets Inc.	Erie Pellet Capital project	Erie Pellet company plans to convert a gravel pit into to a Pellet manufacturing facility.	ESD Grants	\$170,000
42858	Oneida	Erie Pellets, Inc.	Pellet Manufacturing Facility	Erie Pellet company plans to convert a gravel pit into to a Pellet manufacturing facility.	ESD EJP	\$530,000
55765	Oneida	Fort Schuyler Management Corporation	Innovation Network for Technology Convergence Facility. Advanced Manufacturing Workforce Development Center	A 100,000 sq.ft. multi-story nano-cyber Innovation Accelerator Center (IAC) will be constructed on an 8-acre green-field parcel adjacent to SUNY Poly in Marcy. The IAC will focus on nano tool development and will host the Advanced Manufacturing Performance Center which will train new workers from low-income and refugee populations in the Mohawk Valley region. An education and training center will be established known as the Workforce Innovation Center, (WIC) for advanced manufacturing in semiconductor, PV, MEMS, mixed signal, IT, and power electronics.	ESD Grants	\$6,100,000
52816	Oneida	Mohawk Valley Community College	Nurse Assistant Training	Mohawk Valley Community College of Utica will train 76 unemployed workers as certified nursing assistants.	DOL UWT	\$99,560
51496	Oneida	Mohawk Valley Community College	MVCC Advanced Manufacturing Institute	MVCC will create the Mohawk Valley Advanced Manufacturing Institute on the Utica campus, adding a fully-functional cleanroom for nanotechnology and a lab for mechatronics.	ESD Grants	\$1,800,000
51520	Oneida	Munson-Williams-Proctor Arts Institute	A Thousands Face, A World of Stories: Photographs by Steve McCurry	The exhibition, A Thousands Face, A World of Stories, will present 60 large-scale photographs by renowned National Geographic photographer Steve McCurry, known for his iconic cover image, Afghan Girl.	Arts CHPG I	\$61,110
51520	Oneida	Munson-Williams-Proctor Arts Institute	A Thousands Face, A World of Stories: Photographs by Steve McCurry	The Munson-Williams-Proctor Arts Institute (MWPPI) will bring artwork by international artist and National Geographic photographer Steve McCurry to its venue. MWPPI will use this opportunity to garner new audiences and build on existing constituencies. A comprehensive marketing campaign will draw tourists from across NY State and beyond. MWPPI aims to provide innovative art-based experiences that educate and inspire people, contribute to the local economy, and participate in the revitalization of Utica.	ESD MNY	\$30,000
53632	Oneida	Oneida County	Mohawk River Watershed Management Plan Implementation - Stream Restoration	The County of Oneida, in collaboration with the Mohawk River Watershed Coalition, will implement the Mohawk River Watershed Management Plan to restore stream systems which have experienced extreme flooding. The project will include appropriate shoreline restoration practices, resizing culverts, reconnecting floodplains and installing riparian buffers.	DOS LWRP	\$907,600
53943	Oneida	Oneida County	Oneida County Water Resource Recovery Project	Construct two new anaerobic digesters for sludge stabilization and the ability to collect biogas for electricity production.	ESD Grants	\$1,000,000

Mohawk Valley

CFA #	County	Applicant	Project Title	Description	Agency/Program	Award
58009	Oneida	Oneida County	Griffiss UAS Technology Center	The UAS Technology Center will install Saab Sensis Corporation Wide Area Multilateration (WAM) Surveillance SR-3 Airport Surface Radar and SRC, Inc. LSTAR (V3) Air Surveillance Radar at the FAA-designated Griffiss International Airport test range.	ESD Grants	\$2,860,000
57094	Oneida	PAR Technology Corporation	Facility and Equipment Expansion	PAR Technology will relocate the company's Boulder CO facility to New York State, renovating a facility to accommodate manufacturing and customer service jobs.	ESD EJP	\$330,000
57094	Oneida	PAR Technology Corporation	Information Technology Expansion Project	PAR Technology will relocate the company's Boulder CO facility to New York State bringing 60 customer support jobs and 13 manufacturing jobs and 4 administration jobs within 5 years.	ESD Grants	\$900,000
52468	Oneida	Town of Kirkland	Robinson Road Sewer Improvements	The project will provide sanitary sewers to the Robinson Road area in Kirkland to accommodate existing businesses and future Industrial Development.	ESD Grants	\$360,000
57647	Oneida	Upper Mohawk Valley Memorial Auditorium Authority	Utica Memorial Auditorium Critical Facility and Campus Improvements	Project is the conclusion of a 3-phase infrastructure improvement project for the historic Utica Memorial Auditorium. 1. switchgear replacement, chiller replacement, creation of regional ticketing infrastructure, parking area paving.	ESD Grants	\$500,000
56801	Oneida	Village of Boonville	Boonville Industrial Site Development	A comprehensive planning study of an unused parcel will be conducted.	ESD SPFS	\$5,000
51224	Oneida	Village of Camden	Camden Downtown Facade Improvement	Grant funds will be used to renovate mixed-use buildings in the Village's core downtown commercial district.	HCR NYMS	\$380,800
52721	Oneida	Village of Camden	Village of Camden Riverwalk and Park Improvements	The funding will assist with the design and construction of an approximately 2,300-foot River Walk Trail linking Forest Park to the Village center and Main Street, through Village property and easements along the West Branch of Fish Creek to the NYS Route 69/Mexico Street bridge at a Village-owned parking lot and river overlook.	OPRHP PKS D/A	\$160,300
54810	Oneida	Village of Sylvan Beach	Design of Bathhouse and Welcome Center	The Village of Sylvan Beach will complete construction and bidding documents for a new bathhouse and Welcome Center that will provide needed services to over 221,000 seasonal visitors and new local employment opportunities. This project will advance the Village's draft Local Waterfront Revitalization Program.	DOS LWRP	\$103,000
55264	Oneida	Village of Sylvan Beach	Local Waterfront Revitalization Program and Comprehensive Plan	The Village of Sylvan Beach will complete the preparation of a Local Waterfront Revitalization Program (LWRP) and Comprehensive Plan. The resulting document will comprehensively identify strategies to improve the local economy, and address local issues and opportunities, including those regarding local infrastructure and existing structures, and tourism capacity and sales tax revenue. This project builds on planning efforts funded through a previous Environmental Protection Fund LWRP award.	DOS LWRP	\$16,250
52819	Oneida	Village of Waterville	Downtown Building Redevelopment Analysis and Design	Grant funds will be used to complete building renovation analyses, conceptual designs and cost estimates for buildings on Main Street.	HCR NYMS-TA	\$20,000

CFA #	County	Applicant	Project Title	Description	Agency/Program	Award
57168	Oneida, Herkimer	Upstate Cerebral Palsy	Root Farm Development	This project will construct a new multi-use agricultural building for training, work readiness programs and innovative equine and horticulture programs and services for veterans and those individuals with special needs.	ESD Grants	\$200,000
54004	Otsego	BB Ranch, Guest House, Spa and Equestrian Center	BB Ranch Manufacturing Expansion	The BB Ranch, Spa and Equestrian facility is a boutique resort and specialty food manufacturer, the project includes building a small batch manufacturing operation with a retail storefront.	ESD Grants	\$110,000
53301	Otsego	Catskill Symphony Orchestra	Expanded Development Capacity	Catskill Symphony Orchestra will hire a part-time Development Coordinator to identify new funding sources and strengthen current development activities.	Arts WIP	\$30,000
54944	Otsego	City of Oneonta	City of Oneonta Water Main Improvements	Funds will be used to reline its 115 year old primary water main that provides raw water from its reservoir to its water treatment plant.	HCR CDBGPI	\$600,000
56842	Otsego	County of Otsego Industrial Development Agency	Oneonta Rail Yards Redevelopment	The Oneonta Rail Yard will be completely rebuilt and development of all related infrastructure including a connector bridge will make the rail yard location the hub of regional economic activity.	ESD Grants	\$500,000
56854	Otsego	County of Otsego Industrial Development Agency	Upper Susquehanna Regional Ag Center	An existing structure in downtown Oneonta will be demolished and a new multi-purpose facility, to be known as the Upper Susquehanna Agriculture Center, will be built.	ESD Grants	\$700,000
56894	Otsego	County of Otsego Industrial Development Agency	Oneonta Route 205 Corridor Study	A planning study of the Oneonta Route 205 corridor will be done to identify critical traffic and safety issues which are limiting economic development and job creation.	ESD SPFS	\$30,000
56899	Otsego	County of Otsego Industrial Development Agency	Oneonta Airport Logistics Development Project	The Otsego County IDA is planning to rebuild and improve the Otsego County airport located outside the City of Oneonta in Laurens.	ESD SPFS	\$50,000
57629	Otsego	County of Otsego Industrial Development Agency	Cooperstown and Charlotte Valley Railroad Feasibility Study	The villages of Cooperstown and Milford will identify the feasibility of a rail service connection for both workforce and tourism traffic.	ESD SPFS	\$20,000
51732	Otsego	Fenimore Art Museum	Photography Special Exhibit: Ansel Adams	The New York State Historical Association and the Fenimore Art Museum will offer the exhibition titled Ansel Adams: Early Works during its 2016 season. With expanded marketing to the Hudson Valley, Rochester and New York City Metro region the exhibitions and associated programming will draw 5,000-6,000 additional visitors to the Mohawk Valley region. This project also provides secondary and tertiary economic impact for similar tourism-related industries including lodging, dining, retail, Glimmerglass Festival, and beverage tourism.	ESD MNY	\$108,258
54003	Otsego	Generations Malting Company	Malt and Barley Manufacturing	Generations Malting Company will purchase a building in Oneonta and set up a Malt House processing New York State grown barley.	ESD Grants	\$250,000

51234	Albany	Aeon Nexus Corporation	Business Expansion	Aeon Nexus will increase employment at its Albany operation, bringing new high-paying technology-based job opportunities to an urban area, and contributing to the revitalization of downtown Albany.	ESD EJP	\$530,000
55371	Albany	Albany County	Albany County Microenterprise Assistance Program	Funds will be used to assist in the establishment of a Microenterprise Program.	HCR CDBGME	\$200,000
51817	Albany	Albany County	Albany County MS4 Mapping Project	Municipal storm sewer systems (MS4s) communities in Albany County will conduct a stormwater mapping project. The products of this project will enable each MS4 to better manage and report on their storm drainage infrastructure, and will allow each MS4 to proactively address and mitigate the concerns and pollutants found in their impaired waterbodies.	DEC WQIP MS4	\$486,720
57755	Albany	Albany Housing Authority	Ida Yarbrough Homes Redevelopment Green Stormwater Retrofit	The Ida Yarbrough Homes Redevelopment Green Stormwater Retrofit Project will install green roofs, bioretention, stormwater planters, and rainwater harvesting and use as part of a larger redevelopment to construct 61 units of modern, affordable housing in the Arbor Hill neighborhood of Albany. This project will remove stormwater from the City of Albany's combined sewer system.	EFC GIGP	\$1,000,000
56000	Albany	Albany Medical College	NYCAP Research Alliance Investment Fund	The NY CAP Research Alliance will create a \$12,500,000 capital investment program across the Alliance's partnering institutions to attract increased federal and industry funding, create and retain jobs and spur economic growth. The program will leverage the collective intellectual capital and research infrastructure across the partnering research institutions and support a collaborative approach to furthering research in the Capital Region.	ESD Grants	\$2,250,000
53080	Albany	Albany Medical College	AMC BACC NYS Certified Business Incubator	The AMC's Biomedical Acceleration and Commercialization Center (BACC) is part of the Albany Medical Center Campus located in downtown Albany. This project is in partnership with RPI's certified New York State Incubator program located in Troy. This project will provide a commercialization conduit for entrepreneurs, faculty, physicians and other medical professionals with ideas for improving patient quality of care and programs and supports for early stage companies focused on biomedical device innovation.	ESD BISP	\$125,000

CFA #	County	Applicant	Project Title	Description	Agency/Program	Award
53940	Albany	Albany Pool Communities	Wastewater Improvements in Cohoes, Watervliet and Green Island	The Cities of Albany, Cohoes, Rensselaer, Troy, and Watervliet and the Village of Green Island are working collaboratively with the Albany County Sewer District and Rensselaer County Sewer District on a regional basis to reduce Combine Sewer Outfall (CSO) discharges. This project will modify orifices and/or weir heights within up to 18 regulators to maximize treatment of wet weather flows and reducing CSO discharges by approximately 6 million gallons per year.	DEC WQIP WTI	\$178,500
56345	Albany	Albany Port District Commission	Port of Albany Big Lift	Construction of a heavy lift cargo operations building in a secure marine terminal at the Port of Albany and the purchase of machinery to allow movement of cargo from rail to building to ship, or barge to building to ship, improving transportation efficiencies for the region's manufacturers.	ESD Grants	\$4,000,000
54099	Albany	Albany Symphony	Water Music NY	Albany Symphony will design Water Music NY, a collaborative project featuring 50 musicians traversing the Erie Canal by barge from Buffalo to Albany. The project will engage residents and attract visitors to the historic waterway as the musicians and local arts groups perform together at six stops along the Canal.	Arts CHPG P	\$48,906
54968	Albany	Albany Water Board	Upper Washington Avenue Infrastructure	Design and construction of a new water booster pump station by the Albany Water Authority to mitigate low water pressure issues and sustain and accommodate continued job growth demands in the area.	ESD Grants	\$1,900,000
56587	Albany	Albany Water Board	Beaver Creek Sewershed Overflow Abatement and Flood Mitigation	The Albany Water Board will construct a separate storm sewer line to convey stormwater from along Elberon Place to a new outfall structure at Washington Park Lake. The Board will also install Green Infrastructure practices at Hanson Alley and Ryckman Alley. Stormwater from Hanson Alley will be conveyed to an infiltration gallery and stormwater from Ryckman Alley will go to a constructed wetland. The projects will reduce the amount of stormwater entering the City of Albany combined sewer system.	DEC WQIP NSAC	\$1,000,000
56587	Albany	Albany Water Board	Beaver Creek Stormwater Retrofit	The Beaver Creek Project will remove stormwater from combined sewers in the City of Albany helping to reduce combined sewer overflows into the Hudson River. GIGP funds will support a part of the project that conveys stormwater from Ryckman Alley into a constructed wetland for treatment. The larger project will incorporate the use of Opti Real Time Control (RTC) to allow for the maximum runoff reduction through the promotion of infiltration, evapotranspiration and/or stormwater harvesting for water use.	EFC GIGP	\$450,000
53030	Albany	Arsenal Business and Technology Partnership	Arsenal Accelerator Feasibility Study	In line with military installation enhancement, promotion and retention efforts, the Arsenal Business and Technology Partnership will undertake a feasibility study project to identify and implement facility and equipment upgrades at the Watervliet Arsenal, and public-private partnership opportunities to lower costs and improve efficiencies.	ESD SPFS	\$25,000

55928	Rensselaer	City of Troy	Troy Urban Trails	The grant will help develop detailed plans to connect several existing but isolated parks in an interconnected network that will vastly expand the connectivity and value of Troy's open space and cultural resources.	OPRHP PKS P	\$48,480
50415	Rensselaer	Friends of the Dyken Pond Center, Ltd	Newcomb Pond 2 Acquisition	The grant will assist Friends of Dyken Pond Center, Ltd. in the acquisition of the 56-acre undeveloped Newcomb Pond 2 parcel, which will be added to the protected parkland around the Dyken Pond Environmental Education Center, a Rensselaer County park that serves educational programs to more than 5,800 students each year and that had 15,000 visitors in 2014 for outdoor recreation. This acquisition provides public access for outdoor recreation and environmental education to land not previously open to the public; connects previously separated parcels of parklands; and will make possible an increase in the mileage of public trails.	OPRHP PKS A	\$53,310
57456	Rensselaer	Fuller Road Management Corporation	Rensselaer Clean Energy	Acquisition of property and construction of a workforce training and educational facility in Rensselaer by Fuller Road Management Corporation on behalf of SUNY Polytechnic Institute to support the attraction of clean energy companies seeking commercial office and systems assembly space and further clean energy employment opportunities.	ESD Grants	\$1,600,000
52461	Rensselaer	Hudson Valley Community College	AMT Training Facility Expansion	Expansion of Hudson Valley Community College's Lang Hall, lab fit up and equipment purchases to increase student participation in the College's Advance Manufacturing Technology Training Program.	ESD Grants	\$1,000,000
51189	Rensselaer	Independent Living Center of the Hudson Valley, Inc.	ILC Renovations Phase III	Grant funds will support the renovation to improve accessibility and update office space.	HCR UI	\$200,000
56864	Rensselaer	Media Alliance	Expanded Development Capacity	Media Alliance will hire a Development Director to develop and execute an annual fundraising plan, secure financial support, maintain ongoing relationships with major donors, and expand the donor base.	Arts WIP	\$49,500
55809	Rensselaer	The Community Builders, Inc.	Tapestry on the Hudson: Green Infrastructure	The Tapestry on the Hudson Green Infrastructure Project will develop a 67 unit mixed-income family rental housing development in North Central Troy along the waterfront. GIGP funds will support the installation of porous pavement, green roofs and rainwater harvesting and use.	EFC GIGP	\$289,350
56917	Rensselaer	Town of Brunswick	Town of Brunswick Sycaway Avenue Combined Sewer Separation	The Town of Brunswick will install 600 feet of new storm sewer and associated structures along Sycaway Avenue to reduce the amount of stormwater entering the combined sewer system and going to the Troy Sewer District. The separation of sewers meets the objectives of the Albany Pool Combined Sewer Overflow Long Term Control Plan.	DEC WQIP NSAC	\$196,650

Capital Region

CFA #	County	Applicant	Project Title	Description	Agency/Program	Award
52919	Rensselaer	Town of Sand Lake	Comprehensive Plan Update	The Town of Sand Lake will update its Comprehensive Plan to include economic revitalization strategies; promote place-making; assess the need for additional or enhanced public access to Wynantskill Creek and to the many lakes of the Town; assess the feasibility of a trail along the Wynantskill that will connect into the Hamlet of Averill Park; assess the need for and propose local recreation and cultural programming that will bring more visitors to the town; and identify potential partnerships.	DOS LWRP	\$50,000
53244	Rensselaer	Town of Schodack	Town of Schodack Highway Garage Fueling Station	The Town of Schodack will construct a fueling station with appropriate secondary containment to meet Municipal Separate Storm Sewer (MS4) permit requirements. The project will provide spill and runoff protection in the Kinderhook watershed.	DEC WQIP NSAC	\$222,325
56754	Rensselaer	Troy Innovation Garage	Troy Innovation Garage	Renovate an underused building in Downtown Troy to create incubator space designed for creative and start-up ventures to be recruited into professionally designed office space with amenities.	ESD Grants	\$100,000
54408	Rensselaer	Troy Savings Bank Music Hall	Troy Cultural Alliance	The Troy Cultural Alliance will promote the city as a creative hub of the Capital Region by bringing together its cultural organizations to showcase the collective community impact of arts and culture and to promote Troy as a cultural destination.	Arts CHPG P	\$49,500
53605	Rensselaer	Village of Hoosick Falls	Local Waterfront Revitalization Plan	The Village of Hoosick Falls, on the Hoosic River will complete a Local Waterfront Revitalization Plan. The planning process will develop a comprehensive community vision and provide clear direction for appropriate future development. The plan will focus on four key areas: enhancing physical and visual public waterfront access opportunities; revitalizing downtown areas; protecting community character; and improving the ability of the community to take advantage of river-related tourism.	DOS LWRP	\$37,500
53617	Rensselaer	Village of Hoosick Falls	Hoosic River Greenway Trail Enhancements Project	The project will complete the first phase of the proposed 2.2-mile rail-trail in the Village of Hoosick Falls. At present, 2 miles of multi-use trail embraces the Hoosic River as it meanders through the Village. This project includes a 700-foot trail extension from the current terminus to Sewer Plant Road, installation of a 5-car trailhead parking lot, and other trailhead amenities.	OPRHP RTP D	\$107,200
56915	Saratoga	Saratoga Rowing Association, Inc.	Saratoga Regattas: Elevating the Spectator Experience	Saratoga Rowing Association will upgrade the Saratoga Regatta Spectator Experience by making significant improvements to how spectators are able to view the regatta. Improvements include adding the use of drones, large screens, bleachers, a pavilion, and land and facility upgrades to stay competitive with other out of state regatta venues. Saratoga Rowing Association also will use a bus to provide shuttle service to downtown Saratoga Springs aiming to increase attendance, provide a significant economic impact on local industries, and make Saratoga a premiere regatta destination.	ESD MNY	\$35,000
55653	Saratoga	Town of Halfmoon	Crescent Park Boat Launch Project	This project will install a car-top boat launch at Crescent Park on Terminal Road in Halfmoon, NY.	Canals	\$100,000

Capital Region

CFA #	County	Applicant	Project Title	Description	Agency/Program	Award
55654	Saratoga	Town of Halfmoon	Halfmoon Waterfront Connection Project	The Town of Halfmoon will complete final designs and construct a 10-foot wide multi-use pedestrian trail crossing of a Canadian Pacific Railway-owned rail line. This project will enable completion of the Environmental Protection Fund Local Waterfront Revitalization Program funded trail that will connect Lighthouse Park on Halfmoon's Hudson River waterfront with the Champlain Canalway Trail.	DOS LWRP	\$90,795
53258	Saratoga	Town of Stillwater	Route 9P Corridor Revitalization Plan	The Town of Stillwater will undertake a revitalization planning study aimed at improving accessibility and safety along Saratoga Lake's Route 9P Corridor and enhancing economic vitality and quality of life. The Study will incorporate design plans for Brown's Beach Community Center, a tourism information center, public restroom and concession facility, and a multi-use trail. Examination of water, sewer and storm water infrastructure will be included to plan for corridor growth and development.	DOS LWRP	\$50,000
55686	Saratoga	Town of Waterford	Mohawk Gateway Streetscape Project	The Town of Waterford, in partnership with the Village of Waterford and the Waterford Historical Museum, will implement the Town/Village Local Waterfront Revitalization Program by improving the southern gateway corridor and Northside Historic District. The projects will include design and construction of signs, sidewalks, street trees, landscaping, lighting, furniture and green space; road repairs to facilitate park and museum access; and a museum enhancement feasibility study.	DOS LWRP	\$370,000
52217	Saratoga	Universal Preservation Hall	Expanded Development Capacity	Universal Preservation Hall will hire a full-time Executive Director to oversee the comprehensive restoration of the facility and grow the organization's fundraising capacity.	Arts WIP	\$49,500
54799	Saratoga	Universal Preservation Hall	Universal Preservation Hall Renovation	Universal Preservation Hall, a non-profit community arts organization housed in a former church in downtown Saratoga Springs, will partner with Proctors in Schenectady to fully restore the registered historic property, to a performance venue.	ESD Grants	\$800,000
50414	Saratoga	Village of Corinth	Village of Corinth Sewer System Improvement Project	Funds will be used to replace sanitary sewer lines along Main Street, and to replace the existing River Street pump station, located adjacent to the Hudson River.	HCR CDBGPI	\$600,000
53544	Schenectady	City of Schenectady	City of Schenectady Orchard Park Improvements	This project will reconstruct Schenectady's Orchard Park, increasing green space by approximately .85 acres through the demolition of dilapidated buildings that surround the municipal parkland. The project will create multiple access points and involves the installation of new park amenities including lighting, landscaping, playground equipment, benches, grills and trash receptacles.	OPRHP PKS D/P	\$354,735

Capital Region

CFA #	County	Applicant	Project Title	Description	Agency/Program	Award
54912	Schenectady	Friends of Niskayuna	Aqueduct Park Access Improvement Project	This project will improve public access to the Mohawk River by making critical infrastructure repairs and improvements in Aqueduct Park which is located at the southern foot of the Rexford Bridge in Niskayuna, NY. This work will include the installation of public water and toilet facilities, stabilization of walkways and the foundation of the existing boathouse in the Park and increasing dock capacity and boat storage for non-motorized water craft in Aqueduct Park.	Canals	\$150,000
56312	Schenectady	Mohonasen Central School District	Center for Advanced Technology	The Mohonasen Central School District will construct a Center for Advanced Technology including high-tech classroom space and labs to deliver workforce training to high school and adult students. The Center, designed through collaboration by the Mohonasen Central School District, Schenectady County Community College and Capital Region BOCES, will provide a pipeline of skilled employees for the manufacturing and high tech sectors, currently in short supply.	ESD Grants	\$300,000
54846	Schenectady	Niskayuna Central School District	Shared School Transportation Efficiency Project	The Niskayuna Central School District, in partnership with the Burnt Hills-Ballston Lake and Scotia-Glenville School Districts, will work cooperatively on the renovation of the Niskayuna transportation facility to enable the joint expansion of existing transportation services, share bus trainers and dispatchers, and bulk purchase of equipment.	DOS LGE	\$600,000
53911	Schenectady	Proctors	American Acoustic Television Series	Proctors and Barrelhouse Pictures, a New York City production company, will create the American Acoustic Television Series, 6 hour-long episodes featuring mainstream popular musicians and recording artists.	Arts CHPG I	\$63,000
51040	Schenectady	Proctors	Visit Schenectady Tourism Promotion	Proctors, the Tourism Promotion Agency for Schenectady County, will conduct Visit Schenectady, a multi-media campaign throughout upstate New York and the Northeast. The campaign will showcase a growing portfolio of unique, world-class attractions, leveraging recent tourism growth and investment in the Capital Region. This campaign has two strategic goals: 1) to build awareness of the region as an exciting component in a narrative of travel and tourism for out-of-market visitors, and 2) to activate local residents as regional ambassadors, towards amplifying the return on investment for marketing dollars directed outwards.	ESD MNY	\$60,750
53911	Schenectady	Proctors Theater	American Acoustic TV Series	Partnership between Proctors and Barrelhouse Pictures, a New York City based production company, to construct a set at the Proctors Theater in Schenectady and purchase production equipment.	ESD Grants	\$90,000
52140	Schenectady	Proctors Theater	Proctors ArtsLab	In collaboration with Schenectady County Community College, the Arts Center and Theatre of Schenectady would construct ArtsLab, a multi-use education space to be located on the third floor of the Proctors Theater. The ArtsLab would include a black box theatre, classrooms, a media lab and a dance studio.	ESD Grants	\$330,000

Capital Region

CFA #	County	Applicant	Project Title	Description	Agency/Program	Award
57506	Schenectady	Schenectady County	Canalway Trail Rehab	This grant will fund the repaving of approximately 2 miles of the Mohawk Hudson Bike Trail (Canalway Trail) from the Mohawk River overlook east of Lock 8 to the newly paved section at the Exit 26 bridge over I-890.	Canals	\$75,000
52684	Schenectady	Schenectady County	Bike Trail Feasibility Study	Schenectady County will conduct a Bike Trail Feasibility Study for the construction of a new off-street segment of the Mohawk-Hudson Bike Trail, along the southern shore of the Mohawk River. The trail will have to pass under a CSX bridge to connect the local Front Street Park and Riverside Park with a trail segment, presently under development, adjacent to the future Mohawk Harbor and Rivers Casino. The NYS Canal Corporation and CSX Railroad will be consulted.	DOS LWRP	\$15,000
53344	Schenectady	Schenectady Museum Association	New York Arboretum	In partnership with the Galesi Group and Proctors Theater, the Schenectady Museum Association would construct and operate the New York Arboretum at Mohawk Harbor, an outdoor museum showcasing the native trees and plants of New York State and their impact on the history, industry and daily life in the state.	ESD Grants	\$100,000
52338	Schenectady	Town of Glenville	Planning for Glenville Freemans Bridge Gateway Revitalization	The Town of Glenville will undertake project-specific planning, feasibility and design work for the redevelopment of the Freemans Bridge-Mohawk Riverfront gateway, which is being transitioned from its industrial past to a mix of service, retail, entertainment and waterfront dependent uses that enhance the safety, appearance and economic vitality of the area. Construction drawings, cost estimating and construction/permitting documentation will be developed.	DOS LWRP	\$50,000
51751	Warren	Lake George Music Festival	Expanded Operational Capacity	Lake George Music Festival will expand its part-time Executive Director into a full-time position to increase annual visitation and establish the Festival as a nationally known cultural destination.	Arts WIP	\$48,960
54765	Warren	Town of Bolton	Rogers Memorial Park Phase 4 Waterfront Improvements	The Town will implement: improvements to Rogers Memorial Park through construction of a pedestrian overlook and accessible, lit paths; installation of irrigation and stormwater infrastructure; stabilization of the hillside; and rehabilitation of the North Dock and extension of the public boat docks. The project will increase evening park visitation, improve aesthetics and stormwater management, correct erosion issues, reduce accidents on the swimming dock and increase use of the boating dock.	DOS LWRP	\$362,000
48650	Warren	Town of Lake George	Town of Lake George Septic Initiative Program	The Town of Lake George is in its second year of the Septic Initiative Program. The program includes all properties within 500 feet of Lake George and 100 feet of all Class AA-Special streams. Implement a routine inspection program utilizing trained professionals.	DEC WQIP NSAC	\$104,000

CFA #	County	Applicant	Project Title	Description	Agency/Program	Award
56792	Warren	Town of Queensbury	Comprehensive Watershed Management Plan for Lake George	The Town of Queensbury, in coordination with the Lake George Watershed Coalition, will develop a Watershed Management Plan for Lake George that will guide future actions. The plan will include a watershed vision statement; public participation plan; inventory and analysis of watershed assets and conditions; assessment of local laws and programs; recommendations for restoration and protection of water quality; and an implementation strategy.	DOS LWRP	\$243,000
50488	Warren	Warren County	First Wilderness Plan Implementation 2015	The County of Warren and project partners will implement goals established in the First Wilderness Heritage Corridor Plan in Warren and Saratoga Counties. Projects include development of a new park and enhancements to two existing parks on the Schroon River in Warrensburg, enhancements to the Warrensburg community center, construction of streetscape improvements in North Creek, and development of plans for a regional waterfront hiking and biking trail.	DOS LWRP	\$425,988
56206	Warren	Warren County Soil and Water Conservation District	Warren County Aquatic Habitat Improvement Project	This project will address two undersized culverts in the Town of Hague and one in the Town of Chester. In all three cases the culvert is too small and are having negative impacts for fish and wildlife passage. Once the culverts are replaced, aquatic organisms will be able to more easily migrate throughout the watershed with reduced barriers and enhance the existing populations.	DEC WQIP AHR	\$68,000
53002	Warren	Warren County Soil and Water Conservation District	Warren County Stormwater Improvement Project	The Warren County Soil and Water Conservation District will work with the Village of Lake George, Town of Cheser and the Town of Warrensburg to install stormwater retrofit projects. The stormwater projects will reduce pollutants entering Lake George.	DEC WQIP NSAC	\$100,000
55554	Washington	Green Infrastructure Redevelopment	Green Infrastructure Redevelopment	Washington County would relocate a combined sanitary/storm sewer main and adjacent waterline to facilitate growth, promote walkability and enable additional commercial growth in Fort Edward.	ESD Grants	\$1,000,000
56291	Washington	Hubbard Hall Center for the Arts and Education	Washington County Creative Assets Mapping	Hubbard Hall Center for the Arts and Education, in partnership with several for and nonprofit entities, will map the cultural and creative assets of Washington County with a goal to develop a countywide creative network.	Arts CHPG P	\$48,195
55741	Washington	Saint-Gobain Performance Plastics Corporation	Business Expansion	Saint Gobain will construct a new building and install a new production line at its Granville operation in Washington County to expand manufacturing and employment opportunities in New York State.	ESD Grants	\$1,250,000
55741	Washington	Saint-Gobain Performance Plastics Corporation	Business Expansion	Saint Gobain will construct a new building and install a new production line to expand manufacturing and employment opportunities in New York State.	ESD EJP	\$750,000
53931	Washington	Village of Fort Edward	Village of Fort Edward Broadway East Side Water Lines	Funds will be used to replace water lines in the Broadway East Side Project Area, which was affected by a gasoline spill in 2011.	HCR CDBGPI	\$600,000

Capital Region

CFA #	County	Applicant	Project Title	Description	Agency/Program	Award
53191	Washington	Village of Greenwich	Greenwich Anchor Project	Village would renovate vacant space in the Town of Greenwich to establish new office space, a craft brewery, a year-round farmers market and a farm-to-table tasting pavilion.	ESD Grants	\$300,000
56979	Washington	Village of Hudson Falls	Village of Hudson Falls Water Infrastructure	Funds will be used to replace water infrastructure in a target area surrounding three streets.	HCR CDBGPI	\$600,000
53965	Washington	Village of Whitehall	Village of Whitehall Engineering Study	The Village of Whitehall will complete an engineering report to evaluate replacement of portions of the existing sanitary sewer collection system to reduce inflow and infiltration.	DEC EPG	\$30,000
55389	Washington	Village of Whitehall	Village of Whitehall Sanitary Sewer Mains	Funds will be used to replace deteriorated and failing sanitary sewer mains in priority areas throughout the Village which are not being addressed.	HCR CDBGPI	\$600,000
55249	Washington	Washington County	Washington County Broadway East Side Renaissance	Funds will be used to replace sewer and storm water lines in the East Side neighborhood of Downtown Fort Edward, as the result of a gasoline spill in 2011.	HCR CDBGPI	\$600,000
52554	Washington	Washington County Sewer District No. 2	Washington County Sewer District No. 2 Engineering Study	The Washington County Sewer District No. 2 will complete an engineering report to evaluate inflow and infiltration to the District's existing wastewater collection system.	DEC EPG	\$100,000
		Excelsior Jobs Credits		Excelsior Jobs Program Tax credits will be reserved for future projects including business investments in targeted industries that are within the region and that create or retain jobs, create capital investment and are consistent with the Strategic Plan.	ESD EJPB	\$5,220,000
		Low Cost Economic Development Financing		Federal Industrial Development Bond (IDB) Cap will be made available for state and local government issuers to sell tax-exempt bonds for eligible economic development, infrastructure and community revitalization efforts.	ESD IDBC	\$35,000,000
		NYSERDA Energy Efficiency Projects	116 Energy Efficiency Projects	NYSERDA's Commercial and Industrial (C&I) programs offer New York businesses solutions to improve energy efficiency and save money through design, new construction, renovation, and process improvements to commercial and industrial buildings. The New Construction Program and Existing Facilities Program help building owners make informed decisions to design and renovate sustainable buildings. The FlexTech program can offer energy saving opportunities through consultation and cost-sharing studies.	NYSERDA EE

MID-HUDSON

\$90.4 million awarded to 109 projects

CFA #	County	Applicant	Project Title	Description	Agency/Program	Award
56925	Dutchess	City of Beacon	Transit Oriented Development Plan	The Town of Beacon will develop a Transit Oriented Development Plan (TOD), anchored by its Beacon Metro North train station and Hudson River waterfront. The plan will include an economic development strategy for the downtown business district, and recommend zoning and comprehensive plan amendments commensurate with the TOD plan.	DOS LWRP	\$50,000
56208	Dutchess	City of Poughkeepsie	Kaal Rock Connector Feasibility Study	The City of Poughkeepsie will conduct a feasibility study for the Kaal Rock Connector trail between Wayras Park and Kaal Rock Park along the Hudson River waterfront. The study will assess the feasibility of two alternatives, including a cantilevered trail and a floating riverfront walkway. This study is a critical step in the creation of a continuous trail along the Poughkeepsie waterfront.	DOS LWRP	\$92,075
54823	Dutchess	City of Poughkeepsie/ Pace Land Use Law Center	Poughkeepsie Innovation District Plan	The City of Poughkeepsie will develop a long-term redevelopment strategy and facilitate a collaborative planning process for converting its underutilized surface parking lots in the central business district into a new hub for business innovation, education, and commerce.	ESD SPFS	\$25,000
54345	Dutchess	Dutchess County Water and Wastewater Authority	Public Water System Consolidation	The Town of Hyde Park will dissolve eight water and sewer districts and consolidate system ownership under the Dutchess County Water and Wastewater Authority. This will implement technological improvements to create the efficiencies needed to integrate the systems into their administrative and operational structures without staff increases.	DOS LGE	\$404,619
55255	Dutchess	Efco Products, Inc.	Efco Products, Inc. Capacity Improvement	Efco Products, Inc. will be making investments in production equipment, storage solutions and technology to increase its capacity at its Poughkeepsie factory by maximizing its efficiency to take advantage of the increased demand for their products both domestically and internationally.	ESD Grants	\$80,000
53355	Dutchess	Hudson River Housing, Inc.	Cardinal Court	Funds will assist in the renovation of Cardinal Court, a mixed-use building located at 40 Cannon Street in the City of Poughkeepsie.	HCR NYMS	\$500,000

CFA #	County	Applicant	Project Title	Description	Agency/Program	Award
51725	Dutchess	Kearney Realty Development Group	Queen City Lofts	Construction of a four-story, 85,000 square foot mixed artist housing and commercial building on vacant land, adding 72 low-rent residences, 40 of which will be for artists, and 6 commercial spaces, 1 of which will allow an art gallery into downtown Poughkeepsie.	ESD Grants	\$300,000
57574	Dutchess	Marist College	Marist College Center for Innovation and Entrepreneurship	Marist College will transform a 45,000 square foot vacant building in Poughkeepsie dedicated to advanced technology business development, commercialization, and skill and technology transfer, with 25,000 square feet developed as office environments designed for technology-based small manufacturing businesses, with high speed connections to Manhattan and an interoperability data center to promote community economic development by leveraging advanced technologies to provide the local economy with much-needed purpose built space and functions not normally available to small manufacturing businesses.	ESD Grants	\$1,500,000
56600	Dutchess	Mirbeau Inn	Rhinebeck Tourism Project	Rhinebeck Village Place, LLC will build the Mirbeau Inn Rhinebeck, a 50 room destination hotel, spa, and restaurant featuring locally-sourced farm to table dining, craft beverages from the Hudson Valley Region, walk through gardens, and conference spaces. Rhinebeck Village Place, LLC aims to attract visitors from a 90 mile radius, keep tourists in Dutchess County, and create 90 or more permanent full time equivalent jobs.	ESD MNY	\$307,550
51749	Dutchess	Poughkeepsie-Highland Railroad Bridge Co., Inc.	Walkway Visitor Facility Improvement and Accessibility Project	Poughkeepsie Highland Railroad Bridge Company, Inc. will enhance Walkway Over the Hudson State Historic Park's capacity to attract and accommodate visitors through three initiatives: the Walkway Western Gateway Improvement Project, the Walkway Tour Bus Turnaround Parking Lot Project, and the Hoffman Reynolds House Adaptive Re-use Project at Upper Landing Park. These three projects will construct and rehabilitate key points of access at two of Walkway State Park's three main entrance areas, improving them for more efficient public use, better visitor access and comfort, and, in the case of the Hoffman and Reynolds House, adaptive re-use and cultural enhancement of two historically significant buildings on the National Register of Historic Places.	ESD MNY	\$100,000
51749	Dutchess	Poughkeepsie-Highland Railroad Bridge Co., Inc.	Walkway Visitor Facility Improvement and Accessibility Project	This project will address the Hoffman House Adaptive Re-use Project at Upper Landing Park. The renovation of the Hoffman House will create 3 floors of useable space within the building for a visitors' reception and interpretation center, Walkway offices, restrooms, and a community room/teaching space.	OPRHP PKS D	\$500,000
54789	Dutchess	Town of East Fishkill	Hillside Lake Stormwater Improvements	The Town of East Fishkill will install a recirculating gravel wetland adjacent to Hillside Lake. The wetland will reduce the amount of sediment and nutrients entering the lake.	DEC WQIP NSAC	\$647,250
55995	Dutchess	Town of Hyde Park	Fall Kill Creek Dam Removal	A small dam along Fall Kill Creek will be removed and the outcome will be a free-flowing stream that improves fish passage.	DEC WQIP AHR	\$150,000

Mid-Hudson

CFA #	County	Applicant	Project Title	Description	Agency/Program	Award
51316	Dutchess	TRex Capital Group LLC	Bellefield at Hyde Park Mixed-Use Development Project	The Bellefield at Hyde Park projects includes creating a world-class, multi-faceted hospitality and tourism destination that will complement and support the world-renowned Culinary Institute of America, and provide lodging and amenities to the visitors to the FDR Library, Val-Kill, and the CIA. This phase of the project will consist of two hotels with 250 rooms, a 15,000 square foot spa, 48,000 square feet of retail, and 40 units of market-rate rental housing.	ESD Grants	\$1,250,000
51316	Dutchess	TRex Capital Group LLC	Bellefield at Hyde Park Hospitality and Retail Development Project	T-Rex Hyde Park Owner, LLC will create a world class, multi-faceted hospitality and tourism destination that will complement and support the world renowned Culinary Institute of America while providing lodging and amenities for the visitors of FDR Library, Val-Kill, and other parks located nearby. Phase one of the project will consist of two hotels, retail space, a freestanding restaurant, lofts/apartments, and the construction of a sewage treatment plant.	ESD MNY	\$1,000,000
52144	Dutchess	Vassar Brothers Hospital Foundation	Vassar Brothers Medical Center Patient Pavilion	Construction of a 696,440 square foot tower that will replace all of the semi-private medical/surgical rooms with 264 private inpatient rooms, 30 ICU/CCU rooms, a new and expanded Emergency Department, and replace most of the existing operating rooms and interventional procedure suites, allowing for the development of additional services, which will enhance the quality of health in the northern half of the Mid-Hudson.	ESD Grants	\$1,250,000
57022	Dutchess	Village of Pawling	Village of Pawling Engineering Study	The Village of Pawling will complete an engineering report to evaluate inflow and infiltration (I/I) within the Village's sanitary sewer system, and identify capital improvement projects to correct the I/I issues.	DEC EPG	\$100,000
56388	Dutchess	Village of Tivoli	Design of Tivoli Waterfront Park	The Village of Tivoli will develop design and engineering documents to improve the bulkhead, stabilize the shoreline, manage stormwater and incorporate site amenities for Tivoli Waterfront Park. The Park will include a pedestrian overpass, a trail system, picnic facilities, benches, landscaping, a floating dock and a hand launch for small watercraft.	DOS LWRP	\$25,000
56978	Dutchess	Village of Wappingers Falls	Wappinger Creek Watershed Revitalization Plan	The Village of Wappingers Falls will complete a comprehensive study of point and nonpoint source pollution into the Wappinger Creek Watershed. The plan will analyze Wappinger Creek from its headwaters to Wappinger Lake in an effort to identify key contributors to pollutant-loading, which is deteriorating water quality and flood storage. The plan will set implementation timeframes, establish guidelines, and identify practices, including artificial wetlands and green infrastructure.	DOS LWRP	\$287,500
57954	Dutchess, Orange, Putnam, Rockland, Sullivan, Ulster, Westchester	Joule Assets	Community Energy Action Network	The Community Energy Action Network (CEAN), a coalition of public and private stakeholders, as well as local officials and key community actors, will work collaboratively on a two-year, integrated grassroots community engagement, aggregation and financing program to assist communities throughout the Mid-Hudson Region to implement sustainable energy initiatives.	NYSERDA CGC3	\$1,000,000

CFA #	County	Applicant	Project Title	Description	Agency/Program	Award
57475	Dutchess, Ulster	Spark Media Project	Digital Workforce Library Lab	The Digital Workforce Library Lab will focus on workforce skills development through media and production education in four public libraries located in areas of pressing economic need within the Mid-Hudson Library System.	Arts CHPG I	\$35,091
53356	Multiple	Capital District Regional Planning Commission	Cleaner Greener Category 3 Community Partnership	The Capital District Regional Planning Commission (CDRPC) proposes to serve as the Eastern New York State Community Partnership (NYSCP) Program Coordinator in the Capital Region, North Country, Mohawk Valley, and Mid-Hudson regions. In conjunction with program partners, including the Adirondack North Country Association, the Mohawk Valley Economic Development District and the Hudson Valley Regional Council, it will deploy Regional Support Contractors to leverage regional partnerships and locally based networks to encourage adoption of energy efficiency technologies and policies, smart growth and sustainable land-use planning practices and use of renewables. The project is expected to help communities develop and replicate advanced clean energy demonstration projects.	NYSERDA CGC3	\$750,000
55811	Multiple	EV Connect	NY Community Project	The Community-Based EV Charging and EV Rebate Program will increase the number of EV-ready communities across the State and adoption of EVs. Led by EV Connect, the consortium includes NYPA, GE, GM and New York-based Spark Fund. The program seeks to deploy GE manufactured EV charging stations in 50 communities at no charge to those communities.	NYSERDA CGC3	\$257,142
57595	Multiple	Merlin Entertainments PLC	LEGOLAND New York	Second phase of a multi-phase project that consists of the development and construction of the LEGOLAND NY theme park, which once constructed, will be followed potentially by a LEGOLAND Water Park, LEGOLAND hotel, and the expansion of the theme park. The CFA application requests assistance with the phase two infrastructure and site work. The project would provide an unprecedented boost to regional tourism as LEGOLAND NY projects up to approximately two million visitors annually, two-thirds of which would be tourists to the Mid-Hudson Region.	ESD Grants	\$1,000,000
57671	Orange	Advanced Building Solutions NY, LLC	Manufacturing and Construction Training	Advanced Building Solutions NY LLC of Brooklyn will provide on-the-job training to 90 newly-hired workers as computer numeric control (CNC) machinists, computer aided design (CAD) drafters, welders, engineers, data analysts, managers, construction managers, plumbers, electricians, and surveyors.	DOL NHT	\$100,000
54742	Orange	Black Rock Forest Consortium	Black Rock Forest Visitor Access Pathway	Black Rock Forest Consortium will use funding to construct a Visitor Access Pathway at the entrance to Black Rock Forest. The new Pathway will give pedestrians a safe access route into the Forest that mimics the positive features of the road; it will be 6-10 feet wide at all points with a gentle grade, have an even and stable tread with an uphill swale leading to culverts for drainage, and will feature the same treasured view as the road, all without the distraction and hazard posed by vehicular traffic. 52574	Orange	City of Middletown	Middletown Community Campus Redevelopment	The City of Middletown will undertake the necessary infrastructure improvements to support a proposed redevelopment project and enhance the shovel-readiness of the former Middletown Psychiatric Hospital.	ESD Grants	\$500,000
55537	Orange	City of Newburgh	City of Newburgh Engineering Study	The City of Newburgh will complete an engineering report to evaluate locations of sanitary sewer overflows and identify solutions to reduce the discharges to the Hudson River.	DEC EPG	\$100,000
54085	Orange	City of Port Jervis	City of Port Jervis Engineering Study	The City of Port Jervis will complete and engineering report to evaluate locations of inflow and infiltration within the City's existing wastewater collection system.	DEC EPG	\$100,000
55262	Orange	City of Port Jervis	Land Use and Development Code Update	The City of Port Jervis will review and update its land use and development codes to foster mixed land uses, downtown revitalization, recreational opportunities and commercial development. The update will also encourage diverse and affordable housing and the establishment of a waterfront district.	DOS LWRP	\$50,000
54261	Orange	County of Orange	Heritage Trail Extension	Orange County will use funding for construction of pedestrian and bicycle facilities on Segment 2 of a planned 3- segment extension of the Heritage Trail. A shared-use path will be constructed of 10' wide asphalt and will follow the abandoned Erie Railroad bed. The proposed trail will begin at Hartley Road in the Town of Goshen and will end at East Main Street in the City of Middletown.	OPRHP PKS D	\$500,000
55084	Orange	Gillinder Brothers, Inc.	New Precision Glass Surfaces Division Expansion	Gillinder Brothers, Inc. will renovate part of its 70,000 square foot facility in Port Jervis to install machinery and equipment that will enable it to expand its colored glass division for compatibility with night vision imaging systems.	ESD Grants	\$60,000
55681	Orange	Heritage Restoration Properties LLC	Distribution and Bottling Plant	Heritage Restoration Properties, LLC will renovate of the historic Clemson Building in downtown Middletown to allow for the attraction of KP Distribution and Sabila Corporation, a health beverage company.	ESD EJP	\$215,000
55089	Orange	Newburgh Community Land Bank	Newburgh Community Stabilization Project	Grant funds will support the stabilization of mixed-use buildings in need of abatement and structural improvements.	HCR UI	\$129,000
55260	Orange	Orange County	Dwaarkill Pine Bush Regional Water Supply Project	Orange County will advance on the final phase of a new source of water supply for the Town of Crawford. The project will include construction of three production groundwater wells, a treatment building and installation of 10,500 feet of transmission main from the County-owned Dwaar Kill well field.	DOS LGE	\$400,000
56436	Orange	Orange County Department of Public Works	Route 17M Wastewater Treatment Plant to Support Amy's Kitchen	Orange County will obtain and upgrade the NYS Office of Mental Health's Mid-Hudson Forensic Psychiatric Center's wastewater treatment plant in Goshen to support Amy's Kitchen's, the Office of Mental Health, and future economic development along the Route 17M corridor.	ESD Grants	\$1,000,000
55025	Orange	Shop-Rite Supermarkets, Inc.	Retail Careers Training	Shop-Rite Supermarkets, Inc. of Florida will provide on-the-job training to 25 newly-hired workers as assistant managers, cake decorators, butchers, and deli/prepared food associates.	DOL NHT	\$100,000

CFA #	County	Applicant	Project Title	Description	Agency/Program	Award
54177	Orange	Town of New Windsor	Stewart International Airport Infrastructure Improvement Project	Replacement of aging water, wastewater and sewage infrastructure at Stewart International Airport to allow for the economic expansion and attraction of new commercial tenants at the site, enabling Stewart Airport to accommodate more personal and commercial air traffic, add 35,000 square feet of terminal space and expand cargo space.	ESD Grants	\$1,000,000
57762	Orange	Village of Cornwall on Hudson	MS4 Mapping Project	Cornwall-on-Hudson will conduct a comprehensive storm sewer system mapping that will allow the Village to track, and manage the process of tracking, the source of observed dry weather flow at outfalls. Using GIS to manage and maintain the stormwater system will allow the Village to more efficiently handle stormwater events. The information collected will identify any immediate maintenance requirements and will assist in identifying and managing capital projects for future system enhancements.	DEC WQIP MS4	\$73,875
52296	Orange	Village of Kiryas Joel	Village of Kiryas Joel Sidewalk Improvements	Funds will be used to reconstruct approximately 2,200 lineal feet of sidewalks along both sides of Mordche Sher Boulevard.	HCR CDBGPF	\$400,000
56148	Orange	Village of Walden	Village of Walden Sanitary Sewer System Engineering Study	The Village of Walden will complete an engineering report to evaluate the existing wastewater collection and treatment system.	DEC EPG	\$45,000
50577	Orange	Warwick Valley Wine Co. Inc.	Black Dirt Distillery Expansion	The Warwick Valley Wine Company will expand its hard cider, gin, and bourbon production by adding a bottling line to its Black Dirt Distillery.	ESD EJP	\$169,000
50577	Orange	Warwick Valley Wine Co. Inc.	Black Dirt Distillery Expansion	The Warwick Valley Wine Company will expand its hard cider, gin, and bourbon production by adding a bottling line to its Black Dirt Distillery in Pine Island, and increase agri-tourism by purchasing a tour bus to allow visitors to the Distillery to learn about the history of distilling in New York State, and show them how and where the local ingredients are grown.	ESD Grants	\$160,000
54163	Orange	Zheng Da Construction, LLC	Re-Purposing New Hope Farms	Zheng Da Construction, LLC will repurpose New Hope Farms, a former world-class equestrian facility, into a film and television production facility that will attract foreign direct investment into New York.	ESD Grants	\$100,000
53796	Orange, Ulster, Rockland, Sullivan, Dutchess, Westchester Putnam	TSEC	TSEC SMART Labs SMARTT Pods project	TSEC plans to purchase additional equipment for SMARTT Labs it has installed at all of the community colleges in the Mid-Hudson as well as at the Newburgh Armory. A portion of the CFA funding will also be used to introduce its SMARTT "Pod" concept in the Mid-Hudson. SMARTT Pods are a natural outgrowth of the SMARTT Lab concept. Also known as "maker space", SMART Pods provide pilot manufacturing capability for start-ups and entrepreneurs.	ESD Grants	\$700,000
53956	Putnam	Putnam County	County-wide Feasibility Study for Tourism and Revitalizing Economic Development Centers	Putnam County will create a countywide partnership with its 6 towns and 3 villages to prepare a feasibility study which would involve collaborative problem solving to offer solutions to critical issues for economic development and tourism.	ESD SPFS	\$50,000

Mid-Hudson

CFA #	County	Applicant	Project Title	Description	Agency/Program	Award
56301	Putnam	Town of Patterson	Fire Services Consolidation Study	The Town of Patterson will undertake a study to assess the possibility of consolidation or sharing of services of two fire departments in the district as a means of reducing the cost for fire protection services.	DOS LGE P	\$22,500
54508	Putnam	Town of Philipstown	Hudson Highlands Fjord Trail - Shoreline Trail Design	The Town of Philipstown, in partnership with Scenic Hudson, will design a 1.4 mile segment of the Hudson Highlands Fjord Trail along the Hudson River between Little Stony Point and Breakneck Ridge.	DOS LWRP	\$400,000
52866	Rockland	Edward Hopper House Art Center	Expanded Operational Capacity	Edward Hopper House Art Center will expand the part-time Executive Director to a full-time position to implement the strategic plan, increase revenue, and streamline operations.	Arts WIP	\$49,500
57304	Rockland	Rockland County	MS4 Mapping Project	Cornell Cooperative Extension (CCE) and the Stormwater Consortium of Rockland County (SCRC) will create a centralized mapping database with remote access. Currently, the municipalities are using paper maps and this project will enhance monitoring of stormwater outfalls allowing the municipalities to improve stormwater management.	DEC WQIP MS4	\$410,000
54448	Rockland	SUNY Rockland Community College	Hudson Valley Educational Consortium (HVEC)	The Hudson Valley Educational Consortium will conduct a gap analyses to measure how well each of its educational institutions align with the regional labor market and meet the demand of industry sectors.	ESD SPFS	\$25,000
55437	Rockland	The Trust for Public Land	Marydell on Hudson	The Trust for Public Land will purchase 29.5 acres of property from the Sisters of Marydell, which is adjacent to Hook Mountain State Park and Nyack Beach State Park in Clarkstown.	OPRHP PKS A	\$450,000
57747	Rockland	Town of Clarkstown	Consolidated Purchasing Department Study	The Town of Clarkstown will evaluate merging its purchasing department with Rockland County's Division of Purchasing. The project will examine costs savings resulting from bulk purchasing and elimination of personnel through attrition and/or transfer.	DOS LGE P	\$25,000
50877	Rockland	Town of Orangetown	Home for Heroes Green Innovation	The Home for Heroes Green Innovation Project will replace a large paved area at the H4H site with bioretention, porous pavement and a constructed wetland. The green retrofits will help improve water quality in the Sparkill Creek and raise public awareness about green infrastructure practices.	EFC GIGP	\$895,000
57055	Rockland	Town of Stony Point	Local Waterfront Revitalization Program Update	The Town will update its 1994 Local Waterfront Revitalization Program to reflect changes to the waterfront due to storm and hurricane damage and the need for economic improvements. The LWRP will align planning with current regulations, guidelines, and zoning to prepare for future development and will address sustainability, energy efficiency, harbor management, incorporation of green solutions, and public input. The LWRP update will continue the revitalization effort begun through NY Rising.	DOS LWRP	\$65,978

CFA #	County	Applicant	Project Title	Description	Agency/Program	Award
54714	Rockland	Village of Nyack	Local Waterfront Revitalization Program Update	The Village of Nyack will update its 1992 Local Waterfront Revitalization Program (LWRP) to guide development within their waterfront revitalization area. The LWRP will include recommendations for revitalization strategies that integrate the waterfront with plans and programs in the entire Village, reduce risks to infrastructure and property from sea level rise, enable economic revitalization, and enhance coastal natural resources that make the Village a regional tourist destination.	DOS LWRP	\$75,000
53454	Rockland	Visit Nyack	Hudson Valley Gateway Marketing Program	Visit Nyack Inc. will begin Phase 1 of their comprehensive marketing campaign that promotes Nyack as a gateway to many regional attractions called Hudson Valley Gateway. Visit Nyack Inc. aims to use Hudson Valley Gateway to build off of the success of their Visit Nyack campaign to attract high income earners in the New York City metro area to visit the region.	ESD MNY	\$37,500
53055	Rockland, Orange	New York-New Jersey Trail Conference	Bear Mountain Trails Project	The NYNJ Trail Conference will use funds to complete the rehabilitation of the Appalachian Trail at Bear Mountain, an exceptionally popular recreational destination, which hosts 3 million visitors annually.	OPRHP RTP NM	\$200,000
56056	Sullivan	Delaware Valley Arts Alliance	Expanded Programmatic and Outreach Capacity	Delaware Valley Arts Alliance will hire a Program Director to support the Tusten Theatre season, expand outreach in Sullivan County, and develop residencies, workshop offerings and winter programming.	Arts WIP	\$28,350
54059	Sullivan	Empire State Cooperage, LLC	Empire State Stave Mill and Cooperage	Empire State Cooperage LLC has been founded to build and operate a stave mill and cooperage to satisfy the increasing demand for oak barrels from distillers and wineries in New York State and across the US.	ESD Grants	\$1,000,000
50613	Sullivan	Town of Liberty	Town of Liberty Water System Improvements	Funds will be used to construct Phase 6 improvements within the White Sulphur Springs Water District.	HCR CDBGPI	\$599,724
57910	Sullivan	Trout Unlimited	Willowemoc Creek Aquatic Barrier Removal Project	The project will involve collecting key physical and environmental field data on a variety of stream structures and model each structure's ability to improve stream habitat. The results will provide a prioritized strategy for infrastructure replacement.	DEC WQIP AHR	\$215,539
50620	Sullivan	Village of Liberty	Village of Liberty Wastewater Treatment Plant Clarifier Reconstruction	Funds will be used to replace failing clarifier equipment at the Waste Water Treatment Plant.	HCR CDBGPI	\$599,830
52055	Sullivan	Village of Monticello	Village of Monticello Inflow and Infiltration Reduction Engineering Study	The Village of Monticello will complete an engineering report to evaluate sources of inflow and infiltration to the Village's wastewater collection system.	DEC EPG	\$100,000
51356	Sullivan	Village of Monticello	Monticello Wastewater Disinfection Project	Install a new disinfection system at the Village's wastewater treatment plant. The project will include installing an ultraviolet disinfection system. The outcome will be to fully treat the effluent, which reduces environmental contamination.	DEC WQIP WTI	\$2,500,000
55565	Sullivan	Village of Monticello	Village of Monticello Water Meter Replacement	Funds will be used to replace water meters in the Village's water system.	HCR CDBGPI	\$600,000

Mid-Hudson

CFA #	County	Applicant	Project Title	Description	Agency/Program	Award
54014	Ulster	Bardavon 1869 Opera House, Inc. DBA Ulster Performing Arts Center	Ulster Performing Arts Center (UPAC) Interior/ Exterior Renovation Construction Project Final Phases 3 4	This project will help complete a comprehensive interior/exterior restoration construction plan for the Ulster Performing Arts Center.	OPRHP HAS D	\$500,000
56905	Ulster	BBG Ventures, LLC	BBG Ventures Food and Beverage Manufacturing Facility	BBG Ventures, LLC is a new food and beverage manufacturing and retail facility with plans to adaptively re-use the former Woolworth's building in Kingston. The company will feature a state of the art food and beverage manufacturing facility, a commercial kitchen and business incubator, a food education center, a fresh foods supermarket, and 3 or more cafes that will showcase locally sourced foods on their menus.	ESD Grants	\$1,000,000
54659	Ulster	City of Kingston	City of Kingston Engineering Study	The City of Kingston will complete an engineering report to identify the sources and location of inflow and infiltration to the City's sewer system in the Hasbrouck sewershed.	DEC EPG	\$100,000
53012	Ulster	Courtney Strong, Inc.	Municipal LED Streetlight Consortium	The municipal LED Consortium members seek to convert to LED street lights in the majority of Ulster, Dutchess, Orange, Rockland, Sullivan and Westchester municipalities, which offer savings of 40% a year or more. The project approach includes an LED Conversion Options Study to evaluate purchase models as well as development of a Request for Proposals for lighting and installation vendors and financial solution providers.	NYSERDA CGC3	\$792,441
52860	Ulster	Hudson River Maritime Museum	Expanded Programmatic Capacity	Hudson River Maritime Museum will hire an Assistant Curator to expand its capacity by providing critical resources to leverage the collection for the public's benefit.	Arts WIP	\$45,000
52922	Ulster	Hudson River Sloop Clearwater, Inc.	Sloop Clearwater Restoration Project	The proposed Sloop Clearwater Restoration project will restore the rigging and topsides above the waterline of the Hudson River Sloop Clearwater at its home port in Kingston. This project will ensure the sloop can continue to sail for at least the next 20 years and reduce the long-term maintenance costs of the vessel.	OPRHP HP D	\$343,776
51000	Ulster	Mohonk Preserve, Inc.	Trapps Bridge and Carriage Road Project	Mohonk Preserve (MP) will use funds to replace the Trapps Bridge, constructed in 1930, that crosses U.S Route 44 / NYS Route 55 along the Shawangunk Mountains Scenic Byway near the Walkill Valley Overlook in Gardiner. The bridge has been red-flagged by the NYS Department of Transportation (DOT) as an imminent safety hazard. MP will also rehabilitate sections of historic carriage road on both sides of the bridge.	OPRHP PKS D	\$188,785
51812	Ulster	Open Space Institute	Smiley-High Point Carriage Road Reconstruction	The Open Space Institute (OSI) will use funding to reconstruct 7 miles of the historic High Point and Smiley Carriage Roads through Minnewaska State Park along the Shawangunk Ridge in Ulster County to enhance access, expand year-round recreational opportunities, improve stewardship, and link some of the region's top tourism destinations.	OPRHP PKS D	\$500,000

CFA #	County	Applicant	Project Title	Description	Agency/Program	Award
54636	Ulster	Phoenicia Festival Foundation	Phoenicia International Festival Performing Arts and Community Development Initiative	Phoenicia Festival Foundation will host its 7th annual Festival of the Voice in Phoenicia August 3-7, 2016. The five-day festival will integrate world-class performances of opera, gospel, world music, baroque, new vocal music, and choral music into the stunning natural landscape of Phoenicia. Phoenicia Festival of the Voice Foundation aims to fulfill its artistic and social mission of attracting people from around the world with internationally renowned artists, as well as revitalizing the hamlet of Phoenicia and the larger Hudson Valley region through strong community collaboration.	ESD MNY	\$56,000
54322	Ulster	RUPCO, Inc.	Central Kingston Green Affordable Housing Civic Uses	RUPCO, Inc. aims to address neighborhood blight at the former Mid City Lanes bowling alley in Kingston by providing safe, sustainable and affordable housing in a new zero-net energy structure. The co-location of a community-based arts education program, food hub and a tech incubator are envisioned to anchor the 15,000-square-foot of programmed civic space that will occupy much of the first floor.	NYSERDA CGC3	\$1,000,000
56870	Ulster	Shadowland Artists, Inc.	Shadowland Second Stage	Grant funds will assist in the renovation of a Second Stage building to create a 90-seat venue for the Shadowland Theatre in Ellenville.	HCR RARP	\$200,000
53279	Ulster	The Palisades Parks Conservancy, Inc.	Expanding Access to Stony Kill Falls	The Palisades Parks Conservancy will use funding to construct new access to the Stony Kill Falls area of Minnewaska State Park Preserve. Funds will be used to construct a new trail system, including a 60-foot bridge over the Stony Kill and more than 200 stone stairs to the top of the Falls. Additionally, these new trails will be designed and constructed to connect the Falls trail to the Stony Kill carriage road, fully integrating it with Minnewaska's larger trail network. Finally, the present 6-car parking area will be expanded to accommodate 15 cars and a new trailhead.	OPRHP PKS D	\$254,097
51329	Ulster	Town of Marlborough	Waterfront Revitalization Plan and Comprehensive Plan Update	The Town of Marlborough will prepare a Waterfront Revitalization Plan concurrent with the development of a Comprehensive Plan update. The project will address public waterfront access opportunities, hamlet and downtown revitalization, community character, river-related tourism, and identify suitable transfer of development rights receiving zones to protect natural and cultural resources.	DOS LWRP	\$135,000
53234	Ulster	Town of Shandaken	Town of Shandaken Phoenicia Water District Improvements	Funds will be used to upgrade the water system in the Phoenicia Water District.	HCR CDBGPI	\$415,000
50597	Ulster	Town of Wawarsing	Napanoch Waste Water Treatment Infrastructure Improvements	Funds will be used to make improvements at the Napanoch Waste Water Treatment infrastructure.	HCR CDBGPI	\$600,000
52455	Ulster	Ulster County	Shovel Ready Site Project	The County of Ulster has proposed plans to undertake demolishing the former jail facilities on Golden Hill Road in City of Kingston. Demolition of the jail will create a shovel ready site to attract developers and businesses.	ESD Grants	\$200,000

Mid-Hudson

CFA #	County	Applicant	Project Title	Description	Agency/Program	Award
52264	Ulster	Ulster County Board of Cooperative Educational Services	Hospitality and Culinary Arts Training	Ulster County Board of Cooperative Educational Services of New Paltz will train 20 workers in special populations in hospitality, work readiness, and culinary arts.	DOL SPTP	\$33,900

CFA #	County	Applicant	Project Title	Description	Agency/Program	Award
55811	Multiple	EV Connect	NY Community Project	The Community-Based EV Charging and EV Rebate Program will increase the number of EV-ready communities across the State and adoption of EVs. Led by EV Connect, the consortium includes NYPA, GE, GM and New York-based Spark Fund. The program seeks to deploy GE manufactured EV charging stations in 50 communities at no charge to those communities.	NYSERDA CGC3	\$257,142
57905	Multiple	Hampton Jitney	Hampton Jitney- I LOVE NY Bus Marketing	Hampton Jitney will offer year round easy and affordable transportation from New York City to destinations across the state. Hampton Jitney aims to increase transportation access to tourism opportunities to the state's most popular getaway experiences including craft beverage destinations, seasonal festivals, and ski mountains in New York State.	ESD MNY	\$45,000
57234	Nassau	Aljo-Gefa Precision Manufacturing LLC	Aljo-Gefa Equipment Expansion Project	Aljo-Gefa will purchase and install a new line of machinery and equipment for their Bethpage, LI facility.	ESD Grants	\$200,000
57300	Nassau	Arkwin Industries Corp.	Arkwin Machinery Purchases and Training	Arkwin Industries, an aerospace and defense manufacturer, will purchase equipment to increase its capacity and capabilities to compete in the global market.	ESD Grants	\$200,000
56155	Nassau	Cambridge Business Institute Inc.	Nurse Aide Training	Cambridge Business Institute Inc. of Hempstead will train 105 unemployed workers as certified nurse aides.	DOL UWT	\$99,750
51089	Nassau	City of Glen Cove	City of Glen Cove Downtown Energy Efficient Waterfront Parking Building and Small Business Market Place	City of Glen Cove will construct a three-tier, structured parking facility on a former superfund site. The garage building will offer adaptable space on its main floor and will include rooftop solar panels and electric car recharging stations. It also provides added parking for the City's new ferry terminal currently under construction.	ESD Grants	\$500,000
51148	Nassau	City of nLong Beach	Resilient Connections	The City of Long Beach will design and construct streetscape improvements to create a more resilient and connected commercial corridor between Long Beach Boulevard and Grand Boulevard. The City will address significant access and safety issues by reducing conflicts between motorists, pedestrians and cyclists, alleviate parking demand and generate essential economic activity while encouraging alternative more environmentally friendly modes of transportation and transit-oriented development.	DOS LWRP	\$500,000

CFA #	County	Applicant	Project Title	Description	Agency/Program	Award
52912	Nassau	Great Neck Water Pollution Control District	Digester Upgrade	The Great Neck Water Pollution Control District will build a new anaerobic digester that will expand the capacity of its grease receiving station. The station will enable the District to generate methane gas and self power their facility.	ESD Grants	\$500,000
55823	Nassau	Grumman Studios Lunar Module Park LLC	Grumman Studios	Grumman Studios in Bethpage will renovate and improve sound stages to attract new TV, film and live productions.	ESD Grants	\$550,000
57074	Nassau	Hofstra University	Center for Entrepreneurship Incubator	Hofstra University will renovate the School of Business and establish the Center for Entrepreneurship Incubator participating in STARTUP NY.	ESD Grants	\$700,000
53961	Nassau	Hofstra University	Hofstra University Community Education Workforce and Leadership Training Center	Hofstra University will acquire and renovate a vacant Army Reserve Center to create an interdisciplinary community academic facility with high-tech classrooms, offices, and convertible conference-style spaces.	ESD Grants	\$800,000
54115	Nassau	Incorporated Village of Roslyn	Grist Mill Historic Preservation	The project is to occupy and repair historic Robeson Williams Grist Mill on the village waterfront. Interior restoration and site work will be included in anticipation of providing educational and archival opportunities for Roslyn and the surrounding communities.	OPRHP HP D	\$500,000
56156	Nassau	Molloy College	Molloy College - Digital Platform Incubator Partnership with Baldwin School District	Molloy will design and renovate space at a Baldwin Elementary School to create The Collaboratorium, a joint project between Molloy College and Baldwin School District that will encourage advancement in digital media/literacy and chart a path for students from high school to college to job market.	ESD Grants	\$300,000
55205	Nassau	Nassau County	Downtown Baldwin Complete Streets Enhancements	Nassau County will design a "Complete Streets" plan for downtown Baldwin to create a pedestrian safe, multimodal downtown that will attract new businesses.	ESD Grants	\$135,000
55208	Nassau	Nassau County	Nassau Hub Site Improvements and Connectivity Enhancements	Nassau County will design and construct infrastructure at the 77-acre Nassau HUB to support current redevelopment of the Nassau Coliseum and to attract high-tech and biotech businesses to the site.	ESD Grants	\$3,000,000
53612	Nassau	Nassau County Department of Parks, Recreation and Museums	Marketing Plan for Old Bethpage Village Restoration	The Nassau County Department of Parks, Recreation, and Museums will implement a new advertising and marketing campaign to increase tourism to Old Bethpage Village Restoration which consists of the Old Bethpage Village, Museum of American Armor, and Restoration Farm located in Bethpage. The campaign will include incentives to attract visitors; such as site admissions bundles, special events, and interactive programming will be highlighted to market the enriching opportunities afforded those visiting this destination. The Nassau County Department of Parks, Recreation, and Museums aims to increase yearly attendance which will drive participation in the local economy and revitalize area neighborhoods.	ESD MNY	\$187,500
56869	Nassau	New York Institute of Technology	New York Institute of Technology STARTUP NY Incubator	New York Institute of Technology, partnering with Nassau County will establish a STARTUP NY Cyber Security Research and Development incubator in Port Washington.	ESD Grants	\$400,000

Long Island

CFA #	County	Applicant	Project Title	Description	Agency/Program	Award
54702	Nassau	North Shore LIJ Health System	Expansion of Center for Learning and Innovation Employee Training Site	The North Shore LIJ Health System (NSLIJ) will expand their Center for Learning and Innovation (CLI). The expanded space will allow NSLIJ to accommodate the retraining and development of current and new employees.	ESD Grants	\$300,000
51315	Nassau	Oerlikon Metco (US) Inc.	Lean Manufacturing and Soldering Training	Oerlikon Metco (US) Inc. of Westbury will train 263 workers in Institute for Printed Circuits (IPC) J-STD-001 soldering, environmental health and safety, and Society of Manufacturing Engineers (SME) lean manufacturing bronze certification.	DOL EET	\$91,200
54708	Nassau	Ondrives US Corp.	Business Expansion	Ondrives, an aerospace manufacturer, will purchase and equip a new building to expand their manufacturing operations.	ESD EJP	\$92,400
50531	Nassau	Planting Fields Foundation	Manor House	Approximately 3,500 square feet of the flat modified bitumen roof will be replaced on the Manor House (Dowager House), a "stand out" feature of the property because of its unique architecture and proximity to other historic buildings on the estate.	OPRHP HP D	\$250,000
