

HELP SUPPORT THE GAMBIA SCHOOL APPEAL

Our aim is to build a school which will house up to 200 orphans in The Gambia. Currently these students are educated under a straw roof with a few benches and one blackboard. We need to raise £14,000 to build the whole school site and necessary equipment to put in to the building.

Our sixth form students will be visiting The Gambia in April 2016 to begin the building of our partner school.
