Description:

A family fights to survive as England starves...

Written by award-winning author John Rowe Townsend, *Noah's Castle* tells the story of a family fighting to survive a total collapse of the British economy as money becomes worthless, food becomes scarce, and the nation starves.

As conditions worsen, how do people react? When does law-and-order break down and civilized behavior end? How do people balance the needs of their family against those of society?

Noah's Castle examines these questions but doesn't provide easy answers, resulting in a unique and thought-provoking tale of survival.
