Jolly Roger:

Cut out 12 strips (shortwise) of flags—
each pair will be the front and back of your flag. Use
tape or an adhesive runner to make the back sticky.
Fold in half around a wooden toothpick.

Avast! Pirate Ship Cupcakes

print on
plain paper

Sails:

Cut out each sail, and punch holes in each
marked circle. Thread the toothpick mast through
the holes, and push the sail up a bit, to give it
some good, billowy wind.
