MOAB
BY LEGION PAPER

colorado FIBER GLOSS 245
Specification Data Sheet

Product Description

The surface of Colorado Fiber Gloss is enhanced with a slight fiber texture and feel, resulting in a mid-weight print reminiscent of a true air-dried F-type gloss paper. Designed using the latest in inkjet coating technologies, this product is created specifically for today's demanding archival pigment inks while still holding compatibility with dye based inks. This single-sided acid- and-lignin free paper holds a nice sensual character to complex images maintaining both an incredible dmax (black point) and crisp whites.

-Available in single sided sheets and rolls

Application

Photography, Portrait, Posters, Graphic Art Reproduction
