Dear Mr. Blair

I am a year 6 pupil at Ashton Hayes Primary school in Cheshire and I am the Recycling Officer. Our village is the first to make a difference and become a Carbon neutral village and we are doing are best to help the environment. Hopefully other villages, towns, cities or maybe even countries will follow us and reduce the energy consumption so by reducing global warming and protecting and conserving the environment for future generations. If we don't we might find our planet uninhabitable. I am very interested to know what you are going to do to help. I look forward to your reply.

Yours Sincerely

Laura Nunnerley
