

WHY IS SEIU CALLING US?

SEIU is still calling and sending us mail even though we voted to leave them over six months ago. The next time they call, remind SEIU why we left them.

- Bargained contracts without including the input of members on important issues that directly affected us.
- Bargained away our wage and hour claim.
- Visited and called our homes even when we asked SEIU to stop.
- Forced workers to vote on the same contract that we voted down without going back to the employer to fix what was wrong.
- Held us up from being certified with NUHW and going to the table to fight to get back what SEIU gave away.
- Treated us like a dues ATM
- Failed to do basic representational work

**Luther Manor workers united
in NUHW for a strong contract**
