

BARGAINING UPDATE

Our elected bargaining team held the second meeting with Doctors Medical Center Administration on July 17th. The meeting focused on contract language issues including improving seniority rights and bereavement leave.

We plan to begin discussing improvements in pay and other economic issues next week. Our commitment to the hospital must be recognized by real improvements in pay and benefits that bring us up to the standards other area hospitals.

“After all these years of patience and sacrifice it is time for us to come together as a team and stand up for what we deserve. Next week we begin discussing economics and we expect administration to work with us to address our financial needs.”

Venus Calhoun, Monitor Tech/Unit Assistant
