Note:

For each Runner, a maximum of 8 Races have numbers representing the Highest Points received. The rest of the races have letters representing Points received ("a" thru "e" represents "1" thru "5"). **Race_Points** sums the 8 highest Race Points. **Volunteer_Points** are represented by "v". **Volunteer_Points** sums the "v"s, with a maximum of 5. **Total_Points = Race_Points + Volunteer_Points**. **Qualified_Points_Score = Total_Points** if the Runner has run at least 6 GP Races and Volunteered for 1 GP Race that the Runner did not run.
