**The Emperor** opens with Carl Vine's exhilarating *Celebrare Celeberrime*. This wonderfully crafted exercise in orchestral virtuosity is testimony to Vine's standing as one of Australia's leading composers.

Beethoven's 5<sup>th</sup> Piano Concerto "Emperor" is without doubt one of the world's most loved piano concertos and we are pleased to feature the formidable talent of London-based Queenslander Jayson Gillham.

Join our promenade through *Pictures at an Exhibition* by Mussorgsky/Ravel, a fascinating musical depiction of ten Russian paintings, culminating with the glorious *Great Gate of Kiev*.

(Please note: the previously advertised Symphony No. 7 by Prokofiev has been replaced for artistic reasons.)
