

BLACKROOT BISTRO

SUTTON PARK

SUMMER MENU

Sutton Park is a historic landscape that covers an area of over 2,000 acres. A mosaic of open heathland, woodlands, wetlands, marshes and seven lakes, each with their own rich variety of plants and wildlife, some rarely seen in the region.

An important site for wildlife and conservation containing fine examples of natural countryside that have survived for hundreds of years. These habitats are part of a working, grazed landscape where cattle and wild ponies can be seen grazing during the year.

There are opportunities to enjoy walking, jogging, nature watching as well as using the bridle paths and cycling routes in the Park.

Blackroot Bistro is the perfect base to meet family and friends, explore the UK's largest urban park and enjoy its captivating scenery.

This is Blackroot Bistro's main menu. Details of our daily breakfast and lunch specials, homemade soup and selection of hot and cold desserts can be found on the blackboards located both inside and out. Wherever possible our products are made daily using fresh, natural ingredients.

Our chefs take pride in creating good food from our very small but highly efficient kitchen.

How To Order: Once you have found a table and made your selection from the menu please place your order and pay at the till
