

## **NEW! Corsair Dash 750 NEW!** **Pocket Cruiser**

### 2009 Specification Introductory Offer

The New Corsair Dash 750 is compact, easily trailerable, & ideal for camp-style cruising & day sailing. It is tough, lightweight, sporty, exceptionally fast, responsive & safe. Developed from the well-proven Corsair 24 Mk II, this new model incorporates the same innovative folding system & accommodation features of the previous model, with a modern rotating wing section mast, retractable alloy bowsprit and modern alloy dagger board, dagger rudder, plumb bow and larger volume floats. With its open-space cabin, optional cruising amenities, & spacious decks & nets, the Corsair Dash 750 is a highly mobile pocket cruiser; but it's the amazing performance—with 20-knots plus speed capability—that sets this new Corsair apart. The Corsair Dash 750 can fly an easy-to-handle asymmetrical spinnaker or screecher for exhilarating performance at a high plane.

#### **The base boat includes all the following features:**
