AGENDA
Michigan Coalition of Citizens Concerned about the Palisades Nuclear Facility
Meeting with Nuclear Regulatory Commissioner William D. Magwood, IV
Monday, March 25th, South Haven, Michigan

1. Brief Introductions

2. Clarification of the purpose for the meeting
   Speaker: Kraig Schultz, Schultz Engineering, Michigan Safe Energy Future

3. History of Concerns regarding Palisades Nuclear Facility
   Speaker: Kevin Kamps, Beyond Nuclear
   Any Speaker: Additional Comments on History of Concerns regarding Palisades Nuclear Facility

4. Facts, Problems and Current Concerns
   Legacy Repairs
      Status of Plant Improvement Projects
      Speaker: Kraig Schultz, Schultz Engineering, Michigan Safe Energy Future
      Decommissioning Fund
      Speaker: Kraig Schultz, Schultz Engineering, Michigan Safe Energy Future
      Any Speaker: Additional Comments on Legacy Repairs, Plant Improvements, Decommissioning Fund
   Embrittlement
      Embrittlement: Testing Status
      Speaker: Kraig Schultz, Schultz Engineering, Michigan Safe Energy Future
      Embrittlement: NRC protocols to assess the integrity of materials
      Speaker: Barbara Pellegrini, Ph.D.
      Embrittlement
      Speaker: Alice Hirt, Don’t Waste Michigan
      Any Speaker: Additional Comments on Embrittlement
   Risk & Emergency Preparedness
      Age and Breakdowns:
      Speaker: Kraig Schultz, Schultz Engineering, Michigan Safe Energy Future
      Tritium, Inoperable air monitoring equipment
      Speaker: Bette Pierman, Michigan Safe Energy Future
Air & Water Quality concerns  
Speaker: Carol McGeehan, Concerned Citizen

Michigan Area and Agriculture  
Speaker: Maynard Kaufman, Concerned Citizen

Michigan Area and Agriculture  
Speaker: Barbara Geisler, Concerned Citizen

Age of Palisades and Safety Concerns  
Speaker: Tom Wieslowski, Concerned Citizen

Population, Evacuation Zones, Actual vs. Real World Readiness  
Speaker: Gail Snyder, Nuclear Energy Information Service, Michigan Safe Energy Future

Any Speaker: Additional Comments on Risk & Emergency Preparedness

5. Radioactive Waste

Casks Storage  
Speaker: Kevin Kamps, Beyond Nuclear

Spent Fuel Pools  
Speaker: Kevin Kamps, Beyond Nuclear

Any Speaker: Additional Comments on Radioactive Waste, Cask Storage, Spent Fuel Pools

6. Fire Safety: Palisdes Lack of compliance  
Speaker: Bette Pierman, Michigan Safe Energy Future

Any Speaker: Additional Comments on Fire Safety: Palisdes Lack of compliance

7. Geological/ Climatological Issues  
Any Speaker: Comments on Geological/Climatological Issues

8. Concerns regarding NRC and NRC Commissioners

Meta analysis of critical incidents and determination of plant safety  
Speaker: Barbara Pellegrini, Ph.D.

A Summation of Concerns: Safety Culture at Palisades & NRC Oversight of Palisades  
Speaker: Dave Kraft, Executive Director, Nuclear Energy Information Service

Any Speaker: Comments on Safety Culture at Palisades & NRC Oversight of Palisades

9. Requests  
Speaker: Kevin Kamps, Beyond Nuclear
