International Nuclear Expert
Robert Alvarez

What is Dumped at the West Lake Landfill?

• Thursday, November 21, 6:30 p.m.
  • Landfill meeting with Robert Alvarez
  • Take Action

Thursday, November 21 West Lake Landfill Meeting with Robert Alvarez

Robert Alvarez will be in St. Louis tomorrow night to critique the Environmental Protection Agency Region 7’s studies on the radioactive wastes at the West Lake Landfill. Robert Alvarez worked at the U.S. Dept. of Energy under President Bill Clinton and is currently a senior scholar at the Institute for Policy Studies. Read more about Mr. Alvarez’s credentials HERE.

Dr. Bob Criss, professor in the Department of Earth and Planetary Sciences at Washington University in St. Louis, will also be available to discuss the radioactive wastes at the landfill. Dr. Criss authored a report in March challenging Environmental Protection Agency Region 7’s characterization of the radioactive wastes.

Where: International Union of Operating Engineers, Local 513 3449 Hollenburg Dr. Bridgeton, MO 63044

When: Thursday, November 21, 2013 from 6:30-8:30 pm. Robert Alvarez will start his presentation at 7 pm. Updates and recent events will be discussed before Mr. Alvarez speaks in order to
provide time at the end for Q&A.

**Take Action**

Call your federally elected officials and ask them: Senator/Congressman ___________, end the threat of radioactive wastes in our community. Support the safe removal of the forever toxic radioactive wastes. Introduce legislation putting the U.S. Army Corps of Engineers through the FUSRAP program in charge of the radioactive wastes at the West Lake Landfill because:

1. The Corps has safely moved over 1,000,000 cubic yards of the same radioactive wastes to licensed facilities.
2. The Corps will not be here much longer and must be used before technical experts and equipment leave St. Louis.
3. The Corps is local, and better suited to engage communities around the West Lake Landfill.

Then ask if they support your requests.

**Senator Blunt:** 202-224-5721  
**Senator McCaskill:** 202-224-6154  
**Congressman Clay:** 202-225-2406  
**Congresswoman Wagner:** 202-225-1621
