THE HIDDEN AND NOT-SO-HIDDEN COSTS OF ENTERGY’S VT YANKEE

Tuesday, January 26
Unitarian Church
130 Main Street,
Montpelier
6 pm - Potluck
7 pm - Program

Lorraine Rekmans grew up in the Serpent River First Nation community of Elliot Lake, Ontario. Her community has experienced increased cancers and devastating environmental damage from exposure as a result of uranium mining.

Kevin Kamps works for Beyond Nuclear. He specializes in high-level waste management and transportation; new and existing reactors; decommissioning; Congress watch; climate change; and federal subsidies.

Paul Gunter is a lead spokesperson in nuclear reactor hazards and security concerns. He acts as the regulatory watchdog over the U.S. Nuclear Regulatory Commission and the nuclear power industry. He will share a new Beyond Nuclear report on tritium.

Organized by the Vermont Yankee Decommissioning Alliance  info: 476-3154

>> a series of informational talks

hidden cost #1: the fuel cycle

>> speakers
