

## Video Production Risk Assessment – Part B

Evaluate all the hazards ticked on Part A.  
Copy this page as many times as necessary.

Hazard:

What could cause harm?

What is the likelihood of this happening?

Who or what would be harmed?

How much harm?

Applying the following priorities, how will this risk be managed?

*(1) Eliminate. (2) Reduce or substitute. (3) Isolate. (4) Control. (5) Personal protective equipment*
