## Quality and affordable *Waitrose* wines

*A closer look at Portugal and its fine reds.*

**P**ortugal is a wonderful country to explore for really individual wine styles. Here we showcase the Portuguese flair for reds in particular and the originality of styles among producers.

Waitrose are proud to have been named Supermarket of the Year at the Portuguese Wine Importers Awards Dinner. Our buyer has sourced a remarkably diverse collection of wines from local grape varieties. Here are some fine examples from my assortment at Lincoln for you to enjoy.

### **NEW TEN MILE BRIDGE 2013 SETUBAL £8.99**

This wine is an excellent example of one of Portugal's indigenous grape varieties, the Castelao. There's plenty of ripe berry fruit, sprinkled with gaminess. A modern red not afraid to show what Portugal can do thanks to great, customer-focused winemaking.

### **VIDA NOVA TINTO 2010 ALGARVE £9.29**

This high-quality red wine is produced from a variety of indigenous and international grape varieties in Sir Cliff

Richard's modern, state-of-the-art Portuguese winery.

This wine has dark berry aromas and flavours with a robust and slightly savoury palate. This would go well with roast duck or barbecued sausages.

### **F'OZ 2012 ALENTEJO £10.69**

This wine is lush and full-bodied with a broad but elegant finish. It's well-structured and therefore perfect with robust foods that you might usually partner with a New World red.

### **WAITROSE IN PARTNERSHIP**

#### **WAITROSE DOURO VALLEY RESERVA QUINTA DA ROSA 2011 £11.99**

This is a powerful, fruity red wine with fine tannins and a lasting finish. Waitrose Douro Valley red is produced in partnership with Quinta da Rosa, a family-owned estate run by the Bergvists from their pretty riverside lodge in the heart of this famously beautiful Port-producing country. Fantastic with lamb dishes.
