KEYS BGT= Billy Goat Trail The following may be seasonal or temporarily unavailable:
 C= Campground F= Food
 HB= Hiker Biker Campsite W= Water
 R= Restroom (Toilet or PortaPotty)
 VC= Visitor Center

Purpose:
 The purpose of the April 2016 "Canal Miles" is to provide visitors and volunteers in the C&O Canal National Historical Park a quick reference to services at lock locations and at points of interest. It is not intended to be all inclusive or to replace "The Park Planner" and other similar documents. Any comments should be directed to Ingrid Sunzenauer, chohpbp@gmail.com.

DIRECTIONS TO MILEPOST "0" :
 Pass under Key Bridge at MP 1 and take first iron bridge over the Canal to the towpath on the other side.
 At the bottom, turn left on towpath towards Georgetown and continue on gravel path. The Canal is on right.
 At first street crossing, towpath turns into a red brick walkway. Continue on the walkway, passing cross streets (use caution) and Georgetown Visitor Center until the walkway ends.
 Turn right on bike path along Rock Creek Parkway.
 After second crosswalk, continue to traffic light/stop sign. Turn right into Rock Creek Park Thompson Boat Center.
 Continue over bridge and turn left. The river is on the right.
 Continue, passing Boat House on left, past the storage yard/red fence.
 Turn left, cross footbridge, and continue to gray obelisk. Welcome to MP 0!

NOTES:
 This version of "Canal Miles" is based on the best available information to date and is subject to change.
 Miles are based on Mike High's *The C&O Companion* (2000).

ACKNOWLEDGEMENTS:
 Tom Stanford for his concept for improvement of the original version.
 Vinh Le-Si for verification of Palisades inputs.
 Terry Richards for data entry.
