in launching SFartsED Art&Design
and Interdisciplinary Art.

Silent and live auction of work created by students
in SFartsED's artist residencies in San Francisco
public schools, work created by students in SFartsED
Art & Design, an after-school and Saturday visual art
and fashion design workshop, and students in
Interdisciplinary Art. Among the auction items will be
works specifically created by public school students
working with SFartsED teaching artists for the
exhibition *INTERNATIONAL ORANGE: The Bridge
Re-imagined*.

For nearly five decades,
the San Francisco Arts Education Project
has had the privilege of bringing together
professional artists and San Francisco
public school children.

SFartsED is in the business of hands-on arts experi-
ences that expand minds, open hearts
and ignite creativity. More than 200,000 children
in the Bay Area have experienced SFartsED's
Artist-in-Residence programs in the public schools,
after-school programs, summer camp, musical
theater troupe and apprenticeships and internships.
