News Flash

Our Design Freedom January 2011 catalogue includes a variety of new products:

- Popular sizes of our B² radiator are now available from stock in a dramatic matt black
- Our floor mounted Classic is now available in a lacquered bare metal finish, shown opposite, which looks particularly striking against exposed brickwork
- Designer magnetic towel rails, suitable for use with our Decorative panel and Flat Panel radiators

We have a wonderful new website which reflects our continuing commitment to design, quality and service. On there you can view any stock model in all our standard colours, and see what it looks like with all the different valve options. And of course there is also all the usual inspirational images and handy technical information expected from Bisque.

Iridescent Colours

Our popular Classic, Classic towel, Hot Spring and Seta radiators are now available, to order, in range of striking iridescent colours. Contact your local supplier for prices.

Serenity extractor fan

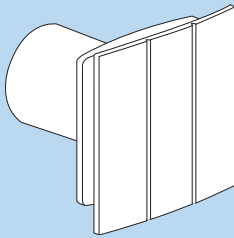

This wall mounted extractor fan is designed to be seen but not heard. Almost silent in operation, 80% quieter than standard fans and with the aesthetic appeal expected from Bisque, it will ensure that the bathroom is a place of tranquility.

Serenity extractor fan

The Serenity is designed to run continuously at low level, with a boost function (operated by light switch) when the room is in use. This not only ensures optimum ventilation but is also energy efficient, costing on average less than 0.01p per day.

SEF

height: 180 mm / 7 ins

length: 180 mm / 7 ins

trickle flow rate: 5 l/s or 10 l/s (can be set as preferred on installation)

boost flow rate: 15 l/s

energy consumption: 1.8 watts at standard operation
5.5 watts at boost

noise level: 14 dBA

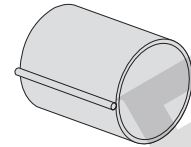

mirror finish: £198

brushed finish: £198

- VAT must be added to prices
- prices surrounded by a black box indicate stock items
- projection from wall to front face: 50 mm
- 3 year warranty
- compliant with Building Regulations
- for installation and wiring details, please refer to the technical data sheet on our website: www.bisque.co.uk

Optional accessories

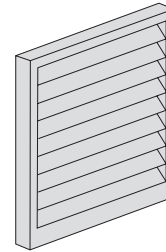

These standard accessories are used to connect the fan to the outside.

Wall inner: ZED1A

height: 375 mm / 15 ins

plastic: £7

External wall vent: ZEG1

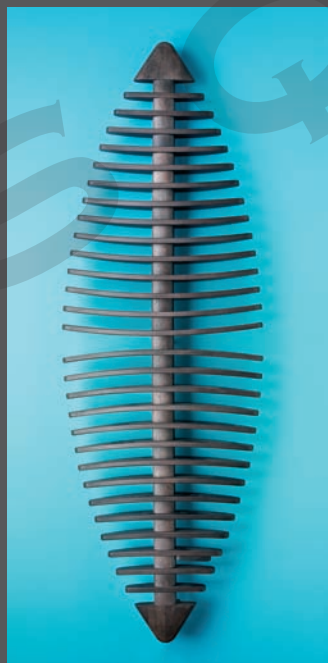

white: £4

brown: £4

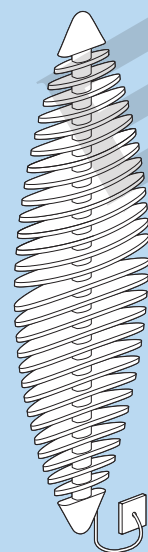

Leaf

Get back to nature with the eye-catching Leaf. This exceptional electric radiator is beautifully constructed from laminated wood. Designed by I-Radium.

The Leaf is supplied with a remote control programmer, which allows the user to set temperature and operating times.

WLF 165

height: 1650 mm / 65 ins

length: 560 mm / 22 ins

output: 700 watts

wenge: £1999

ebony: £1999

- VAT must be added to prices
- prices surrounded by a black box indicate stock items
- radiator only available as electric
- projection from wall to front face: 110 mm
- please allow 100 mm beneath the radiator for the flex

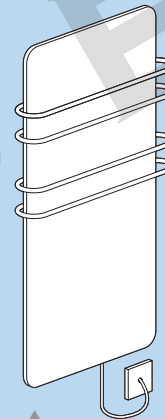

Saturno towel radiator

Gleaming chrome rails encircle a heated wooden body on this unique towel radiator. Runs rings around the others. Designed by I-Radium.

The Saturno towel radiator is supplied with a remote control programmer, which allows the user to set temperature and operating times.

WST 100-60

height: 1000 mm / 40 ins
length: 580 mm / 23 ins
output: 450 watts

wenge: £749
ebony: £749

- VAT must be added to prices
- prices surrounded by a black box indicate stock items
- radiator only available as electric
- projection from wall to front face: 145 mm
- please allow 100 mm beneath the radiator for the flex

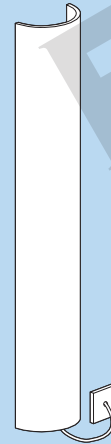

Passepartout

With its simple, understated beauty, the wooden Passepartout is a radiator that goes everywhere. Designed by I-Radium.

The Passepartout is supplied with a remote control programmer, which allows the user to set temperature and operating times.

WPP 137

height: 1370 mm / 54 ins
length: 240 mm / 10 ins
output: 450 watts

wenge: £849

ebony: £849

- VAT must be added to prices
- prices surrounded by a black box indicate stock items
- radiator only available as electric
- projection from wall to front face: 128 mm
- please allow 100 mm beneath the radiator for the flex

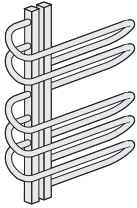

Orbit towel radiator

Made of highly polished stainless steel, this heavenly towel radiator will shine in any bathroom or kitchen. Its looping tubes allow plenty of space for towels and cleverly hidden air vents complete the neat look.

Versatile as well as beautiful, this stellar product can go on the central heating or hot water system.

Arteplano towel radiator

Minimalism meets heating in the strong, straight lines of the Arteplano towel radiator. Its sleek appearance is achieved by concealing the heating tubes behind an elegant metal face plate. Models in brushed stainless steel complement kitchens furnished in this popular contemporary finish.

Arteplano

This radiator puts its best face forward, as the heating tubes are concealed behind a beautiful metal front plate. Go for the high-tech look with the brushed aluminium, or take home a true original in brass or copper – each model is individually etched so every radiator is unique.

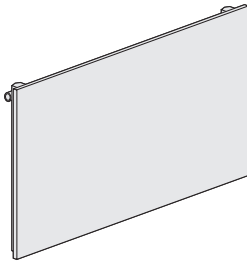

Arteplano

horizontal

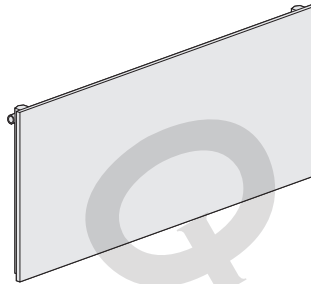

Complementary valves in brass or copper finish are available. See our Design Freedom catalogue pages 165 – 177 for details.

- for pipe centres, please refer to the technical data sheets on our website: www.bisque.co.uk

Outline

This object of beauty has been created from the simplest of shapes. The apparent simplicity is beguiling, however, as Outline is a complex relationship of small radii at the end of long straight parallel tubes which are oval in cross section. Designed by Paul Priestman for Bisque.
