## What's Happening at TPOG

Our students at Milwaukee School of Engineering requested a Gathering speaker about **stress**, a topic they are all too familiar with. All students welcome!

Our **winter retreat** was held on Sunday, January 11th at St. Paul in Muskego. We started off with contemporary worship at "The Bridge," and then interspersed a business meeting over lunch and the Packer game. Future planning for our chapters included **more social activities** and a **service project** in addition to our regular monthly Gathering talks. We then joined the **Awake & Alive** event to **meet other college students and young professionals**. The evening was a **reflection on freedom** with a discussion on the prisons we might find ourselves in: complacency, addiction, laziness, distractions of TV & video games. And we heard about how **Jesus breaks us free**:

**"...let us throw off everything that hinders and the sin that so easily entangles. And let us run with perseverance the race marked out for us..." (Hebrews 12:1)**
