Our students at Milwaukee School of Engineering hosted our first ever Christmas/Gathering. We started out with food and refreshments. We had a fun time playing cards, games and just visiting and getting to know each other better. The MSOE students came up with an ice breaker which was a great hit! Then we had our guest speaker, Pastor Mike Novotny from The Core in Appleton. He spoke on pornography. His talk was very relevant and there were a lot of interaction and questions from the audience. After the talk we had more fellowship time and one of the students got those who stayed after the presentation to take this group picture.

One of the comments from a UWM student was that we should get together with the other campuses more often! It was a great evening and we look forward to our second annual Christmas/Gathering.

"Let us not give up meeting together, as some are in the habit of doing, but let us encourage one another — and all the more as you see the Day approaching." Hebrews 10:25

Please keep TPOG in your prayers as we begin a new semester!
