

Columbus Chapter

November 2012 Newsletter

President's Message:

Mike Hoffa

Welcome everyone to the first chapter newsletter for the 2012-2013 Society year. Our year is already well underway and we look forward to seeing you at the events we have planned in upcoming months.

As most of you know we held our annual golf outing September 14th at Bent Tree Golf Club. The outing is our primary fundraiser for the chapter's Research Promotion contribution to Society every year. We had a terrific turnout for the event and I'd like to extend a note of tremendous appreciation to the chapter for your continued support. Many thanks to our volunteers that put on the outing for all their efforts as well.

Next summer our chapter will host the 2013 Region V Chapter's Regional Conference. ASHRAE's region V is comprised of ourselves and eleven other chapters in surrounding areas. Regional officers and select members of other region V chapters will gather in Columbus in August to continue to advance ASHRAE's objectives in HVAC&R. This is a unique event that we have the opportunity to host once every twelve years. Stay tuned for further details concerning next year's CRC. As we progress, we'll be asking the chapter for as much support as we can get for this event. We are striving to showcase our chapter and our city to our region V peers that we'll be hosting next summer.

Our chapter remains very strong thanks to you, our membership. On behalf of the board I appreciate everyone's interest and participation in the chapter.

Student Activities

Hanse Cromer

The Ohio State University ASHRAE Student Chapter is up and running for the 2012/2013 school year. The Student Chapter President is Will Leet and Vice President is Matt Pons. The student chapter had their first meeting September 12th at Scott Lab on campus. The turnout was good, with a lot of new students interested in ASHRAE. A special thanks to Jim Arnold (Haslett Heating & Cooling), Pat Halaiko (Custom Air) and Chris Mehaffie (KLH Engineers) for attending the meeting. Each gave great information on ASHRAE and the HVAC&R industry. The OSU Student Chapter is working on a social night for recruiting new members and a Student Fair with local firms in the spring. The student fair will be a great opportunity for local engineering and rep firms to hire interns and support the Student Chapter. ASHRAE has a number of scholarships available, if you know of any high school or college students who are going into the engineering field, please have them visit <http://ashrae.org/membership--conferences/student-zone>

Membership Chair Message:

Sam Allen

What does it mean to be an ASHRAE Member? With more than 52,000 volunteer members in 130 countries across the world, ASHRAE is one of the leading scientific organizations working to improve almost every aspect of human life across the globe. Literally, if you live in a home, have purchased food, have strolled down a city street, have traveled on a plane, have visited the doctor, or hundreds of other examples, ASHRAE members are working to make those experiences better. Consider how valuable your membership is and if you have any questions or need to know what you can do to get involved, contact Sam Allen.

Research Promotion Update:

Jeff Dubecky

The Football Mania campaign that we started back in August of this year was not as successful as we would have liked. As a group we sold 26 tickets out of 500 purchased. Although we sold very few tickets the positive side of this campaign was that we did profit a small amount for the Research Promotion fund. Participation is key to a successful campaign. Please consider supporting future campaigns to benefit this program

There were 5 HVAC supply houses that stepped up to the plate and allowed us to promote the campaign with a counter top display. I would like to thank these 5 companies for their efforts in promoting ASHRAE Columbus: *Air Control Products; Carr Supply; Habegger; Mussun Sales; Palmer Donavin.*

This year's ASHRAE Golf outing was successful. The decision to schedule this event in the month of September paid off with cooler weather (although a bit too cool near the end of the day!) and a great showing of support. Thank you to everyone who put in the time and effort in making this a profitable event to support ASHRAE Research Promotion.

Next Possible Event(s):

We are discussing two options:

- 1) Wine tasting event
- 2) Night at the races

Stay tuned for further details!

2012 - 2013 ASHRAE Meeting Schedule & Topics

Casey Kapustka

2012-2013

MONTH	DATE	PROGRAM TOPIC	SPEAKER	LOCATION
November	11/19/2012	Green Buildings Waste Energy Efficiently	Larry Spielvogel	Spaghetti Warehouse
December	--	No Meeting	--	--
January	1/21/2013	Net Zero Installations - Energy Planning Model	Dr. Richard J. Liesen	Spaghetti Warehouse
February	2/18/2013	TBD	TBD	TBD
March	3/18/2013	Building Commissioning: It's All About the People	Ronald J. Wilkinson	Spaghetti Warehouse
April	4/15/2013	Fan Efficiency Regulations - Updates	Michael Ivanovich	Spaghetti Warehouse
April	4/18/2013	Assessing Building Energy Performance: From Principles to Practice	Webcast	Webcast
May	TBD	Social Event	--	TBD
