

President's Message

Mike Hoffa

I hope everyone made it through the long Columbus winter and are looking forward to spring as much as I am. Though we are at the end of our lunch presentations for the 2012 – 2013 ASHRAE year, your chapter volunteers are still hard at work planning and organizing the events yet to come this summer.

As most of you know the chapter is holding a Wine Tasting Event on May 8th at the Bridgewater Center. Ticket sales have gone very well to this point, if you haven't gotten your tickets yet please consider joining us for a great evening. Additionally, since our last newsletter the CRC committee has continued to make great strides planning the event for August. Keep an eye out for more details coming shortly as the weekend agenda is starting to firm up. Last but not least preliminary plans are already in the works for the chapter golf outing in September, and the start to next season's lunch presentations in the fall.

Thanks everyone for supporting the chapter and enjoy your summer.

Young Engineers in ASHRAE

Matt Colvin

Columbus is proud to announce the Columbus chapter ASHRAE has started a YEA (Young Engineers in ASHRAE) committee. The committee will be hosting several exciting events throughout the 2013 year. YEA is a group of young professionals, ages 35 and younger who are looking to advance the HVAC&R industry and have fun doing it. YEA is for young individuals looking to ensure the future of the society and the industry, build their professional foundation, and network with other professionals.

YEA is hosting an event on April 13, 2013 in Cincinnati. We will be meeting in Columbus and taking party busses to The Ohio State spring football game in Cincinnati. If anyone is interested it is only \$30.00 per person which includes the game, the ride, and food. Feel free to bring a spouse or friend to enjoy a great time watching great football. Space is limited and time is running out so if you are interested in attending this event, please contact mcolvin@steffens-shultz.com.

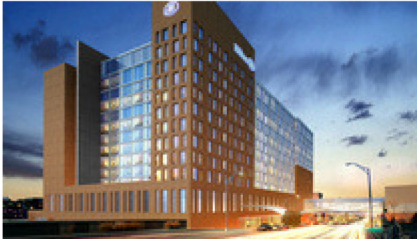

YEA is also having an evening event during the Region V Chapter's Regional Conference (CRC), in August, 2013 in Columbus, OH. More information will be provided at a later date.

Beyond these events the YEA committee is meeting once a month and is looking at hosting smaller events once a month. If you are interested in getting involved in YEA or just want to come to an event and network with fellow professionals please contact mcolvin@steffens-shultz.com.

ASHRAE CRC 2013

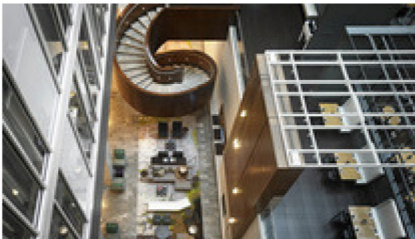

Columbus, Ohio

August 8-10

HILTON COLUMBUS DOWNTOWN
401 North High Street
Columbus, Ohio 43215

Friday Night Banquet
OHIO HISTORIC CENTER
Live Jazz, Period Costumes
Great food, drink and fun

Tech session ASHRAE 189.1 and
tour of the LEED Gold Hilton

Young Engineers of ASHRAE
is planning a night out on
the town for Friday after the
banquet.

There are plans for a
great companions day
on Friday

This is going to be a great week for our Chapter. You are welcome to participate in whatever you want. Sponsorships are going very well. Thank you!

Student Activities

Hanse Cromer

Student Activities has been very busy the first Quarter of 2013. The OSU Chapter had a March Madness Event at Chumley's on campus. A number of student members showed up and enjoyed the OSU victory. The event also made for a great opportunity for members to meet the upcoming President, Vice President and Treasurer for the 2013/2014 school year.

Nathan Stoltzfus received the \$5000.00 Memorial Scholarship from ASHRAE, the Columbus Chapter presented Nathan with his scholarship at the March luncheon. Congratulations Nathan

Recently I had the opportunity to speak at West High School. Twenty-two students from the ninth and tenth grade were present. These young students are part of the STEM (Science, Technology, Engineering and Mathematics) program. It is very encouraging that these students are involved in engineering on a daily basis and many have aspirations of going to college in some sort of engineering. ASHRAE sent a number of prizes, such as, water bottles, cell phone holders and other small items to pass out the students. The students made paper airplanes and there was a competition on flying accuracy, the winner got there pick of prizes and some chocolate.

April 4th I will be attending Tolles Tech in Plain City, Ohio to discuss Engineering and College to the Computer Engineering Technology program.

The Board of Governors will be awarding the Dr. Margaret Drake Scholarship at the April Board of Governors meeting.

Research Promotion News Update

Jeff Dubecky

Reminder:

The wine tasting event is Wednesday May 8th at 6:30 pm. There are still some tickets left and would encourage our engineering community to join us for what will be an enjoyable evening. The tickets are \$40.00 each or a full table of 8 seats for \$300.00. Please keep in mind that this is going to a good cause promoting ASHRAE research. If you have any questions please feel free to contact me at 440-409-3061 or you can send an email at jeffd@aircontrolproducts.com.

We are also set for our September ASHRAE golf outing again this year. More info to come in the near future... Stay Tuned!

REAL INFORMATION, REAL CONTROL, REAL SAVINGS

Get smart energy solutions and reduce your energy costs with the **Cylon Energy Solution**. With the native Cylon BACnet BAS linked to our unique cloud based product & service building automation solution, **Cylon Active Energy Saas**, you'll get real control based on real information, generating real cost savings.

Cylon Energy also supports and manages the Philips Teletrol dealer network.

New Unit... Same Footprint

The full line of Carrier Weather Series rooftops can satisfy nearly any light commercial application need. They are designed for direct replacement on existing Carrier curbs dating back to the 1980s*. This means there's likely no need for curb adapters or changing utility connection locations. We stock units for fast delivery and have the local expertise and support right here... How much easier could replacement be?

WeatherMaker®
