### Why should I support Dance Wisconsin?

Support of the arts is disappearing. Federal and local grant dollars have diminished over the years. Much of our funding comes through this outing and individual fund raising done by dancers. Your support allows us to put on three major productions each year: An Evening of New Works, The Nutcracker Ballet and various Spring Ballets.

We are different from other dance companies in the area in that each dancer, no matter how young or old if participating, is guaranteed a three-minute dance on stage. Our youngest dancers are not props but performers. Valuable life skills learned!

In 2015 Dance Wisconsin debuted a new ballet, *Alice's Adventures in Wonderland*. This ballet featured original choreography created by Chelsey Bradley and original costumes by Ashley Dahm. It was performed again with a new cast in 2016.

**Dance Wisconsin is a non-profit  
501(c)3 corporation.**

**Dance Wisconsin's** mission is to promote and foster dance in Wisconsin and develop appreciation of the arts. To create the highest caliber of productions geared toward entertaining, educating and enriching our diversified audience.

We provide opportunities for highly talented and serious dancers to enhance their arts education through active participation in these productions as members of the Dance Wisconsin Company.

Additional opportunities include performing with notable guest artists in quality ballet productions, working with dancers from studios throughout southern Wisconsin, and performing to live music. No dancer is ever denied participation due to financial circumstances.

Dance Wisconsin is committed to community outreach through demonstrations, special discounted shows, the Dance in the Library program, Dance in the Schools programs and our relationship with Big Brother's and Big Sister's Dane County.
