Mission Statement: The Wisconsin Arts Board is the state agency which nurtures creativity, cultivates expression, promotes the arts, supports the arts in education, stimulates community and economic development and serves as a resource for people of every culture and heritage. The continued support of the Wisconsin Arts Board is very much appreciated.

Dane County Cultural Affairs Commission

The Dane County Cultural Affairs Commission was created by the Dane County Board of Supervisors in 1976, to foster public participation in local arts and historical activity; to increase public access to the cultural resources of the county; and to forge working alliances between Public and private sectors in support of the arts.

The Commission has carefully crafted a diversified financial base unlike any other public arts agency in the United States. It is a remarkable mix of leveraged private-public dollars which include an annual Dane County appropriation matched by major donations from area corporations, foundations, and individuals. Six donors contribute over sixty percent of the Commission's annual grant budget: the Overture Foundation, American Girl Fund for Children, the Evjue Foundation, the Madison Community Foundation, Pleasant T. Rowland Foundation, and the Endres Mfg. Company Foundation. The longtime underwriter of Commission publications is Alliant Energy.

At the forefront of its program activity, the Commission provides a continuing and stable source of funding for nonprofit groups, schools, municipalities, and individual artists seeking support for arts, culture and history projects.

Thank you Dane County Cultural Commission for your continued support of Dance Wisconsin. We are ever so grateful. In 2017-2018 support from Dane Arts was given with additional funds from:

- Endres Manufacturing Company
- Evjue Foundation
- W. Jerome Frautschi Foundation
- Pleasant T. Rowland Foundation
