Certified Mail changes:

Whenever the Clerk is required to issue service by certified mail, the initial mailing sent to not more than two parties; and to only one address for each party, is paid out of the court costs.

After the initial mailing, or for each additional person, the person requesting service must provide the Clerk with:

- An envelope with sufficient postage affixed, addressed to the recipient with the Clerk's address as the return address;
- The USPS or other forms for certified mail. If return receipt is requested, the forms must be completed so that the Clerk gets the return receipt;
- The USPS or other fee for appropriate service by certified mail and return receipt, if requested.
