website development/hosting

Dear Beacon Clients,

Recently, some feature additions and changes were made to beacon to help enhance its functionality. Each change was made with our client's needs and requests in mind. It is our hope that these upgrades will make your beacon experience much easier and assist you in the future.

Beacon now offers the following:

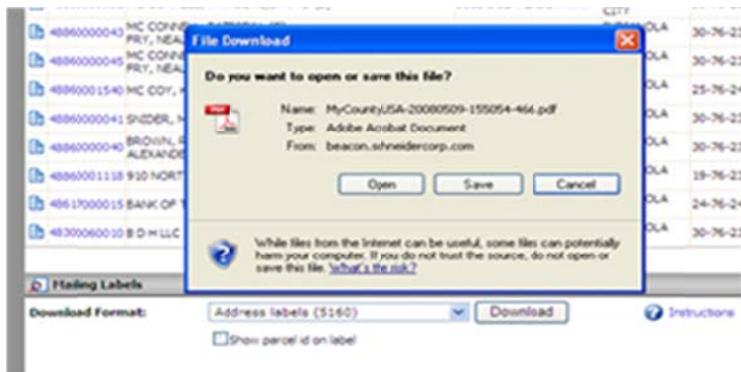

New Mailing Label Feature: Clients who have purchased and are currently using the mailing label feature now have the option, upon request, to print mailing labels directly from beacon as a .PDF File with a printer friendly format.

The Schneider Corporation
Historic Fort Harrison
8901 Otis Avenue
Indianapolis, IN 46216

beacon.schneidercorp.com

Measure Tool Enhancement: Linear measurements are now labeled dynamically on the map, providing easier measurement of boundaries such as parcel dimensions. Currently available to all users.

Condo Support: Now when searching within a condominium complex users can click on the main Parcel ID and are given a list with each unit reflecting its own Parcel ID. This was done to provide more accurate results when searching within a complex. Interested parties, please contact tpoling@schneidercorp.com for setup and pricing details.

The screenshot shows a web application interface with a 'Condominium Information' window. The window has a title bar with 'Map', 'Search', 'Ames Comp', 'Story Comp', 'Results', and 'Comp Results' buttons. Below the title bar is a 'Condominium Information' section with a sub-header 'Condominium records for this parcel:'. The records are listed in a table with four columns: Unit ID, Parcel ID, Parcel ID, and Unit ID.

Unit ID	Parcel ID	Parcel ID	Unit ID
0112174100	0112174180	0112174260	0112
0112174110	0112174200	0112174270	0112
0112174120	0112174210	0112174280	0112
0112174130	0112174220	0112174290	0112
0112174140	0112174230	0112174295	0112
0112174150	0112174240	0112174300	0112
0112174160	0112174250	0112174310	0112
0112174170			

Printing Upgrade: The printing feature has been reworked and adjusted. Now when you print, documents will come out cleaner and more "Printer friendly". Currently available to all users

These changes come directly from feedback we receive from our clients and users. We encourage you to give us your thoughts and ideas about beacon.

Want to see something change in beacon, have an idea or just want to communicate with other beacon users? You can do this by joining our [beacon™ user forum](#). It's free and helps us continue to make beacon a product that works for you.

Please contact me with any questions you may have.

Sincerely,

Tyler Poling
