

# Annual General Meeting 2018

## AGM 2018

Tuesday,  
March 6, 2018

7 pm—9 pm

Florence Filberg  
Centre

411 Anderton Avenue  
Courtenay BC

It's hard to believe but the Comox Valley Cycling Coalition will soon celebrate 9 years of activism in the Comox Valley.

Marking the occasion is our Annual General Meeting at which time we will have a short report on our activities for the year, an introduction of the board in place for the new year and an interesting and informative presentation by coalition member Gregg Strong.

This years AGM will be held at the Florence Filberg Centre, located at 411 Anderton Avenue, Courtenay on Tuesday, March 6, 2018 from 7 pm to 9 pm.

See you there!

We are very excited to announce that Gregg Strong has accepted our invitation to speak at our Comox Valley Cycling Coalition's AGM happening at the Florence Filberg Centre on March 6, 2018, at 7 pm.

Gregg has been a long time adventure traveller. He worked and cycled in remote places around the globe and upon returning to Canada continued his passion for cycling, first in the Canadian north and then on Vancouver Island. During his time here, he has spent many days on his bike exploring the Comox Valley and beyond. His sense of adventure and enthusiasm for travel by bike lead him to volunteer his time to build an informative website that allows him to share this passion and help other people enjoy bike touring on Vancouver Island.

Gregg has many stories and tips to share. If you ask him he will share his favourite rides on our local Islands, tell you his favourite biking season and why he enjoys it so much, talk about his Wildlife experiences, and share his knowledge on the strategies he uses to stay safe. In addition, he will tell you about his website and make suggestions about how to personalize your first steps towards beginner, or extreme, bike touring.

It will be a fun evening. Gregg's presentation will take you on a virtual journey so you can imagine your own Vancouver Island bike touring possibilities. Imagine going to locations on the island that few people ever have the opportunity to see.

We believe his travel adventure presentation is one that could inspire you to plan a trip yourself or just enjoy a vicarious travel adventure through Gregg's eyes.

Check out this video for a sneak preview of Gregg's Presentation:
