

ST. PATRICK SCHOOL SUMMER PROGRAMS

Reading Support MWF 8-9:30 June 29 – July 31

Designed for students who need to strengthen their reading skills, limited enrollment, please contact the school to enroll. **\$500**

MS Writing Workshop MTWR 8:30-9:30 July 27-30

Hone those writing skills in this 4 day workshop **Grades 5-8 \$100**

Solarized Math 10 AM – 12 PM July 13-17

Students will take on real life positions within a solar energy business while applying middle school math to solve problems. **Grades 5-8 No Charge**

Possibility of moving workshop exists if there are many schedule conflicts.

- Surveyors to determine how much energy a household uses and can get from the sun.
- Engineers to determine how many solar panels are needed and will fit on the roof.
- Sales people to show the customers that going solar will save them money.
- Bankers to finance the purchase of the systems.
- Customers to consider the option and determine if the numbers work for them.

Back to the Future 10 AM – 1 PM June 29 – July 3

Travel backwards in time and visit interesting eras in American history. Participate in dressing in costumes, play acting, re-enactments, movies, period music and more. The week will conclude with a trip.

Ages 5 and up (Rising Kindergarteners and up) \$150

Legos 10 AM – 1 PM July 6 –10

Combining storytelling, building and creativity, children will use Legos to construct something from their imagination and then craft a story around their creation.

Ages 6 and up (Rising first graders and up) \$150

Puppeteering & Story Telling 10 AM-1 PM July 13-17

In this workshop, children will explore the world of puppets by creating sock, hand and classic puppets and infusing their puppets with character to bring them to life. The workshop will culminate with the children staging puppet shows to showcase their work.

All ages welcome. \$150

Destination Imagination

10 AM – 1 PM July 20 – 24

Students will use technology to create a character and become the character through costumes and dramatic role play. The week will also include a variety of activities to stretch your child's imagination! The week will end with a trip to the Children's Museum in Dover.

Ages 3-6 (Rising EC3-Rising 1st grade)

\$150

Mad Science

July 20 – 24

Rockin' Rockets and Fantastic Flight **ages 7 – 12**

\$255 / \$165

Ocean Adventures

10 AM – 1 PM July 27 – 31

Featuring two field trips, the life in the ocean and on the shore will be explored. One field trip will be to the beach and the other will be to the Seacoast Science Center.

Ages 7 and up (Rising second graders and up)

\$150

Book Club

1:30 -3:00 PM Mondays in July

Children will share the stories of books they read during the summer and try to persuade other participants to read their book. The Book Club will include visits to the library.

Ages 7 and up (Rising second graders and up)

\$150

Garden Club

1:30- 3:00 PM Wednesdays in July

EC3 through first grade will start the plants in the spring and the Garden Club members will plant, tend and harvest the flowers and vegetables throughout the summer. Members will also prepare a meal with the food that they have grown.

All ages are welcome

\$150

Mad Science:

August 3 - 7

Mad Machines and Crazy Contraptions **ages 7 – 12**

\$255 / \$165

Still in the works:

Middle School Math

Designed for the students who would like to strengthen their math skills and deepen their understanding of key concepts. **Grades 6-8 No Charge**

Please contact Amanda Stewart at astewart@stpatssportsmouth.org to register your child for any of the summer programs. Payment is due at the time of registration.
