

Good Afternoon Members,

Here are the latest OSSA news updates. If you have difficulty reading this message it can be viewed at speedskatingontario.org under the [email news archive](#).

- The [Technical Bulletin for the 2010-11 season](#) is now available. Please take the time to read it very carefully, it is IMPERATIVE that coaches, parents and volunteers are aware of the details contained in this bulletin. A summary document will be available shortly.
- The new [Fee schedule](#) for the 2010-11 season has been posted.
- The final [competition calendar](#) has been posted.
- The [first ranking list](#) for the season has been posted.

Notes:

- The ranking list appears in club groupings so that coaches & presidents can check easily.
 - Everyone starts with their best PB from last season with a 0 alongside.
 - If NT is present, it means that the skater did not improve their time in that distance and coaches/presidents did not inform us of their PB in that distance at the end of last season when asked.
 - Skaters with NT or blanks, thus having no total score, will have to skate the first ability meet of the season in order to become active on the ranking list.
 - If you find any discrepancies please contact your coach or club president who can send corrections to OSSA.
- Speed Skating Canada is pleased to provide the Festivals on Ice grant program to Clubs and Branches for the 2010-2011 speed skating season. [Click here for more information and the application](#). Applications are due September 21st.
