

Knights of Lithuania *106th National Convention*

July 25-28, 2019

Host: Council 157 - Lemont, IL

Convention Site: Embassy Suites Lombard

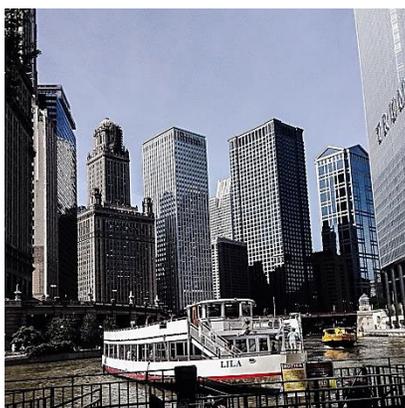

Preconvention Tour Information

Please plan on joining us on Thursday, July 25th, for this year's pre-convention tour. The day begins with a short trip to Chicago's Downtown where we will board our Wendella Cruise Boat for a wonderful morning tour of Chicago's architecture as seen from its waterways. We will cruise along the Chicago River where we'll take in the sights of great buildings along the shoreline. Then we will travel through the locks out to Lake Michigan for a wonderful panoramic view of Chicago's award winning lakefront.

All too soon we'll be back aboard our bus where we'll enjoy a box lunch as we travel to The Morton Arboretum. There we will take a leisurely tram tour of the many beautiful gardens and displays that the Arboretum has to offer. We return to the hotel in the early evening after a memorable day of sightseeing and friendship.

Space on this wonderful tour is limited so please book your place early to insure availability.

Wendella Lake & River Architecture Tour

A Chicago family tradition since 1935, this is the tour that started it all. This unique excursion tells the story of more than 200 years of fascinating social, cultural and political history, and explores more than a century of groundbreaking architecture. The journey begins with an up-close perspective of Chicago's internationally-known architecture as seen from the Chicago River. Then venture through the Chicago Lock on to the calm, cool waters of Lake Michigan for expansive views of Chicago's extraordinary 26-mile skyline. Take the selfie of a lifetime on this inspirational experience!

The Morton Arboretum

The Morton Arboretum pursues its goal to create a greener, healthier, and more beautiful world. We have a rich history leading the charge to champion trees.

At The Morton Arboretum, trees and plants are nurtured and studied. There are gardens, landscapes, and collections that represent species from around the world and here in the Midwest. These healthy examples of trees and plants are just the beginning, the Arboretum is dedicated to education and outreach that share the benefits of trees within all communities.
