

DataCycle Reporting Bundles

Two bundles to meet your needs

DataCycle Reporting is available in two packages, DataCycle Reporting Basic Edition and DataCycle Reporting Enterprise Edition.

DataCycle Reporting Basic Edition

This aggressively priced package is designed for organizations with limited reporting needs or those just starting a reporting initiative. It supports unlimited report recipients, unlimited data sources and unlimited report templates. DataCycle Reporting Basic Edition includes:

- DataCycle Reporting Administrator (1 user license)
- DataCycle Reporting Server (1 server license)
- DataCycle Reporting Basic Training
- 1st Year Maintenance and Support (User Forum & Email)

DataCycle Reporting Enterprise Edition

This package is designed for organizations with more advanced reporting needs. Like Basic Edition, it supports unlimited report recipients, unlimited data sources and unlimited report templates. It also includes Web access to reports. DataCycle Reporting Enterprise Edition includes:

- DataCycle Reporting Administrator (2 user licenses)
- DataCycle Reporting Server (1 server license)
- DataCycle Reporting MyVision Web Portal (1 server license)
- DataCycle Reporting Basic Training
- 1st Year Maintenance and Support (Forum, Email & Phone)
- Option to add additional DataCycle Reporting Servers
