**U. CITY'S, ST. LOUIS', & MISSOURI'S PLACE ON THE GLOBAL MUSIC SCENE**

So far, we have interviewed 20 people on-camera in locations from Portland, Oregon to Portland, Maine and many points in between. We're trying to find the depth of roots of musical talent throughout the 100+ year history of University City. Join us on this journey and find out about all of the people that are still in the area and around the world spreading the love of the arts and music that they grew up with here in the Black and Gold city.
